ATLANTIC ISLAND ODYSSEY

AN ISLAND HOPPING EXPEDITION THROUGH THE
SHETLAND, FAROE & HEBRIDEAN ISLANDS
ABOARD THE MS HEBRIDEAN SKY

1ST TO 13TH JUNE 2027

NOBLE CALEDONIA

This expedition cruise is one of our most popular and will appeal to those who prefer their islands deserted, but with abundant bird and wildlife. True, Noble Caledonia can bring you all over the world, visiting all manner of exotic and wonderful places yet it is also true that some of the finest scenery, fascinating history and most endearing people are found close to home and nowhere is this truer than the islands off Scotland's indented coastline which form stepping stones into the Atlantic. During this unique voyage, we will journey along rugged coastlines and visit once inhabited islands venturing far north to the Orkney, Shetland and Faroe Islands combined with our time in the wonderful Hebrides.

We have been operating cruises around the tip of Scotland for many years and this itinerary truly conveys the multiple benefits of small ship cruising. With our fleet of Zodiacs we are able to make calls into some of the remote and uninhabited islands that surround the Scottish coast and cruise close to shorelines and cliffs crowded with birdlife. Few ships make the journey to these outer islands and we are grateful to therefore be able to explore these wonderful places aboard the all-suite MS Hebridean Sky with just 100 or so fellow passengers and our expert expedition team. To combine the small communities of North Ronaldsay, Foula and Unst with uninhabited St Kilda into one itinerary is rare and when combined with the Shetland capital of Lerwick and the small village of Elduvik in the Faroe Islands, such an itinerary allows us to understand the history, witness the wildlife and experience the culture of these remote and beautiful islands.

Callanish Standing Stones

The Itinerary

Day 1 Aberdeen, Scotland. Embark the MS Hebridean Sky this afternoon. Transfers will be provided from Aberdeen Airport and Aberdeen Railway Station at a fixed time. Sail this evening.

Day 2 North Ronaldsay, Orkney Islands. Enjoy a leisurely morning on board as we cruise to the Orkney Islands arriving in the early afternoon at the northernmost isle of North Ronaldsay. The birdlife here is prolific as the wetland habitats support the wildfowl and wader species, whilst the rugged coastline provides nesting sites for seabird colonies. If weather conditions permit, a series of walks will include the bird observatory and we also hope to view the seals hauled up on the beaches. Those wishing to explore further can visit the lighthouse with views over the nearby islands, or the wool mill where yarn is produced from the island's seaweed eating sheep.

Day 3 Foula & Papa Stour, Shetland Islands. This morning we visit Foula, one of Britain's most remote inhabited islands. Apart from a narrow coastal

strip of more fertile croftland, Foula is an expanse of peat and moorland rising steeply to five dramatic peaks. Translated as 'Bird Island' from Old Norse the island is designated as a Special Protection Area for Birds and is home to the world's largest colony of great skuas, known locally as bonxies, which compete fiercely with Arctic skuas for breeding territories. Kittiwakes and Arctic terns return annually to nest whilst the cliffs teem with puffins, shags and fulmars. Over lunch we will sail the short distance to Papa Stour where we will use our Zodiacs to explore the stunning cliff scenery, sea stacks, arches, blowholes and coastal caves which are home to Arctic skua and large numbers of Arctic terns.

Day 4 Lerwick. From the Shetland capital, we have a choice of tours today, maybe visit the remarkable archaeological site of Jarlshof. The site was uncovered by a violent storm in the winter of 1896/7, revealing an extraordinary settlement site embracing at least 5000 years of human history. The site contains a remarkable sequence of stone structures – late Neolithic houses, a Bronze-Age village, an Iron-Age broch and wheelhouses, several Norse longhouses, a Medieval farmstead and the 16th century laird's house. Alternatively, visit Sumburgh Head, the southernmost point of the Shetland mainland. Here the steep cliffs are home to colonies of puffins, fulmars, guillemots and shags with each species occupying different areas of the cliffs. Also see the Sumburgh Head Lighthouse, the oldest in Shetland having been constructed in 1821, whilst from the viewing points we may also spot whales and dolphins in the water. Both tours return to the vessel for lunch followed by an afternoon at leisure to explore this historic port. Perhaps wander through its narrow stone lanes or maybe visit the excellent Shetland Museum, containing artefacts from shipwrecks and the whaling era. Tonight we will enjoy the company of local musicians on board.

Day 5 Unst. We arrive over breakfast at the northern island of Unst. Unst is Britain's most northerly inhabited island and at the Heritage Centre we will learn about the islanders' struggles over the centuries and the industries that have prospered whilst the Unst Boat Haven is dedicated to the history of the island's distinctive wooden boats which descend from Viking craft. We will also visit Saxa Vord with views over Hermaness National Nature Reserve and Muckle Flugga stacks which are home to thousands of gannets and puffins as well as rare Arctic-alpine plants. Spend the afternoon at sea as we cruise towards the Faroe Islands.

Day 6 Runavik & Saksun, Faroe Islands. Our first call in the Faroe Islands is at Runavik which due to its sheltered location in the Skalfjörður has been used as a port since the Vikings. Leaving the port we will drive to the beautiful village of Saksun, an isolated settlement situated beneath steep majestic mountains. We visit Duvugaroár, an old farmhouse, which is now a museum and a traditional Faroese wooden church in Kollafjörður. This afternoon is free

to explore the small town of Runavik. Maybe visit the Forni Historical Museum, the Church of Glyrvár and the boathouse. There will also be the opportunity to join our naturalists for a walk around Lake Toftavatn seeing the rich birdlife, Faroese flora and the statue of the shepherd and his dog.

Day 7 Elduvik. Today we enjoy the benefits of small ship cruising as we make our way to the north of the island of Eysturoy and the small traditional village of Elduvik. Located at the end of a lush valley and surrounded by mountains, the village has a resident population of 12 who will welcome us ashore. Villagers will lead walks around the town including the colourful houses and the church and hear stories of the history, myths and culture of the region. Those feeling active may wish to join a strenuous yet scenic hike along the old village path through the Skoratind hills to neighbouring Oyndarfjörður, enjoying views of the nearby island of Kalsoy and the hills of Funningur.

Day 8 Vágur, Suduroy. Our final call in the Faroes will be at Suduroy, the southernmost island of the group. From the port of Vágur we have a choice of activities. Choose to join an island tour passing the beautiful scenery as we drive between the villages seeing the stunning geology, fjords, tunnels and architecture of the island as well as the southernmost point and the Akraberg lighthouse. In Porkeri we will take the ridge-top road which winds up the mountainside for wonderful views towards the steep cliffs on the west coast, the Beinissvørð promontory to the north and the luscious grass slopes to the east. To locals, this delivers the essence of the Faroe Islands with mountains and fjords, villages and valleys, birds, sheep and nature. Alternatively, those feeling active may wish to join a hike to Hvaanagi, a beautiful, uninhabited place north of Tvøroyri on the east coast of Suduroy. The view is fantastic towards the three islands of Litla Dimun, Stora Dimun and Skuvoy. There are sheep and birds, a valley with a lake and beautiful high mountains. Spend the afternoon at sea as we return to Scotland.

Day 9 Stornoway, Isle of Lewis & Shiant Islands, Scotland. On leaving the island capital of Stornoway, we will head across the island of Lewis to the beautiful west coast. Described as Scotland's Stonehenge, the Callanish Standing Stones date from around 3000 BC. There are a total of 32 stones in a circular and avenue design. The stones stand like a petrified forest on the flat top of a peninsula which reaches out into East Loch Roag. We also visit the Dun Carloway Broch, probably built sometime in the last century BC, it would have served as an occasionally defensible residence for an extended family complete with accommodation for animals at ground floor level. Our next stop is the Gearranan Blackhouse Village, a reconstructed settlement of traditional black houses which were made using dry stone masonry and have thatched roofs, distinctively weighted down with rocks. Visit the small museum, enjoy a display of a typical crofting activity such as weaving and take in the views of

Canna

Unst

Loch Scavaig

this dramatic site on the wild Atlantic coast. This afternoon we will board the Zodiacs for a cruise around the spectacular basalt cliffs of the Shiant Islands, a group of little islands located a few miles off the shores of Lewis. This is an excellent place to spot puffins, razorbills, guillemots, seals and hopefully white-tailed eagles.

Day 10 St Kilda & Stac Lee. We spend the morning at St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds including puffin and fulmars and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of the few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead guided walks on the island. Later, we will cruise past one of the largest gannetries in the world at Stac Lee. The impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannet.

Day 11 Canna & Loch Scavaig. The island of Canna is run as a single farm and bird sanctuary by the National Trust for Scotland and enjoys the best harbour in the Small Isles, a hornshaped haven. The fertile soil and its diversity of habitats mean that the island has an incredibly rich plant life with 248 native flowering plants recorded. During our time on the island we will see Canna House and wander across grassy basalt plateaus to the 600 foot cliffs on the north shore. Over lunch we cross to the lovely Loch Scavaig on the island of Skye. Just beyond is the freshwater Loch Corruisk with its breathtakingly beautiful view over the Cuillins. This is great walking country and our expedition team will run a series of hikes for all interests. For those who prefer a less energetic afternoon our Zodiacs will explore the coast looking out for seals.

Day 12 Staffa & Iona. At first light we arrive at Staffa where the perpendicular rock face features an imposing series of black basalt columns, known as the Colonnade, which has been cut by the sea into cathedralesque caverns, most notably Fingal's Cave. Weather permitting, we will use our Zodiacs to explore closer. We will sail over lunch to Iona which has been occupied for thousands of years and has been a place of pilgrimage and Christian worship for several centuries. It was to this flat, Hebridean island that St Columba fled from Ireland in 563 and established a monastery. Here his followers were responsible for the conversion of much of pagan Scotland and Northern England. No less than 62 Scottish Kings are buried in the Abbey. Visit the

Abbey or perhaps walk along the white sandy beaches or go in search of the corncrake amongst the irises.

Day 13 Oban. Disembark the MS Hebridean Sky after breakfast. Transfers will be provided to Glasgow Central Railway Station and Glasgow Airport at a fixed time.

MS HEBRIDEAN SKY

Alfresco Dining

Owner's Balcony Suite

The Restaurant

The much loved MS Hebridean Sky is one of our two flagships and sister vessel to the MS Island Sky. Both vessels were built in the same shipyard in Italy at similar times and share the same excellent attributes that make them two of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Hebridean Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a sitting area and some have private balconies. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and all suites have outside views with those on the Scott and Shackleton Decks featuring private balconies. Each suite affords considerable comfort with en-suite bathroom featuring vanity unit with sink and walk-in shower, large wardrobes, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, television and a telephone in each suite. Refillable water bottles, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer, assorted Noble Isle toiletries and individually controlled air-conditioning and heating. Soft hues and blended tones enhance the traditional maritime style making the passenger accommodation an inviting and relaxing place to be.

Your Dining

With only one sitting and a maximum of just over 100 passengers, the cuisine on board the MS Hebridean Sky is of a consistent superior quality that befits such a vessel. In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or, outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or the Club. Tea and coffee are also available 24 hours a day. Special diets can be catered for with sufficient notice.

The Library

Superior Suite

The Club

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Byrd Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Mawson Deck which features the main bar. The Club also features a 24-hour tea and coffee station. Towards the aft of the ship on the Mawson Deck is the Library. Well stocked with reference books pertaining to the destinations the vessel is visiting and a selection of essential reads, you will not find yourself short of excellent literature on board. A collection of games and devices to access the internet via the ship's satellite can also be found in the library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (*signal strength varies depending on location and demand*). The main Restaurant, which can seat all guests at one sitting, is located on the Amundsen Deck, and outside there is a rear Lido Deck located on the Scott Deck where meals are served in warm weather under shade. Further to this on the top Shackleton Deck there is an observation area, complete with sun loungers for sunbathing, relaxing with a book or catching up with fellow travellers. The Promenade Deck wraps around the whole ship providing outstanding views. There is also a small beauty salon on board with appointments made on request.

Your Comfort

The MS Hebridean Sky is equipped with the latest safety, navigation and communications equipment along with roll stabilisers to minimise the ship's motion. During your voyage we hope to offer you the opportunity to visit the Captain and Officers on the Bridge to check the vessel's progress by charts and learn more about your journey. On board you will also find a clinic and Doctor and a lift that serves all decks. When at anchor our nimble Zodiacs will ferry you ashore or, on select cruises, enjoy Zodiac cruises getting you closer to the natural world.

Your Life On Board

The atmosphere on board is warm and convivial and more akin to a private yacht or country hotel in which you can learn more about the wonderful destinations you are visiting in the company of like-minded people. There is a high ratio of crew to passengers and our friendly crew of 75 are mainly Filipino and Eastern European and our Captains are experienced mariners. After a day ashore you will return to the comfort and peace of a well-run and exceedingly comfortable ship where peace, high quality of service and attention to detail are the order of the day. A little music in the Lounge or bar after dinner, Guest Speakers and informative port briefings and of course good food, all contribute to make any voyage aboard this wonderful vessel a memorable and joyful experience.

MS HEBRIDEAN SKY DECK PLAN

Shackleton Deck

Scott Deck

Mawson Deck

Byrd Deck

Amundsen Deck

Standard Suites	Corner Suites	Owner's Balcony Suites
Superior Suites	Deluxe Balcony Suites	Hebridean Suite
Premium Suites		

Please note that beds in each suite can be configured as double or twin with the exception of suites 601 and 602 which feature a fixed double bed.

During this voyage you will be visiting out of the way destinations and will be accompanied by an expedition team. Landings and excursions will be made by Zodiac landing craft. This cruise will appeal to the more adventurous and those who enjoy the natural world.
