ISLAND HOPPING IN THE HEBRIDES

A WEEK-LONG EXPEDITION IN THE HEBRIDES
ABOARD THE MS ISLAND SKY

8TH TO 15TH JUNE 2025

NOBLE CALEDONIA

If ever an archipelago was made for expedition cruising it is the islands off Scotland's west coast. You can travel the world visiting all manner of exotic and wonderful places, however some of the finest scenery, fascinating history and most endearing people may be found close to home. Nowhere is that truer than around Scotland's magnificent coastline, an indented landscape of enormous natural splendour with offshore islands forming stepping stones into the Atlantic.

One of Europe's last remaining wilderness areas affords the traveller a marvellous island hopping journey through stunning scenery accompanied by spectacular sunsets and prolific wildlife. Over the course of a week, with our naturalists and local guides we will explore the isles, and with our nimble Zodiac craft be able to reach some of the most remote and untouched places. There is no better way to explore this endlessly fascinating and beautiful region that will cast its spell on you than by small ship. In the northern summer there is a stillness and an almost wistful feeling in the air and this is the time when the enchanted visitor will be moved and seduced by the majesty of the islands, lochs and seascapes.

With just 100 or so fellow travelling companions, the atmosphere on board the MS Island Sky is more akin to a private yacht trip and when exploring ashore we will divide into small groups thereby enjoying a more comprehensive and peaceful experience. Learn something of the island's history, see their abundant bird and marine life, but above all revel in the timeless enchantment that these islands exude to all those who appreciate the natural world.

The Itinerary

Day 1 Oban, Scotland. Embark the MS Island Sky this afternoon. Transfers will be provided from Glasgow International Airport and Glasgow Central Railway station at a fixed time. Enjoy welcome drinks and dinner this evening as we sail.

Day 2 Staffa & Iona, Inner Hebrides. Awake this morning at Staffa, the south side where the perpendicular rock face features an imposing series of black basalt columns, known as the Colonnade, which has been cut by the sea into cathedralesque caverns, most notably Fingal's Cave. Weather permitting, we will use our Zodiacs to explore closer. Later this morning we sail to Iona which has been occupied for thousands of years and has been a place of pilgrimage and Christian worship for several centuries. It was to this flat, Hebridean island that St Columba fled from Ireland in 563 and established a monastery. Here his followers were responsible for the conversion of much of pagan Scotland and Northern England. No less than 62 Scottish Kings are buried in the Abbey. Visit the Abbey or perhaps walk along the white sandy beaches or go in search of the corncrake amongst the irises.

Day 3 St Kilda & Stac Lee, Outer Hebrides. Arrive over breakfast at St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the

Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds including puffin and fulmars, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of only a few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead a number of guided walks on the island. This afternoon we will cruise past two of the largest gannetries in the world at Stac Lee and Stac an Armin. These impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannets.

Day 4 Shiant Islands & Isle of Lewis. This morning we will board the Zodiacs for a cruise around the spectacular basalt cliffs of the Shiant Islands, a group of little islands located a few miles off the shores of Lewis. This is an excellent place to spot puffins, razorbills, guillemots, seals and hopefully white-tailed eagles. Later we arrive on the Isle of Lewis. On leaving the island capital of Stornoway, we will head across the island to the beautiful west coast. Described as Scotland's Stonehenge,

the Callanish Standing Stones date from around 3000 BC. There are a total of 32 stones in a circular and avenue design. The stones stand like a petrified forest on the flat top of a peninsula which reaches out into East Loch Roag. We also visit the Dun Carloway Pictish Broch, probably built sometime in the last century BC, it would have served as an occasionally defensible residence for an extended family complete with accommodation for animals at ground floor level. Our final stop is the Garrannan Blackhouse Village, a reconstructed settlement of traditional black houses which were made using dry stone masonry and have thatched roofs, distinctively weighted down with rocks. Visit the small museum, enjoy a display of a typical crofting activity such as weaving and take in the views of this dramatic site on the wild Atlantic coast.

Day 5 Canna & Isle of Skye, Inner Hebrides. Strategically placed between the mountains of Rum and the Outer Hebrides, the island of Canna and its adjoining neighbour Sanday are bound together like some rare text that reveals over 60 million years of Hebridean geology and history. They have an amazingly rich archaeological landscape with remains dating to all periods of settled occupation in Scotland. Canna is run as a single farm and bird sanctuary by the National Trust for Scotland and enjoys the best harbour in the Small Isles, a horn-shaped haven. The fertile soil and its diversity of habitats mean that the island has an incredibly rich plant life with 248 native flowering plants recorded. We will see Canna House and wander across grassy basalt plateaus to the 600 foot cliffs on the north shore. Over lunch we sail to the Isle of Skye and from our anchorage in Loch Harport we make our way to the MacLeod stronghold of Dunvegan Castle. Remarkably, the castle has been almost continuously occupied by the MacLeods for nearly eight centuries. Discover the castle, a fascinating place that contains work from at least ten building periods, before we explore the gardens, following paths through woodland glades past pools and burns fed by a waterfall. The formal gardens were laid out in the 18th century and make a wonderful contrast to the moorland hills and sea. We will also keep a look out for the seal colony on the adjoining rocks. Alternatively, spend the afternoon at leisure in the town of Carbost or make a visit to the Talisker whisky distillery.

Day 6 Loch Scavaig & Inverie. We have the morning at the lovely Loch Scavaig. Just beyond is the freshwater Loch Corruisk with its breathtakingly beautiful view over the Cuillins. This is great walking country, but for those who prefer a less energetic morning our Zodiacs will explore the coast looking out for seals. This afternoon we arrive at the Knoydart Peninsula and the village of Inverie which is the largest settlement in mainland Britain without a road connection. Our expedition team will lead walks in the surrounding forest with great

views down to Loch Nevis. Alternatively, choose to explore the town and visit the Old Forge which is listed as mainland Britain's most remote pub.

Day 7 Lunga & Tobermory. We continue to the Treshnish Isles, an archipelago of uninhabited volcanic islets. The island of Lunga is the largest and has been described as 'a green jewel in a peacock sea' and is a summer nesting place for thousands of seabirds. Our final afternoon is on the Isle of Mull and the pretty port of Tobermory. Spend the afternoon at leisure in the town walking amongst the colourful buildings, visit the town's distillery or maybe take the coastal walk to the Rubha nan Gall lighthouse.

Day 8 Oban. Disembark this morning. Transfers will be provided to Glasgow Central Railway Station and International Airport at a fixed time.

During this voyage you will be visiting out of the way destinations and will be accompanied by an expedition team. Landings and excursions will be made by Zodiac landing craft. This cruise will appeal to the more adventurous and those who enjoy the natural world.

PRICES PER PERSON

Based on double occupancy

SPECIAL OFFER – SAVE £300 PER PERSON FOR A LIMITED TIME ONLY

Deck	Suite Category	Brochure Price	Special Offer Price

Not Included: Travel insurance.

MS ISLAND SKY

The much loved MS Island Sky is one of our two flag ships and sister vessel to the MS Hebridean Sky. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Island Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a seating area and some have private balconies, whilst those on the Marco Polo Deck feature tinted, sliding glass doors allowing greatly enhanced viewing opportunities and quick access to the deck. Each suite affords considerable comfort with en-suite bathroom featuring marble-topped vanity unit with sink and walk-in shower, a large wardrobe, dressing table and excellent storage. There is a mini-fridge, television and telephone in each suite. Refillable water bottles, dressing gowns and slippers are also provided for your comfort. Other facilities include a safe, hairdryer, assorted Molton Brown toiletries, air-conditioning and heating.

Your Dining

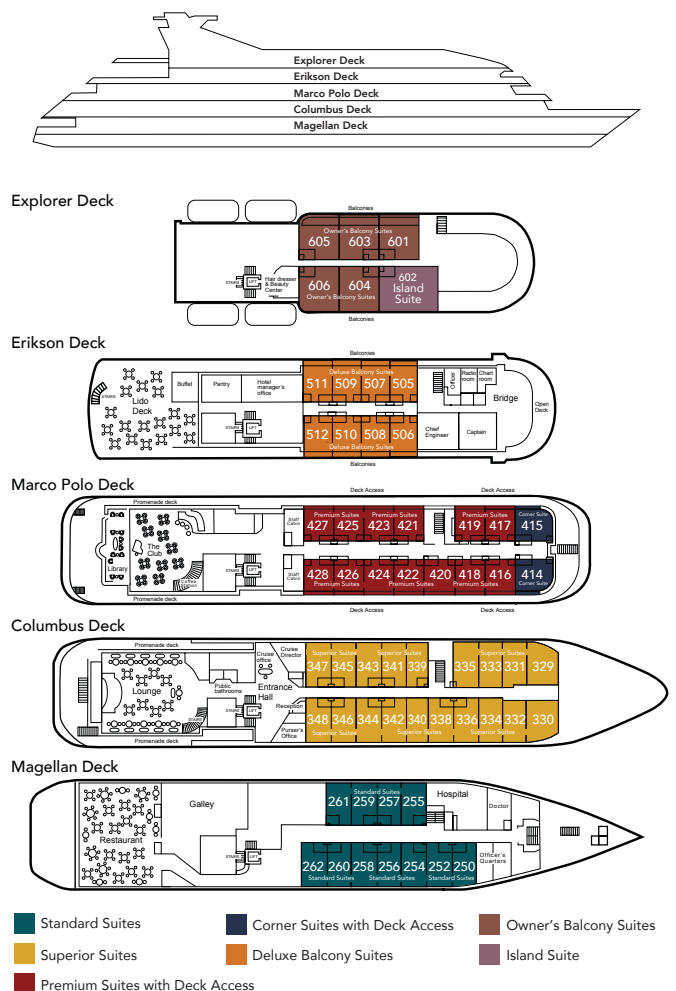

In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on

request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or out on the Lido Deck when the weather is favourable.

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Columbus Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Marco Polo Deck which features the main bar. Towards the aft of the ship on the Columbus Deck is the Library. A collection of games as well as devices to access the internet via the ship's satellite can be found in the Library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (signal strength varies depending on location and demand).
