

AUTUMN IN THE HEART OF THE LAKES

A Celebration of the Nature, Art & Literature of the Lake District
with Guest Speaker David Mitchell

11th to 16th October 2026

NOBLE CALEDONIA

Enjoy a wonderful autumn break based at the Rothay Garden Hotel in Grasmere, the heart of the English Lakes from where we will explore some of the region's finest and most beautiful gardens, Arts and Crafts homes and historic castles. Each of our included guided tours has been specially selected to reflect the rich history, romantic landscapes and cultural life of the region. Autumn is one of the most lovely and peaceful times to visit the Lakes. It is also one of the most spectacular as the leaves in the valleys turn to golden yellows, russet browns and bright oranges. To be there in October when the early morning sun sits above the water is to experience the Lakeland landscape at its very best.

Today the Lakes are undoubtedly one of the most iconic areas of natural beauty and heritage in the British Isles. Designated a UNESCO World Heritage Site in 2017, every day here will be one to treasure. Beginning with the glories of Hutton-in-the-Forest, the family home of Lord Inglewood; the house respected for its beautiful carved interiors, plaster ceilings, long gallery and porcelain collections contrasts magnificently with a joyous contemporary walled garden and long-established arboretum, which should be resplendent with autumnal tints. Also discover Rydal Mount, the favourite and final home of William Wordsworth, complete with its simple but charming garden and collections containing many special family items will provide a deeper insight into the famous poet and his private life.

No Lake District tour would be complete without a visit to Hill Top, the former home of Beatrix Potter and we will also spend time at Dalemain Mansion and Gardens which is surrounded by rugged Cumbrian Fells, rolling parkland and the ever enchanting Ullswater Lake encapsulating the best of the Lake District. The RHS Award Winning plantsman's garden here has been tended by the family for generations and is well known for its Heritage collection of Apple Trees. Inside the house, you will find a nationally important collection of furniture, ceramics and art including work by Robert Gillow and Thomas Chippendale; there is also one of the earliest examples of hand-painted Chinese wallpaper from the mid-18th century.

Our tour will also include a voyage across Coniston Water, on the restored Steam Yacht 'Gondola' to reach Brantwood House and Garden. The former home of the Victorian polymath, writer and art critic John Ruskin, it holds rich literary and art collections, and the unique garden is famed for its plant collections, autumnal hues and magnificent views over Coniston Water. Blackwell House, designed by the architect M. H. Bailey Scott is a gem reflective of the principles and skill of the Arts and Crafts movement. Set in a garden designed by Thomas Mawson it is a joy to behold, with its calm gentle interiors each filled with light, immaculate furniture and subtle artistic touches.

At Levens Hall, we will enjoy a tour of the house to marvel at the glorious oak panelling, ornate plasterwork and collections of furniture, clocks, and paintings; some of which date back to the 16th century. The gardens, which feature the world's oldest topiary and a fine plant collection, will also provide a grand opportunity for a stroll and time to reflect.

Our final destination is Sizergh Castle, in the care of the Strickland family for over 700 years it has some of the finest panelled rooms and sumptuous interiors in England, home to magnificent collections of ceramics and furniture including examples by Gillows of Lancaster, glassware, paintings, sculpture and tapestries. Here you will also have time to explore the landscaped grounds including the rock garden where hopefully the autumn colours will be at their best.
