Alaskan scenery

Coastal Alaska is incredibly beautiful. A vast area of fjords, channels, rivers, glaciers and bays, all of which can be best appreciated from the deck of a ship as she weaves her way through the seemingly endless coastal wilderness. Our voyage aboard the luxurious Le Soleal promises to be a true expedition, an exciting journey of wildlife discovery and spectacular scenery.

Witnessing this vast landscape has a humbling effect on those who journey along its dramatic fjord and coastal scenery, past towering mountains, their foothills covered with never ending spruce forests. Seeing the Alaskan wildlife in its natural habitat is a wonderful experience. Words cannot adequately describe what it feels like to stand on the crest of an age old glacier; see a whale gracefully breach above the sea's surface or watch a grizzly hunt for spawning salmon in the gushing Alaskan rivers.

With Le Soleal, we will follow a flexible course avoiding the lanes frequented by the big resort ships whenever possible and instead navigate narrow fjords and passages. These are perfect waters for expedition cruising as we get close to glaciers, rivers, and for a real close-up experience we will use our Zodiacs to view wildlife such as bird colonies, bears and swooping bald eagles if we are lucky. Our voyage is perfectly timed for wildlife viewing and August is traditionally one of the months of the 'salmon run' which attracts bears to the rivers. The day to day itinerary will be determined by weather and wildlife sightings and for a closer look, Zodiac craft will be used to explore the coastline and to land on isolated spots. You will be able to appreciate the peace and beauty of Alaska, explore in small parties ashore and visit places to which the passengers aboard the big ships will never be taken.

THE ITINERARY

Day 1 London to Vancouver, Canada. Fly by scheduled flight. Arrive this afternoon and transfer to your hotel for an overnight stay.

Day 2 Vancouver. Enjoy a morning at leisure to explore independently. Take a stroll around this charming city and perhaps visit Chinatown, Gastown and Stanley Park. This afternoon meet at the hotel for a transfer to Le Soleal which will be moored in the city. After settling in to your cabin there will be a safety briefing followed by an introduction to your expedition team before enjoying dinner on board as we set sail.

Day 3 Johnstone Strait. Be out on deck very early this morning looking for birdlife, whales and other marine and terrestrial mammals as we cruise the spectacular 110 kilometre Johnstone Strait. The strait is between 2.5 kilometres and 5 kilometres wide and is home to large numbers of orcas during the summer months. The largest member of the dolphin family, orcas (also known as killer whales) can measure nearly ten metres in length and weigh up to six tons. Enjoy a leisurely day on board attending some of the informative lectures about Alaska's varied history, wildlife and nature.

Day 4 Fiordland. Off the beaten path on a waterway far to the east of the usual ship route is one of the newest Canadian Parks, Fiordland. Seldom visited and truly magnificent, this area is packed with wildlife. Humpback whales, wolves, deer, eagles, harbour seals and dolphins are often seen here. We will spend the day cruising the waters on the lookout for wildlife whilst soaking up the stunning scenery.

Day 5 Walker Cove, Misty Fjords, Alaska. This morning we will retrace a portion of Captain George Vancouver's voyage through this region as Le Soleal cruises into Walker Cove, one of the great bays of Misty Fjords National Monument. Part of the Tongass National Forest, which is the largest wilderness area in Alaska's forests and the second largest in the nation, it has been described as an almost untouched coastal ecosystem with outstanding geological features. Gigantic granite domes, forested hills and huge waterfalls are everywhere in this beautiful spot. If we are lucky, we might glimpse the great Alaskan brown bear, a frequent visitor to these streams whilst in the skies we will hopefully see bald eagles circling overhead.

Day 6 Petersburg & Le Conte Glacier. Over breakfast we hope to cruise through the spectacular Wrangell Narrows which run for 22 miles between the islands of Mitkof, Kupreanov and Woewodski. Later this morning we arrive at the village of Petersburg, a commercial fishing harbour. From here we can either take a nature walk looking for bears, deer, eagles and other large birds of the area or discover the plants and flowers. Alternatively learn more about the local fishing industry and lives of the fisherman with a tour of the harbour. Continue this afternoon to Le Conte Glacier, set deep in a steep-sided fjord choked with gigantic icebergs, we will approach it in our Zodiacs, ice conditions permitting. View the massive glacier as it winds its way down from the mighty Stikine Icefield.

Day 7 Tracey Arm & Endicott Arm. A journey along the winding Tracy Arm Fjord leads us some twenty miles through an ethereal wilderness of soaring peaks and high cliffs, crystalline icebergs and tumbling waterfalls to the foot of the twin Sawyer Glaciers. These icy blue glaciers are unrivalled in their majestic beauty. We will explore in Zodiacs with our naturalists; see calving glaciers, often mirrored in the glassy fjord water.

Day 8 Admiralty Island. This morning we arrive at The Brothers, a group of small islands off the southern coast of Admiralty Island. These remote islands are a photographer's paradise. Look out for whales, Steller sea lions and eagles. Sail over lunch to Admiralty Island which boasts one of the densest populations of brown bears in Alaska.

Day 9 Tebenkof Bay & Baranof Island. In Tebenkof Bay we will use our Zodiacs to explore this complex of fertile fjords carved into 65 mile-long Kuiu Island. Marine mammals thrive in Tebenkof, including humpback, minke and orca whales, porpoise, harbour seals, northern sea lions and sea otter. Eagles and other marine birds abound whilst on land there are black bears, timber wolves, Sitka black-tailed deer, river otters, mink, martin, beaver and more. Over lunch we will sail through the Chatham Straits to Baranof Island, a rugged and beautiful island with many coves, bays and inlets featuring towering peaks with alpine glaciers and waterfalls draining its lush rain forests.

Day 10 Point Adolphus & Elfin Cove. At breakfast time we will arrive at Point Adolphus, across

Humpback whale

Otter

from the entrance to Glacier Bay. Here on the exposed rocks we will see groups of Steller sea lions feeding on the salmon. We also hope to observe the congregation of humpback whales who spend their summer feeding in the rich upwelling which occurs here. This afternoon we anchor off the tiny hamlet of Elfin Cove, a remote village on Chichagof Island accessible only by boat or float plane. Upon our arrival, we hope to be joined on board by local resident Mary Jo Lordwild for a presentation on Elfin Cove and life in a boardwalk community. After tendering ashore by Zodiac, you are free to explore this unique and seldom-visited fishing community by strolling along the elevated boardwalk that serves as the town's sidewalk and Main Street. Elfin Cove has something for everyone: photography buffs can try to capture the picturesque setting and colourful fishing boats on film; wildlife enthusiasts may be rewarded by the sight of a sea otter, harbour seal or bald eagle.

Day 11 Hubbard Glacier. Today cruise the St Elias Range, the tallest coastal mountain range in the world. Enter Yakutat Bay to view Hubbard Glacier, at over 75

miles long, the longest tidewater glacier in North America, with a face six miles wide. This is one of the few advancing glaciers, and Le Soleal will manoeuvre a comfortable distance off the face of the glacier and watch for "glacier calving". This evening, if weather permits, we will enter Icy Bay, with Mount St Elias framing an imposing 18,000 feet backdrop, we will see the mighty Malaspina and Guyot Glaciers. With glistening crevasses, serrated ridges and sparkling pinnacles, these glaciers have carved the land formations over the millennia.

Day 12 Kayak Island. This morning we arrive at Kayak Island. Here, Captain Vitus Bering landed in 1741 after crossing the North Pacific from Russia and we hope to visit the cave and plaque that commemorate his visit. Enjoy a leisurely afternoon at sea as we cruise north keeping an eye out for wildlife.

Day 13 Prince William Sound. Waking up to a vision of massive glaciers and icebergs is a reminder of the advantages of small ship cruising. We will manoeuvre our way past the icebergs and coves of Prince William Sound and hope to explore Barry Arm and College fjord. Opportunities for

capturing incredible images with your camera and binoculars are endless as harbour seals and otters bob around in the water and Bald eagles fly overhead.

Day 14 Seward to Anchorage. Disembark after breakfast and transfer to Anchorage. On the way we will visit the Alaskan Wildlife Conservation Centre and enjoy lunch before transferring to our

hotel for an overnight stay. The rest of the day and evening will be at leisure to explore Anchorage independently.

Day 15 Anchorage to London. After breakfast in the hotel we transfer to the airport for our scheduled indirect flight to London.

Day 16 London. Arrive today.

PRE-CRUISE EXTENSIONS

For those wishing to extend their time in Canada, we are offering two optional extensions in conjunction with our cruise. Before embarking Le Soleal join the Rocky Mountaineer, a spectacular train journey through the majestic Rockies, aboard the luxurious GoldLeaf service from Banff to Vancouver or enjoy a three night stay in the vibrant city of Vancouver.

PRE-CRUISE ROCKY MOUNTAINEER EXTENSION

6th to 9th August 2019

THE ITINERARY

Day 1 London to Banff, Canada. Fly by scheduled flight to Calgary and, on arrival, transfer to Banff for an overnight stay at the Rimrock Resort (or similar). The remainder of the evening is free to explore independently.

Day 2 Banff to Kamloops. Transfer this morning to the railway station where we embark the Rocky Mountaineer. Today we travel from the mountain town of Banff to Kamloops, in the heart of British Columbia's interior. The journey takes us through a spectacular array of scenery as we travel between the glacier and snow-capped peaks of the Canadian Rockies, over mountain passes and through remarkable tunnels, along rocky lakeshores and across the ranch lands of the interior. Highlights include the Continental Divide, the Spiral Tunnels, the Kicking Horse Canyon, Rogers Pass and Craigellachie – where the last spike of the Canadian Pacific Railway was driven. Arrive into Kamloops this evening and transfer to our centrally located hotel for an overnight stay.

Day 3 Kamloops to Vancouver. We re-board the train this morning and enjoy breakfast as our journey continues west towards the Pacific Ocean and the coastal city of Vancouver. On today's journey we will again see dramatic changes in scenery, from the desert-like environment of the interior, through winding river canyons and pristine forests, to the coast and Cascade Mountains and the lush green fields of the Fraser River Valley. Highlights include the steep slopes and rock sheds along the Thompson River and the rushing waters of Hell's Gate in the Fraser Canyon. Upon arrival in Vancouver we transfer to the Fairmont Hotel (or similar) and enjoy an evening at leisure.

Day 4 Vancouver. After breakfast in the hotel enjoy a full day to explore Vancouver at your own pace.

Day 5 Vancouver. Continue as per day 2 of the main itinerary.

LE SOLEAL

We are delighted to have chartered Le Soleal for our cruises to the Russian Far East and Alaska in 2019. Launched in 2012, Le Soleal is a luxury expedition ship with 128 staterooms and suites and an onboard fleet of Zodiacs allowing for ease of exploration. This superb vessel offers a subtle blend of sophistication combined with casual comfort creating the feeling of being on a private yacht. After a day of exploration, you can return to personalised comfort and luxurious surroundings as well as high quality cuisine. Whilst cruising, the vessel benefits from spacious deck areas from where you can watch for passing wildlife and appreciate the dramatic scenery. The atmosphere on board is relaxed and informal with the focus on the wonders of the destination you are visiting which, combined with the luxury surroundings, excellent service, superb cuisine and expert expedition team, makes for an expedition of a lifetime.

Your Stateroom/Suite

Staterooms and suites are spread over four decks and include superior staterooms, measuring 21 square metres, deluxe and prestige staterooms which measure

18 square metres, deluxe suites which measure 27 square metres, prestige suites which measure 37 square metres and the owner's suite which measures 45 square metres. With the exception of the superior

staterooms (which feature a picture window), all staterooms and suites feature a private balcony ranging in size from 4 to 8 square metres dependent on cabin category. All staterooms and suites feature en-suite facilities, individually controlled air-conditioning, desk with stationery, minibar, flat screen satellite television, video on demand, DVD player, CD and I-pod players. A security safe, hairdryer, direct dial telephone, internet access with Wi-Fi, bathrobes and French bath products are also provided. In addition, the larger suites have a sitting area.

Your Space

Whether you want to join other guests in the theatre or games area or relax on your own in a quiet corner of the library, Le Soleal has been designed to meet the needs of every guest. There is a large lounge, lecture theatre, a Panoramic Lounge

which leads out onto a terrace, library and internet corner. Outside deck areas are spacious and feature comfortable deck furniture as well as a heated pool and on the top deck you will find the open-air bar. The fitness centre features the latest equipment such as a kinesiology wall and running machines. In the beauty centre you can relax and enjoy a massage as well as other treatments. The cuisine on board is worthy of the finest restaurants where discreet, attentive service is standard. The two single-sitting restaurants welcome you for breakfast, lunch and dinner. The Gastronomic Restaurant is situated on Deck 2 and serves French and international cuisine accompanied by fine wine. At the Grill Restaurant, you have the opportunity to eat outside and enjoy buffet lunch and themed dinners. There is also 24-hour room service available.
