# ALONG THE MIGHTY BRAHMAPUTRA

A river journey through Northern India's Assam region  
aboard the RV Charaidew II

19<sup>th</sup> November to 7<sup>th</sup> December 2025 & 14<sup>th</sup> January to 1<sup>st</sup> February 2026

NOBLE CALEDONIA

Think of Assam and your first thoughts probably involve tea and maybe temples. Certainly it is not noted for its tourism, mostly because of the lack of acceptable accommodation and transportation. This is a great pity, as this state that lies south of Tibet and Bhutan and north of Bangladesh has so much to offer the naturalist, bird watcher or cultural traveller. One of the world's great rivers, the Brahmaputra runs for some 1800 miles from its source in the Tibetan Himalaya to its delta in the Bay of Bengal. Nothing can prepare the traveller for the vastness and emptiness of this great water highway, as myriad channels ply through seemingly endless archipelagos of sand islands. Within striking distance of the river are a number of significant national parks. Among these is the World Heritage Site at Kaziranga, where the world's largest population of one-horned rhino resides.

This unusual journey will appeal to those who wish to witness this extraordinary area, its diverse cultures and marvellous wildlife but who are weary of the more well-trodden paths around the world. The roads may be poor and the tourist infrastructure very much in its infancy, but that is precisely why we find this region so exciting. Now is the time to visit before big business moves in with the resort hotel chains and all other paraphernalia that 21st century tourism entails. For these voyages along the Brahmaputra River we are working with our associates, Assam Bengal Navigation, an Indian/British joint venture based in Guwahati whose directors have a wealth of experience in operating river vessels in India. We have chartered the RV Charaidew II from them and the vessel is specially designed for the navigational conditions on the Brahmaputra.

## The Itinerary

**Day 1 London to Kolkata, India.** Fly by scheduled indirect flight from London to Kolkata.

**Day 2 Kolkata.** Arrive in the morning and transfer to the Oberoi Grand Hotel for a three night stay. After lunch at the hotel, enjoy an afternoon tour of India's second largest city which is regarded as the intellectual, artistic and cultural capital. See the Victoria Memorial and St Paul's Cathedral Church before we meet for dinner at our hotel this evening.

**Day 3 Kolkata.** After breakfast we will take an exclusive ride on India's only operating tram network and the oldest electric tram in Asia that has been running since 1902. We will then make a visit to the South Park Cemetery, the last resting place of many of Kolkata's early British settlers. After lunch in a local restaurant we will take in what is arguably the best view of Kolkata whilst sailing along the River Hooghly by local boat. Return to the hotel before enjoying dinner at a local restaurant.

**Day 4 Kolkata.** This morning we visit the vibrant and colourful flower market and Howrah Bridge before a panoramic drive around Dalhousie Square seeing the Governor's House and St Andrew's Church. Return to the hotel for lunch before spending the afternoon at the Mother House, the former home and last resting place of Mother Theresa. After some free time to relax we meet tonight for dinner in the hotel.

**Day 5 Kolkata to Guwahati.** Return to the airport this morning for our flight to Guwahati. On arrival we transfer to the RV Charaidew II moored at Pandu port. Enjoy lunch while cruising downstream to Sualkuchi. An afternoon walk will take us through Sualkuchi, a bustling little town that is the centre of Assamese silk production and offers a chance to visit weaving workshops. Witness the whole process of silk manufacture, from cocoon and spinning, then dyeing to hand-weaving into exquisite mekhela chadars (a two-piece sari, the traditional attire of an Assamese woman). We then sail up to dock close to the great Saraighat bridge.

**Day 6 Guwahati.** This morning we drive up to Nilachal Hill to see the holy Kamakhya temple. With its tantric rites and animal sacrifice, the more squeamish may prefer to content themselves with the exterior. Also visit the poignant Commonwealth War Graves. Return to the ship and continue sailing before we moor for the night in Kurua on the north bank.

**Day 7 Cruising.** During our morning of cruising we will stop at a bankside

village where we have a chance to meet the villagers. The rest of the day is spent on board as we watch life unfold on the riverbanks and jungle covered hills that rise on either side. This evening we will be treated to a cooking demonstration on board.

**Day 8 Tezpur.** We cruise on to Tezpur, where after lunch we visit the 6th century Da Parbatia temple ruins, with a beautifully carved portal, and explore the town by cycle rickshaw. We will stop at Cole Park with Medieval stone carvings saved from sites all over the region, and aim to pass by the bungalow once lived in by Alexander Bruce, pioneer of the tea industry. Our ship will be waiting at the town's waterfront for us to re-board.

**Day 9 Nameri National Park.** After an early breakfast we drive for some two hours to the Nameri National Park at the foot of the blue hills of Arunachal Pradesh, the old North East Frontier Agency. Here we take a float trip of around two hours duration down the Jia Bhoreli River through the park, with excellent birdwatching (look out for the great hornbills) and perhaps the chance of sighting wild elephant. After lunch we take a village walk before returning to the ship.

**Day 10 Kaziranga.** Continue upstream, passing below a seemingly endless new bridge across the vast width of the river bed, to moor at Steamer Ghat, a lovely beach backed by jungle-covered hills. In the afternoon we drive to Kaziranga's Western Range for a jeep safari and to scan the wilderness from an observation tower. Kaziranga is a World Heritage Site and, with a population of well over 1000 one-horned rhinoceros, it is the best place in the world to see these beasts.

**Day 11 Kaziranga.** Today we will drive to Kaziranga's Central Range for further jeep safaris. We hope to encounter many of Kaziranga's endemic wildlife which includes good populations of wild elephant, sambar, swamp and hog deer, wild pig, plus hundreds of types of birds, flora, fauna and of course, the elusive Bengal tiger.

**Day 12 Vishnath.** This morning we set sail upstream, with Kaziranga National Park on the right bank. At around midday we reach Vishnath, with its Ahom-period Shiva temple. There are other later temples too, and we walk through the town before re-boarding and setting off again, with Kaziranga still on the far bank.

**Day 13 Cruising.** Today is spent on the river and we have a good chance of spotting Gangetic dolphin.

Victoria Memorial, Kolkata

Elephants, Kaziranga National Park.

Colourful Indian Roller, Kaziranga National Park

Shiva temple at Sibesar

Gee's Golden Langur Monkey, Guwahati

**Day 14 Kaziranga.** This morning we land and take a jeep safari in Kaziranga's little-visited Eastern Range, with grasslands much favoured by rhino, where you might spot the rare Bengal florican. Returning to the boat, we continue our cruise upstream.

**Day 15 Cruising.** Another day spent cruising upstream. We will take time to pause and walk through a bank-side village, getting an insight into the life of rural India.

**Day 16 Majuli Island.** Around breakfast time, we should reach Majuli Island, supposedly the world's largest river island, and possessing unique Hindu monasteries famed for their dance-drama performances. The whole island is now shortlisted for future UNESCO World Heritage status. We visit a monastery at Auniati with an eclectic museum and attend a dance performance at Kamalbari Monastery, before cruising across to Neamati Ghat on the opposite bank.

Great Hornbill, Nameri

**Day 17 Sibesar.** We visit a tea estate this morning before driving for about an hour to Sibesar, the one-time capital of the kings of Assam. Shan by origin (Assam and Siam share the same derivation) but converted to Hinduism they ruled Assam for some 700 years until the 1820s. We will see temples with stupa like profiles, and palaces of distinctive form - note the crocodiles and rather erotic caryatids that adorn the roof of the Rang Mahal. For the record book, the temple tank here is believed to be the world's largest hand-excavated reservoir. We return to our vessel which will have cruised up to Dikhou Mukh, close to Sibesar, and spend our last night on board. (Dependent on river conditions the last night may be spent at Neamati, close to Jorhat).

**Day 18 Assam to Kolkata.** Disembark after breakfast for our flight to Kolkata. On arrival we will transfer to our hotel for an overnight stay.

**Day 19 Kolkata to London.** Depart this morning by scheduled indirect flight, arriving into London this evening.
