ASSAM & THE MIGHTY BRAHMAPUTRA

A journey through Northern India's Assam
region aboard the MV Mahabaahu

13th to 25th November 2024; 22nd January to 3rd February,
5th to 17th February & 12th to 24th November 2025

NOBLE CALEDONIA

Assam, the Indian state that lies south of Tibet and Bhutan and north of Bangladesh and the mighty Brahmaputra River which flows through it, offers a plethora of experiences and sights for the naturalist, birdwatcher and cultural traveller. Join us aboard the MV Mahabaahu as we traverse the river in comfort visiting national parks, temples, monasteries, tea plantations and tribal villages. Running for some 1800 miles from its source in the Tibetan Himalaya to its delta in the Bay of Bengal, the river scenery is quite unlike anything you will have witnessed before.

Within striking distance of the river are a number of significant national parks and amongst the many highlights of our river expedition will be the time spent exploring the World Heritage Site at Kaziranga where the world's largest population of one horned rhino resides. In addition to the large numbers of rhino, the region is home to elephants, wild buffaloes and the elusive Bengal tiger. Freshwater dolphins reside in the river and with over four hundred varieties of migratory and domestic birds, this is one of the greatest natural habitats of wildlife outside of Africa with National Geographic referring to the area as the Serengeti of India.

The history, wildlife and tribal culture of this region of India are unique and will be brought to life by our expert local guides. The roads may be poor and the tourist infrastructure very much in its infancy, but that is precisely why we find this region so exciting and this unusual journey is one for those who wish to witness this extraordinary area, its diverse cultures and marvellous wildlife but who are weary of the more well-trodden paths around the world.

Our View

"For our exploration of the Brahmaputra River we have chartered the MV Mahabaahu, whose operators have a long-established presence in Assam and a wealth of local expertise. We have designed the itinerary around a seven night cruise in order to offer the intrepid traveller a true taste of this remarkable region without having to leave home shores for a prolonged period of time. The MV Mahabaahu offers considerable comfort across all five of her decks and her size, facilities and refinement set her apart from many of the cruise ships in this region. When not ashore sightseeing or spotting some of India's finest wildlife you can take a dip in the pool, enjoy a massage treatment or simply enjoy lazing on the top deck whilst watching life unfold on the riverbank."

The Itinerary

Day 1 London to Kolkata, India. Fly by scheduled indirect flight.

Day 2 Kolkata. Arrive in the morning and transfer to the Oberoi Grand Hotel for a three night stay. Following lunch at the hotel, enjoy an afternoon tour of India's second largest city including the Victoria Memorial.

Day 3 Kolkata. After breakfast and a leisurely morning at our luxurious hotel, we take an enjoyable tram ride, a form of transport used in Kolkata since 1902. Following lunch, our afternoon will take in what is arguably one of the best ways to see Kolkata, sailing along the River Hooghly on a private boat. Afterwards we will have some time to explore the local markets before returning to our hotel for dinner.

Day 4 Kolkata. Following breakfast we head out to discover Kolkata's vibrant and colourful flower market and Dalhousie Square before visiting The Mother House, the former home and last resting place of Mother Teresa. After lunch choose to visit St Paul's Cathedral, noted for its stunning Gothic architecture or enjoy the rest of the afternoon at leisure. We will meet for dinner at the hotel this evening.

Day 5 Kolkata to Guwahati. After breakfast in the hotel we transfer to the airport for our morning flight to Guwahati. On arrival drive up Nilachal Hill to see the holy Kamakhya temple, devoted to the Goddess of desire, where we will take blessings. Continue to the MV Mahabaahu and following embarkation and lunch on board we will set sail. Sail by Peacock Island, famous for being one of the smallest river islands in the world and home to the endangered Golden Langur monkey, whilst Gangetic dolphins may be sighted in the river. Enjoy welcome drinks and dinner on board.

Day 6 Cruising the Brahmaputra. Set sail early in the morning for a day navigating the river. You may wish to start your day with some invigorating yoga, or simply sitting in one of the many public areas and enjoying the passing scenery. After breakfast, we will enjoy a talk by one of the vessel's experts before dropping anchor and visiting one of the local villages, learning much about how the nomadic people in this region spend their lives. Maybe join another talk this afternoon as we continue sailing until the early evening when the vessel will moor at a deserted sandbank.

Day 7 Sail to Silghat. After breakfast and a morning talk, we will spend our time enjoying the ship's facilities and the breathtaking scenery before arriving

into Silghat at lunchtime. From our berth we will walk to a nearby jute mill, where ecologically friendly gunny bags are produced using a system of spinning and drawing, manufactured by the most wonderful machines. We will also take in a performance of Bihu, a traditional dance of Assam performed by the villagers. Return to the ship for some time to relax before dinner.

Day 8 Kaziranga National Park. Wake early as we head out to one of the finest examples of conservation and ecology in India, Kaziranga National Park. The sighting of one horned rhino within the park is remarkably common and, during our two safaris, we will be given the very best chance of getting close to all of Kaziranga's endemic wildlife. While the rhinos themselves are reason enough to visit, the park is home to multiple mammals, reptiles and birds including wild elephants, hog deer, crested serpent eagles and of course, the Bengal tiger. Return for lunch on the ship as we spend the afternoon sailing the meandering river. As the sun sets, we will arrive at an uninhabited island where we will have a beach barbeque and bonfire under the stars.

Day 9 Bishwanath Ghat & Kaziranga National Park. Spend the morning at the tiny village of Bishwanath Ghat to meet the weavers, fishermen, farmers and boat makers that reside here. Take the chance to learn about life in the remote community and maybe purchase some of their wares. This afternoon we arrive at the eastern side of Kaziranga National Park and taking the Mahabaahu's two tenders, we will travel along the waterfront of Kaziranga where we will be able to explore its rich and varied wildlife. Having the vessel's tenders will afford us a further perspective of the national park as lizards, otters, birds, and larger mammals, such as rhinos and elephants, congregate along its riverbanks. This evening join a cookery demonstration of some local cuisine by the Mahabaahu's accomplished head chef before dinner on board.

Day 10 Mishing Village. The Mishing people are the second largest tribal group in North East India, with a population of over a million in Assam alone. Today, we will pause by the banks of the river to explore a Mishing village with its characteristic 'Chang Ghar' houses on raised platforms. All Mishing women are expert weavers and during our time we will be provided with a demonstration of the skill used in making typical Assamese dresses and precisely how to don their tribal clothing. On returning to our vessel we will enjoy a traditional Assamese evening on board.

Day 11 Majuli Island. Majuli is the world's largest river island and possesses unique Hindu monasteries famed for their dance-drama performances – the whole island is now shortlisted for future UNESCO World Heritage status.

Tea garden, Brahmaputra River Valley

On today's excursion, we will witness a traditional cultural performance before travelling to Kamalabari monastery to witness Vaishnavite priests carrying out their ritualistic ceremonies. After lunch on board our vessel, we head by jeep to Sibsagar, the one-time capital of the kings of Assam. Shan by origin (Assam and Siam share the same derivation) but converted to Hinduism, they ruled Assam for some 700 years until the 1820s, and their culture and architecture is a strange and delightful amalgam of Indian and South East Asian. We will see temples with stupa-like profiles, and palaces of distinctive form. For the record book, the temple tank here is believed to be the world's largest hand-excavated reservoir. We return to our vessel for a farewell dinner.

Day 12 Assam to Kolkata. Disembark after breakfast for our flight to Kolkata. On arrival transfer to the Oberoi Grand Hotel for an overnight stay.

Day 13 Kolkata to London. Depart this morning by scheduled indirect flight, arriving into London this evening.
