

NOBLE CALEDONIA EXCLUSIVE CHARTER – SAVE £300 PER PERSON

HISTORY & GARDENS OF THE MEDITERRANEAN

A voyage from Nice to Valletta aboard the luxurious **World Explorer**
with Guest Speakers **Dr Alan Borg & Caroline Holmes**

3rd to 15th May 2020

NOBLE CALEDONIA

Join us for this relaxing and informative voyage as we explore the Mediterranean and all its wonders. We have chartered the World Explorer, a perfect vessel for this journey of discovery as we cruise to some of the most culturally fascinating and scenically beautiful places in France and Italy. The combined effect of the natural beauty of the coasts and islands along with the stunning gardens, intriguing history and magnificent architecture of the towns and cities makes this journey unforgettable and a very different experience to that which can be undertaken aboard the larger cruise liners in the region.

We have chosen the perfect time of year for our voyage and can expect verdant gardens and landscapes awash with blossoms, moderate temperatures with the absence of high season crowds. Our itinerary has been planned to ensure the balance is just right between exploring ashore, relaxing on board and with some time at leisure in some picturesque ports for individual exploration. We will sail from the French Riviera to Malta with calls in northern and southern Italy as well as the islands of Corsica, Elba and Lipari before we spend the two final full days in Sicily before sailing across to Malta.

On most days during our voyage there will be a choice of included tours which you can choose from depending on your interest or perhaps based upon where you have visited before. Whilst in Menton there will be a choice of a garden focused tour or a visit to Monaco; during our time in Tuscany you may choose to visit Florence or Lucca; when in Naples, explore the island of Ischia or the magnificent ruins of Herculaneum and from Anzio you can choose to visit the beautiful villas of Tivoli or alternatively explore Rome independently.

With just 150 or so like-minded travellers and an expert team on board, together with informative local guides, by the end of the voyage you will have seen and learnt so much. All this will be achieved with great ease from the comfort of the newly built World Explorer which has the advantage of allowing us to moor centrally in places such as delightful Syracuse and access to many ports which the big ships simply cannot including Lipari in the Aeolian Islands, L'Île Rouse for our exploration of Calvi on the island of Corsica and the glorious town of Menton on the French Riviera.

GUEST SPEAKERS

We will be joined on board by two expert Guest Speakers who will add much to our enjoyment and knowledge of the region through their onboard lectures which will be held in the theatre.

Dr Alan Borg

Alan began his career teaching history of art at Indiana and Princeton Universities. Returning to Britain in 1970, he became Assistant Keeper in the Royal Armouries in the Tower of London. In 1982 he became Director General of the Imperial War Museum, where he was responsible for the complete refurbishment

and reinterpretation of the Museum, the opening of the Cabinet War Rooms, the preservation of HMS Belfast and the development of Duxford Airfield as a major aviation museum. Appointed Director of the V&A in 1996, he undertook the redisplay of the entire sequence of British Galleries. He retired in 2001 and is currently Vice President of the Foundling Museum, and Librarian of the Priory of England and the Islands, the Venerable Order of St John. Awarded the CBE in 1991, he is also a Knight of the Order of St John. His publications include books on Romanesque art, the history of Arms and Armour, War Memorials and A History of Vauxhall Gardens.

Caroline Holmes

Caroline Holmes is a garden historian of ancient, modern and contemporary landscapes who delves into the people and plants that are integral to their story. She is an international lecturer, Course Director for University of Cambridge ISP and also leads groups through sites and gardens especially

in France. Caroline broadcasts on BBC Radio 4 and is the author of 11 books including *Water Lilies* and *Bory Latour-Marliac, the genius behind Monet's water lilies*, *RHS Herbs for the Gourmet Gardener*, *Impressionists in their Gardens*, *Follies of Europe – architectural extravaganzas* and *Monet at Giverny*. As a consultant designer she devised the planting and guide notes for *The Poison Garden* in The Alnwick Garden, Northumberland, as well as creating a Humanist Renaissance voyage through gardens that encircle the church of Notre-Dame-de-Calais. The latter have been nominated for *jardin remarquable* status and are open to the public.

THE ITINERARY

Day 1 London to Nice, France.

Fly by scheduled flight. On arrival transfer to the World Explorer. Enjoy welcome drinks and dinner as we moor overnight.

Day 2 Nice. This morning we drive to Saint Jean Cap Ferrat for our visit to Villa Ephrussi de Rothschild. Built in 1900 in Italian palazzo style and surrounded by magnificent gardens, the villa houses a magnificent collection of works including tapestries, furniture, candelabras, terracottas, porcelains and Chinese vases. Alternatively there will also be an excursion to the quaint village of Eze which is perched on a rocky peak overlooking the Mediterranean. We will have some time to wander the cobblestone streets before returning to the ship for lunch. Spend the afternoon at leisure to explore Nice independently. This evening we sail the short distance for an overnight mooring in Menton.

Day 3 Menton. Spend the morning at the Val Rahmeh Botanical Gardens. Established in the late 19th century by Lord Radcliffe the garden contains subtropical and tropical plants which thrive in the unique microclimate between the mountains and the sea which the garden benefits from. We

continue to the Serre de La Madone, designed in the 1920s by Lawrence Johnston. Spread over nine hectares the garden is divided into compartments by hedges and walls and includes plants sourced from his travels around the world. Alternatively there will be the option to spend the morning in Monaco, the epitome of Riviera chic where our visit will include Monaco Old Town and Monte Carlo. After lunch on board enjoy a leisurely afternoon on board or explore ashore independently.

Day 4 L'Île-Rousse, Corsica. This morning we arrive in L'Île-Rousse from where we will explore Calvi, the capital of the prosperous Balagne region of the island of Corsica. A guided tour will lead us through the alleyways and cobbled streets before continuing to the imposing citadel. Built by the Genoese, the 15th century structure has seen off several assaults through the centuries and offers wonderful views from its five bastions. We will also see the Caserne Sampiero and 13th century Cathedral St Jean Baptiste. After lunch on board there will be an opportunity to explore the flora of Corsica with a visit to the seven hectare Parc de Saleccia where you can explore the range of paths through the

Villa d'Este fountain and garden , Tivoli

Florence

La Mortella

Eze

Portoferraio

gardens and see the tough plants of the maquis, pines, myrtles and over 100 varieties of olive trees.

Day 5 Livorno, Italy. Today we will discover Florence on a full day tour from our berth in Livorno. The city of Florence is a vast monument to the Renaissance, where writers like Dante and Machiavelli and artists such as Botticelli, Michelangelo and Donatello made the city into one of the world's greatest treasures. Alternatively you may wish to discover charming Lucca, one of the most picturesque towns in Tuscany. The present town has evolved since Etruscan and Roman times: the oval Piazza Anfiteatro stands on the site of the original Roman amphitheatre, the structure of which has been incorporated into Medieval buildings. A third option for today will be the opportunity to spend some time in the Tuscan countryside, where we will visit a beautiful villa and its gardens.

Day 6 Portoferraio, Elba. The enchanting island of Elba is best known as Napoleon's island of exile from 1814 to 1815. Departing from the island's busy capital Portoferraio, we will set out for a delightful drive exploring the southern region of the island with superb views over the coastline. Visit Villa San Martino which was the summer residence of Napoleon Bonaparte and has

been transformed into a museum. Later enjoy some time at leisure in Porto Azzurro to browse around and shop among the many local boutiques of this delightful town which is dominated by an ancient Spanish fortress and a picturesque harbour. Our drive continues along the coast to a 17th century country wine farm, which is beautifully nestled in a vineyard estate surrounded by olive trees. Experience the estate's interesting cellar to learn how the wine is handled and produced and enjoy a delicious sampling of the local product. Return to the ship for lunch and enjoy an afternoon at leisure in Portoferraio.

Day 7 Tivoli, Italy. Today, from the port of Anzio we visit Villa d'Este, a masterpiece of the Italian Garden. With its impressive concentration of fountains, nymphs, grottoes, plays of water and music, it constitutes a much-copied model for European gardens in the mannerist and Baroque styles. The imposing constructions and the series of terraces above terraces bring to mind the hanging gardens of Babylon, one of the Wonders of the Ancient World. After lunch at a local restaurant we continue on to Villa Adriana, an exceptional complex of classical building created in the 2nd century AD by the Roman Emperor Hadrian. It combines the best elements of the architectural heritage of Egypt, Greece and

Rome in the form of an 'ideal city'. Alternatively, if you would rather take the opportunity to explore Rome independently we will be providing a return transfer to the city and back from the vessel.

Day 8 Naples. There will be a choice of excursions today and you may choose to take the ferry and spend the day on the garden island of Ischia where our guided tour will focus on La Mortella, a wonderful garden designed by architect Russell Page for Lord and Lady William Walton. We will enjoy lunch and some free time to explore the main town. Alternatively enjoy a day in Naples where a morning tour will take us to Herculaneum. Smaller than Pompeii but in many ways better preserved, the town befell the same fate as its neighbour on the other side of the volcano. Herculaneum was largely a residential town, and you will be able to see noble mansions and more modest town houses, together with the public baths and their frescoes. Return to the ship for lunch and enjoy an afternoon at leisure in Naples before we sail to Amalfi.

Day 9 Amalfi. From our anchorage off Amalfi we will go ashore this morning to visit the nearby beautiful gardens of the Villa Cimbrone in Ravello. The villa was something of a Bohemian retreat in its early days and has

had many illustrious former guests. Transformed in the early 20th century by Lord Grimthorpe and Vita Sackville-West it is an essentially English style garden with amazing views of the Amalfi Coast. Return to Amalfi and enjoy an afternoon at leisure.

Day 10 Lipari, Aeolian Islands. Arriving over lunch we will spend the afternoon at the picturesque island of Lipari situated in the Aeolian Islands off the north coast of Sicily. Here we will find an amazing collection of ruins from the prehistoric through to the Roman period. Lipari town is a thriving little place prettily located between two harbours. Our morning guided tour will include a visit to the upper town set within fortress walls and a visit to the Archaeological Museum with its impressive relics from nearby excavations.

Day 11 Giardini Naxos for Taormina or Mount Etna. Today you can choose to visit Taormina, a walled town lying in the shadow of Mount Etna, Europe's highest volcano. The town has been a popular tourist destination since the 19th century and our guided tour will include time exploring the characteristic alleys, the 15th century Palazzo Corvaja and the impressive Greek Theatre from where there are marvellous views over the town and coast. Alternatively take a trip up the

Greek theatre overlooking Mount Etna

slopes of Mount Etna, Europe's highest volcano, passing bare lava fields to reach the Silvestri crater. This evening we sail the short distance to Syracuse where we will moor overnight.

Day 12 Syracuse. Founded by the Greeks in 734 BC, by the 5th century Syracuse was a political and military power throughout the Mediterranean and rivalled Athens as the largest and most beautiful city in the Greek world. We have a choice of tours today, either visit the Neapolis Archeological Park where we find a well preserved Greek theatre with seats carved of limestone. Continue to explore the island of Ortigia and the Temple of Apollo, considered to be Sicily's most ancient Doric temple. Alternatively explore Noto, a striking town built upon a series of terraces connected by massive

steps. Its magnificent Baroque architecture has earned it a place on the UNESCO World Heritage list. A final option today will be to enjoy a visit to the gardens of Marquess of San Giuliano where you can see the Mediterranean, Arabian and tropical gardens which owe much to the head gardener, Rachel Lamb.

Day 13 Valletta, Malta to London. Disembark this morning and transfer to the airport for our scheduled flight to London.

SHIP TO SHORE

Please note that during this voyage we will be at anchor in the following ports and will use the vessel's Zodiacs and/or local boats to tender ashore: Menton, L'Île Rousse, Anzio, Amalfi, Lipari & Giardini Naxos.

Your Dining

The restaurant on Deck 4 can accommodate all guests in a single sitting and with an open

seating policy on board you can dine with whom you choose. The excellent kitchen crew will prepare sumptuous meals of varied international cuisine with buffets in the mornings and at lunchtime. For more variety, you can choose light meals at lunchtime from the changing menu in the Lido Café. In the evening, dinner is served at your table. The international cuisine on board will surprise you with many culinary highlights. House wine, beer and soft drinks are served with lunch and dinner.

Life Onboard

The atmosphere aboard the World Explorer is informal and akin to being aboard a luxurious private yacht. The independence and space of each guest has been considered in the design of the vessel and you will therefore always be able to find plenty of places to relax in solitude, as well as areas for social gatherings and to meet fellow guests. The highly experienced crew will make you feel welcome with their warm, professional and attentive service and will delight in serving to

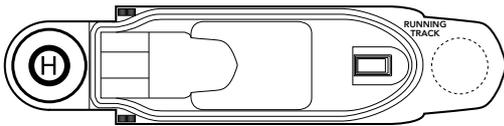

your onboard needs. Return from the day's excursion and unwind in the comfort of the spacious public areas or in your cabin with its generous window views. You will be travelling with an experienced onboard team and engaging specialists, providing informative talks to complement the knowledgeable local guides that will accompany you on the included shore excursions. When building the World Explorer much was invested in the most modern engine technology available which has resulted in a diesel-electric hybrid drive. When in calm waters, the vessel will glide along solely powered by the electricity, virtually noiseless and emission free.

Please note that at the time of print, the World Explorer is still under construction so all the images are computer animated representations. The ship's architects have provided an impression of the colour and material combinations as realistic as possible for the illustrations.
