# ISLAND HOPPING IN THE INDIAN OCEAN

EXPLORE MOZAMBIQUE, TANZANIA & MADAGASCAR  
ABOARD THE MS SERENISSIMA

JANUARY 2018

NOBLE CALEDONIA

# MS Serenissima

The handsome MS Serenissima began her career as Harald Jarl, cruising the Norwegian coastline and fjords. Extensively renovated in 2003 she was rechristened MS Andrea and began her career as a classic cruise ship, and was chartered by Noble Caledonia for a number of years. In spring 2012 MS Andrea was purchased by our long-standing associates Volga Dream and renamed the MS Serenissima. After a thorough renovation and upgrading, the charming MS Serenissima commenced cruise operations in April 2013 and since then we have chartered her for multiple voyages. With her small size she can navigate into small, remote ports inaccessible to the big cruise ships. She appears an impressive sight when moored, and is capable of both destination and expedition cruising.

## Your Cabin/Suite

Accommodating no more than 100 passengers, the cabins are attractively designed for comfort and convenience. All cabins are fully air conditioned with an en-suite bathroom with shower and a selection of toiletries in addition to a hairdryer, robes and slippers. All cabins come equipped with telephone, flat screen television, safety deposit box and other thoughtful appointments. Bottles of still and sparkling water are replenished daily. There are ten different grades of cabin arranged over five decks, and with the exception of the inside cabins, all staterooms feature either windows or portholes. Because of the very nature of the ship, the cabins do vary in shape and size, adding to the vessel's overall charm. Choose from the cosy inside cabins of approx 10 square metres, to the sumptuous newly built executive suites of 25 square metres boasting private balconies, minibar and all the mod cons.

Owner's Suite

Andrea Lounge

## Your Space

The facilities on board include two lounges – the larger Andrea Lounge is comfortable and spacious and the smaller Harald Lounge is more intimate. There is also a small library with a computer for internet access and Wi-Fi is available at an extra cost throughout the vessel. The outside areas really are something special. A spacious observation deck allows 360 degree views of the passing scenery. From here, step down to the lido area with a Jacuzzi and outside bar. The newly built covered seating area at the back of deck 6 is ideal for relaxing with a drink in hand. Perhaps, one of the best known and loved features of this vessel is its unique style. During the major refit in Sweden the then owners commissioned Swedish interior designers to create a Gustavian style interior. This bright

Swedish 18th century influenced, country house style works particularly well on a vessel of this vintage, providing intimacy and classic nautical sensibility often lacking in larger vessels.

## Your Dining

The free seating Venice Restaurant accommodates all guests in one sitting. Being on deck 5, it has great views from all tables. The picture windows mean the restaurant is light and airy. Breakfast is served buffet-style with cooked dishes available and eggs to order by the ship's accomplished chef. Lunch is also served buffet-style with hot and cold dishes available. Dinner is served a la carte and is 4 courses, except for at the Captain's Dinner, which is a 6 course affair. Where possible, local produce is sourced for an authentic dining experience. A choice of red or white wine, beer, soft drinks, and water are included at lunch and dinner. In good weather there are al fresco dining facilities available and tea and coffee is available around the clock in the Andrea Lounge.

## Life On Board

The European captain, officers, expedition staff and crew offer a first class service and have been selected for their professionalism and caring attitudes. The atmosphere on board is warm and welcoming, and the emphasis is not on around the clock entertainment and dining, but instead on well-thought out

itineraries, relaxation, time spent with like-minded passengers and discovery. After a day of adventure and exploration, returning to the comfort of your sophisticated ship and its friendly crew will be a pleasure.

### For your Comfort, Safety & Security

There are so few ships of this generation still cruising and MS Serenissima is a great testament to her present and previous owners that they have seen fit to invest considerable sums over the years to keep her in top form and complying with the stringent health and safety requirements. For added comfort, the vessel features stabilisers. The ship has an open bridge policy so during your voyage you will have the chance to visit the Captain and Officers. There is a doctor on board, and staff are trained in first aid.

These cruises visit out of the way destinations. You will be accompanied by an expedition team and some landings ashore will be made by Zodiac landing craft. Cruises such as this will appeal to the more adventurous and those who enjoy the natural world.

# Islands of Mozambique & Tanzania

An Island Hopping Expedition aboard the MS Serenissima  
17<sup>th</sup> to 30<sup>th</sup> January 2018

Start the New Year with a voyage aboard the MS Serenissima, escaping the British winter and discovering some of the most beautiful tropical islands on earth. Our expedition begins in Mozambique, which, with its 1,500-mile coastline and idyllic, sparsely inhabited tropical islands, has emerged from Portuguese administration and civil war to become one of Africa's rising stars over the last two decades. Sailing north along the African coast, we reach Tanzania. Both countries are relatively new destinations for adventure travellers, offering exceptional national parks along their coastlines. During our voyage we will snorkel and swim amid waters filled with rich marine life, stroll through the narrow alleyways of Mozambique Island and discover the atmospheric ruins on Kilwa Kisiwani, both UNESCO World Heritage Sites. Our last island visit will be Zanzibar where we will explore its labyrinth of serpentine alleyways lined with charming Arabic dwellings and filled with the treasures of the East that established its fame; cloves, cinnamon and vanilla.

## The Itinerary

**Day 1 London to Maputo, Mozambique.** Fly by scheduled indirect flight.

**Day 2 Maputo.** Arrive today and transfer to the MS Serenissima. Enjoy Welcome Drinks and Dinner as we sail the short distance to our anchorage at Portuguese Island.

**Day 3 Portuguese Island.** Situated in Maputo Bay, we spend the morning at subtropical Portuguese Island. This uninhabited island is surrounded by hundreds of coral species which you can explore on a snorkelling excursion or join our naturalists for a nature walk looking for some of the resident bird life. Alternatively, simply spend your time relaxing on the beautiful beach. Return to the ship for lunch and spend a relaxing afternoon at sea.

**Day 4 Barra Island.** Arrive this morning at our anchorage off Barra point. Barra is at the seaward entrance towards Inhambane town

which was an important trading post for Arab merchants and sailors as early as the 11th century. Vasco de Gama called here in the late 15th century paving the way for the Portuguese traders and in the 18th century they were joined by Indian traders. You can still see trading dhows sailing in and out today. The point is popular for holiday makers with long stretches of sandy beaches and a huge lagoon teeming with marine life and we have the day to explore on nature walks, swimming or snorkelling from the beach.

**Day 5 Bazaruto Archipelago.** Spend the morning exploring the spectacular Bazaruto Archipelago, a tropical paradise of five main islands that are protected as a national park under the auspices of the World Wildlife Fund. These pristine islands feature tranquil beaches, translucent turquoise waterways, a varied population of birds and a rich marine life. Dolphins and over 2,000 types

of fish are found in the placid waters including parrot, angel and butterfly fish. Return to the ship for lunch and enjoy an afternoon at sea.

**Day 6 At Sea.** Enjoy a relaxing day as we cruise the Mozambique Channel.

**Day 7 Mozambique Island.** After a morning at sea we arrive on Mozambique Island, a UNESCO World Heritage Site, which was the Portuguese capital in east Africa from the 16th to the 19th century. The town's narrow alleyways are lined with evocative colonial buildings, some of which have survived from the earliest days of the Portuguese occupation. Spend the afternoon exploring this atmospheric island and visit several of its landmark buildings including the Fort of Sao Sebastiao.

**Days 8 & 9 Quirimbas Archipelago.** Travelling north along the coast we enjoy a day and a half in the Quirimbas National Park, a coastal park of 32 islands set aside recently with assistance from the World Wildlife Fund and one of Mozambique's most biologically diverse regions. Our itinerary will be flexible and our Captain and Expedition Leader will make their decisions based on local conditions. We hope to make an expedition stop to view extensive reef and islet complexes offering outstanding snorkelling amidst 400 species of fish. A coastline of spectacular dunes provides nesting and feeding

grounds for turtles and migratory birds. We may visit Ibo, a former Portuguese island of once-elegant palatial mansions. The colony owed its wealth to 18th century slave and ivory trading and the battlements of the pentagonal main fortress house renowned silversmiths today. Local guides will escort us around the fort and for the 'birders' a separate walk will be arranged. We may also visit Mogundula Island, a marvellous place for snorkelling, beachcombing and bird watching.

**Day 10 Kilwa Kisiwani, Tanzania.** Our first call in Tanzania will be at Kilwa Kisiwani, a site of exceptional historical interest, where the atmospheric ruins represent a wide sweep of East African coastal history, from the heights of the Swahili and Shirazi trading civilisation to the darker days of slavery and the uprisings against German rule. Once one of Africa's wealthiest towns, Kilwa Kisiwani is now a UNESCO World Heritage Site and contains the world's most extensive and best preserved Swahili ruins. On a morning walking tour we will see the prominent fort and the Great Mosque which stood at the heart of the ancient city and was once the largest in East Africa. Return to the ship for lunch and spend the afternoon at leisure.

**Day 11 Mafia Island.** Once a prominent stopover for ships on

Traditional dhow

Castle ruin, Kilwa Kisiwani

the trade routes from East Africa, Mafia Island has not seen the same development as nearby Zanzibar and remains relatively unknown and off the major tourist trail but is a wonderful spot to spend the day. Between October and February the island is home to large numbers of whale sharks and we will embark local boats to search for these beautiful creatures with our knowledgeable guides. If conditions allow we may also be able to swim alongside them. We also hope to offer snorkelling on one of the reefs in the Marine Park, whilst nature lovers can enjoy walks looking for some of the 120 bird species found here, endemic butterflies and lizards.

**Day 12 Zanzibar.** Here the colourful harbour will be crowded with dhows, very much setting the

scene for our visit to the Arab style city with its long narrow streets, bazaars, houses with overhanging balconies and intricately carved doorways. On a morning tour, soak up the timeless atmosphere of Stone Town including Livingstone House, Sultan's Palace, the slave market and the old Fort. The afternoon is free to relax and explore independently or join a tour to a spice farm to experience the various fruits and spices cultivated on the island where you will find everything from jackfruit to coconuts, turmeric and vanilla to lipstick trees.

**Day 13 Dar es Salaam to London.** Disembark this morning and transfer to the airport for our scheduled indirect flight to London.

**Day 14 London.** Arrive this morning.

### Post-cruise Selous Safari Extension

29<sup>th</sup> January to 2<sup>nd</sup> February 2018

We are offering the opportunity to spend some time exploring the Selous Game Reserve after disembarking the MS Serenissima.

#### Selous Game Reserve

The Selous Game Reserve lies 200 kilometres west of Dar es Salaam and at 55,000 square kilometres is four times larger than the famous Serengeti in the north. The reserve is home to over 1,000,000 large animals and over half of Tanzania's elephant population. However, one of the major attractions has to be the mighty Rufiji river, home to one of the largest crocodile and hippo populations in Africa, swarming with fish which in turn bring about some of the world's best water birding. The river has also formed several large lakes on its northern bank, navigable by boat and Siwandu Camp is situated on one of these lakes.

#### Siwandu Camp

Siwandu Camp is situated on the banks of Lake Nzerakera and designed to blend in with the spectacular natural scenery in what is one of the most photogenic areas of the Selous Game Reserve. All safari tents are widely spaced along the lake shore ensuring maximum privacy and wonderful views. Each tent sits atop its own raised timber platform with two large verandas on either side. There are no fences and no artificial modifications to the natural fauna and so animals wander freely through the camp. The spacious tents are luxuriously appointed, with en-suite bathrooms and open air hot-water showers. The camp has its own swimming pool, enabling guests to cool off in the heat of the day. There is a well-stocked bar and dining area which is raised on viewing platforms, with large comfortable sofas and a wildlife reference library.

### The Itinerary

**Day 1 Dar es Salaam to Selous .** After breakfast we transfer to the airport for our 45 minute scheduled flight to Mtemere Airstrip in the Selous Game Reserve. # Hidden Wonders of Tanzania, Mozambique & Madagascar

An Island Hopping Expedition aboard the MS Serenissima  
28<sup>th</sup> January to 10<sup>th</sup> February 2018

Leave winter behind you and join us aboard the MS Serenissima for an exploration of Tanzania, Mozambique and Madagascar. All three countries have their own unique cultural history and natural wonders, but perhaps Madagascar is the most unique amongst them having separated from the African mainland 160 million years ago. It is the fourth largest island in the world, sheltering 5% of the world's plant and animal species, of which 80% are unique to the island. Exploring with our expert expedition team and using our Zodiacs we will land on otherwise inaccessible beaches, explore marine parks and coral reefs and encounter some truly beautiful tropical scenery. To many travellers this region is without equal, having remained largely free from the ravages of mass tourism and of course, such beauty and serenity is best enjoyed with a small number of travelling companions. The MS Serenissima is an ideal vessel, and with a maximum of just 100 passengers she offers all the comforts of a larger vessel, but with the added luxury of a small number of passengers.

## The Itinerary

**Day 1 London to Dar es Salaam, Tanzania.** Fly by scheduled indirect flight.

baobab species in the world six are endemic to Madagascar and here we will see the *Adansonia grandidieri* species with a row of 20-25 trees which border the gravel road. We will learn about the trees and their spiritual significance before returning to Morondova and exploring the local market. Alternatively join a full day excursion to Kirindy Forest. Situated approximately a two hour drive from Morondova, we will pass the Avenue de Baobabs as we travel north. Kirindy is a 10,000 hectare, dry deciduous forest, one of the most endangered in the world where the flora and fauna includes many endemic species. Here we find three species of baobab, many birds and reptiles including snakes, tortoises and lizards, eight species of lemur including the rare pale form marked lemur and other mammals including giant jumping rat, fosa and narrow striped mongoose.

**Day 10 Tulear.** From the port of Tulear we will drive to the Antsoyaky Arboretum which is

entirely devoted to conservation of the plants from the southwest of Madagascar and after more than thirty years of hard work offers a densely kept selection of flora presenting a typical sub-arid thicket with baobab trees towering over the smaller plants. We will see the four hectare botanical garden which comprises over 900 species of plants of which 90% are endemic to the region.

**Day 11 Europa Island.** Situated in the Mozambique Channel, around 150 miles off the coast of Madagascar we find Europa Island, a small low lying atoll and part of the "scattered islands" of the French Southern and Antarctic lands. This uninhabited island is an important nesting ground for sea turtles and seabirds as well as being a migratory stop for birds moving between Africa and Madagascar. Its isolation has also contributed to a unique flora and fauna including a number of endemic subspecies of birds and reptiles. We have requested permits to anchor and use our Zodiacs to land and explore the

island this afternoon on a series of walks with our expedition team

**Day 12 At Sea.** Relax on board as we cross the Mozambique Channel. Our lecture programme will continue whilst you may want to watch for wildlife from the deck.
