GREENLAND & BEYOND

AN EXPEDITION ALONG THE
WESTERN COAST OF GREENLAND,
NEWFOUNDLAND & NOVA SCOTIA
ABOARD THE HANSEATIC INSPIRATION

3RD TO 20TH SEPTEMBER 2026

NOBLE CALEDONIA

Here is a wonderful expedition aboard a vessel on which you can be assured of excellent service, food and sumptuous surroundings. For this unique voyage we are delighted to be working with our associates at Hapag-Lloyd Cruises who have made some cabins available to us aboard their five-star vessel, the Hanseatic Inspiration. This unusual itinerary combines the great towering cliffs, walls of glacial ice, winding fjords, vast ice sheets and flowing glaciers of western and southern Greenland with highlights along the Canadian east coast with its diverse wildlife, history and rich Inuit culture.

We begin our journey in coastal Greenland, one of the last great wilderness areas where man has made little difference to the landscape and tourists are still a rarity. It is a marvel to behold; for most visitors their first encounter with Greenland is a humbling experience as they witness nature in the raw and look out across a magnificent Arctic world. Imposing icebergs drifting through Disko Bay will leave you speechless, as will the contrasts of flourishing tundra and mighty mountain ranges. The expedition continues across the Labrador Sea to Canada where we call into Newfoundland where from the historic capital of St John's there will be options to explore this wild and rugged isle including a coastal hike on the East Coast Trail. Next you can enjoy the French way of life in Saint-Pierre and Miquelon, a remnant of the former colony of New France before arriving into green Canada where a highlight for many will be the circumnavigation of Cape Breton Island. Here there will be the opportunity to explore the Cape Breton Highlands National Park or the beautiful Bras d'Or Lake before sailing to Halifax.

This expedition promises to be a unique experience featuring coastlines steeped in history set against stunning landscapes of natural wonders. Good use will be made of the fleet of Zodiacs to navigate small bays and land in otherwise inaccessible places whilst hopefully encountering fascinating wildlife including eagles and whales. There will be a range of optional excursions on offer as well as ample time to relax on board while cruising when you can pass the time on deck looking for wildlife, attend the series of lectures by members of the expedition team or simply enjoy the onboard facilities. This is a wonderful opportunity to experience spectacular natural scenery in a world far away from the stresses of modern life.

Exploring by Zodiac

Signal Hill, St John's

Bras d'Or Lake, Cape Breton

Humpback Whale, Disko Bay

The Itinerary

Day 1 London to Germany. Fly by scheduled flight. Arrive this afternoon and transfer to a hotel for an overnight stay. Please note that the departure airport for the charter flight to Greenland will be confirmed closer to departure.

Day 2 Germany to Kangerlussuaq, Greenland. After breakfast in the hotel transfer to the airport for our specially chartered flight to Kangerlussuaq. On arrival transfer to the Hanseatic Inspiration and embark. Sail this evening.

Days 3 to 7 Western coast of Greenland (Sisimiut, Ilulissat, Disko Bay, Qeqertarsuaq, Fjords of Greenland). Gleaming ice, deep fjords and majestic glaciers await as we explore Greenland's west coast. We will first visit Sisimiut, capital of the Qeqqata municipality. Follow in the footsteps of the Saqqaq culture and visit the old town which resembles a museum village. From Ilulissat, a hike with the onboard experts will take you to the famous Illusiat Icefjord, a UNESCO World Heritage Site where glistening ice formations gather. This will set the tone for an even more moving scene in Disko Bay where glittering sculptures drift slowly through the water. You will be able to witness these wonders from on board the Hanseatic Inspiration and during a Zodiac excursion. Our exploration next takes us to Qeqertarsuaq on Disko Island where the octagonal church, popularly called 'Vor Herres Blaekhus' (Our Lord's Ink Well), and the Qeqertarsuaq Museum provide insights into the history of this former whaling centre. We then continue south where further wonders await in the fjords of Greenland. Here too, you will be able to witness the impressive views of the vast landscape from the ship's Zodiacs.

Days 8 & 9 Southern Coast of Greenland (Qassarsuk & Unartoq). Qassarsuk has an interesting history as this is where Erik the Red founded Greenland's first Viking settlement in 985. In Unartoq, you can round off your Greenland experience by bathing in the hot springs as you watch the icebergs drift by.

Days 10 & 11 At Sea. Enjoy two leisurely days at sea. Join some of the lectures and enjoy the facilities on board.

Day 12 St John's, Newfoundland, Canada. Newfoundland is an open book of eventful history, ranging from the indigenous people and the

Vikings to European explorers. Newfoundland's capital, St John's, is not far from Cape Spear, the country's most easterly point and home to one of North America's oldest lighthouses. The city is known for its colourful terraced houses and rich history as well as a unique culture characterised by its Irish, English and Indigenous heritage. One of Newfoundland's most famous landmarks is Signal Hill, a designated National Historic Site located on the north side of St John's which offers spectacular views of the harbour. Several optional excursions will be available today, including a scenic hike along the East Coast Trail where the breathtaking coastal landscape can be discovered. The hiking trail descends around 250 metres to the sea offering pure wilderness.

Day 13 Saint Pierre and Miquelon, France. The self-governing French overseas territory of Saint Pierre and Miquelon is an archipelago of eight islands off the coast of Newfoundland and is a vestige of the once-vast territory of New France. With its history of smuggling, particularly during Prohibition in the USA, and its long fishing tradition, you will gain a fascinating insight into a piece of French culture in North America. Today, Saint Pierre and Miquelon is best known for its picturesque coastal villages and breathtaking scenery.

Days 14 to 16 Cape Breton Island, Canada. This jewel in the Nova Scotia region of Canada awaits you with its abundance of natural beauty. A choice of optional excursions will be available during our visit. Explore the Cape Breton Highlands National Park with its 950 square kilometres of rugged wilderness which make it one of Nova Scotia's most enchanting places, or the picturesque Bras d'Or Lake. With stops in the towns of Louisbourg and Baddeck, you will circumnavigate the island and our visit will conclude with a trip through the Strait of Canso, the channel of water between Cape Breton Island and mainland of Nova Scotia. As we make this passage, enjoy spectacular views of the surrounding landscape from the main open deck areas of the Hanseatic Inspiration.

Day 17 Halifax to London. Disembark this morning and transfer to the airport for our indirect return flight to London.

Day 18 London. Arrive this morning.

Saint Pierre and Miquelon

St John's

HANSEATIC INSPIRATION

Operated by our German associates, Hapag-Lloyd Cruises, the Hanseatic Inspiration is a five-star expedition ship launched in October 2019. With a maximum of just 230 passengers (199 passengers in Antarctica), this unique vessel offers an informal and relaxed atmosphere on board with more open deck space than any other expedition ship. There is a qualified expedition team of naturalists who will accompany you ashore and provide informative talks in the comfort of the well-designed HanseAtrium, and a crew of 175 offering the most exquisite and attentive service on board.

Your Cabin/Suite

There are a total of 120 cabins and suites. All cabins/suites feature a comfortable sleeping area with separable beds, a heated wall in the bathroom, a rain shower, TV, a coffee machine and a mini bar with soft drinks refilled daily. They are also equipped with binoculars and Nordic walking poles and 24-hour cabin service is available. The Outside Cabins, Panoramic Cabins and French Balcony Cabins all measure between 21 to 23 square metres and the Balcony Cabins measure 27 square metres including the balcony. The Junior Suites are approximately 42 square metres including the balcony and offer panoramic views, a comfortable living and sleeping area and a separate dining area. They also benefit from the addition of a bathroom with two sinks, a steam sauna and butler service. The Grand Suites are approximately 71 square metres including a private veranda with space heaters. They feature a sleeping area with panoramic views and a comfortable living area as well as a separate dining area. Additional facilities include a bathroom with two sinks, free standing bath, rain shower, steam sauna, balcony access and butler service.

Your Space

The vessel has three spacious restaurants, two bars, a library, Sun Deck with swimming pool and pool bar, fitness room, hair salon and a small boutique. Whilst relaxing on deck and watching for passing wildlife, the excellent service team offer little touches like exotic fruit skewers and cooling cloth towels. There is also a hospital on the lower deck and it is in the HanseAtrium that the expedition team will hold lectures and briefings. The vessel has been designed taking inspiration from nature to reflect the expeditionary theme of the voyages and to provide interplay between the interiors and the world outside. Exciting vistas are guaranteed in the Observation Lounge thanks to the 180-degree panoramic view which can be enjoyed while relaxing with an aperitif at the bar and listening to the music. Another design highlight are the two extendable glass balconies on the Sun Deck from which passing wildlife can be viewed on the ocean surfaces. Guests will have the opportunity to visit the bridge whenever the local regulations and conditions allow, by prior arrangement with the officer on duty.

Your Dining

Highly trained chefs will surprise you every day with their skill and attention to detail. Diverse and classic delicacies will be available at every meal, whether you are enjoying a quick breakfast or a relaxed evening meal. There is a choice of three spacious open-seating restaurants including the Hanseatic Restaurant with its relaxed atmosphere, the Lido Restaurant offering both indoor and outdoor seating, and the Speciality Restaurant where you will be taken on a culinary voyage of discovery with Japanese and Peruvian creations. The Hanseatic Restaurant and Speciality Restaurant are à la carte whereas the Lido Restaurant offers a buffet-style service. Spend your days and evenings however you wish thanks to flexible mealtimes, a free choice of seating and attentive 24-hour cabin service.

Life On Board

With your every need attended to, there is nothing to do but relax and enjoy the experience aboard the Hanseatic Inspiration. After a Zodiac excursion, you will be welcomed back on board with hot drinks and snacks, drinks will be handed to you as you stand on deck viewing magnificent icebergs and the crew will think of everything and enhance your cruise in every way possible. Highly qualified, knowledgeable experts will accompany you throughout the cruise; discovering unknown territory and seeing amazing wildlife will be a lot more rewarding with an expert by your side. Whether a naturalist or ornithologist, their passion and enthusiasm will be conveyed through talks on board and during excursions. The onboard fleet of 17 Zodiac landing craft enables guests to reach every spectacular sight, no matter how remote and, due to their manoeuvrability, these inflatable craft allow us to truly immerse ourselves in nature.

For your Comfort, Safety & Security

During construction of the Hanseatic Inspiration, the focus was on making her suitable for all ice conditions and she has been fitted with cutting-edge equipment and environmental technology. The vessel holds the highest ice class for a passenger ship – PC 6, and with a shallow draught, powerful engine and robust propellers, this is a sturdy ship with excellent manoeuvrability. All of these features allow access to remote islands and coastlines and make for one of the finest expedition vessels.

During this voyage you will be visiting out of the way destinations and will be accompanied by an expedition team. Landings and excursions will be made by Zodiac landing craft. This cruise will appeal to the more adventurous and those who enjoy the natural world.
