JEWELS OF THE NILE

A river cruise along the Nile from Cairo to Aswan aboard the SS Misr

9th to 23rd October 2022; 13th to 27th February, 11th to 25th March,
9th to 23rd October & 4th to 18th November 2023

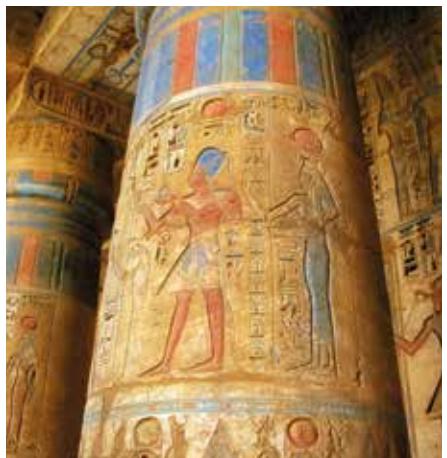

NOBLE CALEDONIA

Discover the intriguing ancient history of Egypt during this cruise aboard the SS Misr, a propeller steam vessel accommodating just 44 guests and discover the stretch of the Nile between Cairo and Aswan. Beginning in Cairo we will see the impressive pyramids and the Great Sphinx as well as some distinctive Egyptian art and treasures from the tomb of Tutankhamun in the new Grand Egyptian Museum. We then continue along the Nile visiting some of the less famous but historically important sites including Beni Hassan private tombs which, through superb wall paintings, provide a panorama of daily life in Egypt four thousand years ago from the leisure pursuits of the elite to workers in vineyards or children playing games. We also visit Abydos and Dendera temples and Tel El Amarna where you can survey the ruins of the temples and palaces of King Akhenaten and Queen Nefertiti.

Pharaohs and queens of Ancient Egypt sailed often on the River Nile in luxurious royal boats – by far the most rewarding way to see the landscape and monuments of their realm. Evoking this regal way of travel, we will travel at a gentle speed aboard the SS Misr which is essential to be able to drink in the rhythm of life and scenes which have changed little over hundreds of years on the banks of the Nile.

Accompanying us will be excellent local guides and our expert Guest Speaker who will greatly enhance your enjoyment and knowledge of this ancient land.

As you enter the museum, you cannot miss the colossal statue of King Ramses II, nor the 87 huge royal artefacts exhibited at the grand stairs. These stairs lead up to an impressive 28 metre high glass facade overlooking the pyramids of Giza. The museum also hosts over 5000 artefacts from the tomb of the golden Pharaoh Tutankhamun. Return to the vessel for lunch and enjoy daylight sailing to Tel El Amarna. Moor overnight in Tel El Amarna.

Day 6 Tuna El Gebel, Ashmunein & Tel El Amarna. This morning we visit Tuna El Gebel and Ashmunein, where the oldest monument is a boundary stela of Akhenaten and Nefertiti. We continue to Ashmunein (Hermopolis Magna): known in ancient times as 'Khemenu', or the 'City of the Ogdoad', referring to the eight primeval gods who, according to ancient Egyptian Mythology, created the world. Today, the site houses the ruins of the Temple of Thoth, Temple of Amun, a small open air museum displaying two massive statues of 'Thoth' as a baboon. There are also some remains of a Roman

which marked the entrance to the now vanished memorial temple of the pharaoh Amenhotep III whose reign in the 14th century BC was one of the most opulent in Egyptian history. After lunch on board we visit the Luxor Museum, an archaeological museum which was inaugurated in 1975. Whilst the range of artefacts on display is more restricted than the country's main collections in the Museum of Antiquities in Cairo; this was deliberate since the museum prides itself on the quality of the pieces it has.

Day 11 Luxor. This morning we visit the temples of Karnak and will witness the unbelievably vast array of monuments dedicated to Amun-Ra, king of the gods, his wife Mut and their son Khonsu. In the temple of Queen Hatshepsut you will discover scenes commemorating the reign of this exceptional monarch such as the ambitious voyage where she sent her ships on the Red Sea to the mysterious land of Punt. We stop at the Colossi of Memnon to witness the two imposing 18 metre high quartzite seated statues

the northern part of the temple was dedicated to the falcon god Haroeris. Among the carved reliefs along the inside of the outer wall are images thought to be connected with Egyptian medicine, including displays of birthing chairs and surgical instruments.

Day 14 Aswan. This morning we will visit the high Dam at Aswan, considered an engineering miracle when it was built in the 1960s with a huge impact on the economy and culture in Egypt in the last century. Today it provides electricity and irrigation for the whole of Egypt. We continue to the temple island of Philae, dedicated to the goddess Isis, wife of Osiris and mother of Horus. The story of Osiris is represented on the walls of the temple, with two of its inner chambers which are rich in symbolic imagery. The temple was originally on Philae Island but because of high water levels was dismantled in 1977 and reconstructed on a nearby higher island called Agilkia. The main elements of the temple such as the two Pylons, hypostyle halls and sanctuaries were built by the Ptolemaic kings. Later the Roman rulers added the colonnades in front of the temple as well as the ceremonial entrance to the island known as Trajan's Kiosk. After lunch we visit the Nubian Museum, a complex of 50,000 square metres which is enclosed by walls to evoke the traditional Nubian village architecture.
