LUXURY UNDER SAIL IN THE WEST INDIES

A VOYAGE BETWEEN BARBADOS & ST LUCIA
ABOARD THE MAGNIFICENT SEA CLOUD II

25TH JANUARY TO 9TH FEBRUARY
& 8TH TO 23RD FEBRUARY* 2021

NOBLE CALEDONIA

Just when winter seems to be endless, it is the perfect time to escape to the warmth and beauty of the West Indies. Having operated voyages in the region for many years aboard Sea Cloud II we know the waters between Barbados and St Lucia provide the perfect sailing conditions for her and we have therefore planned the itinerary to ensure ample sailing time allowing you to relax on deck in the warmth and enjoy the majesty of the vessel.

During our island hopping adventure through the Caribbean Sea we will explore some of the most beautiful tropical isles, many still untouched by the hands of mass tourism. There is no doubt that the less commercialised of the islands have enormous charm and great natural beauty. But, beyond the fabulous beaches and pastel painted towns there is more. During the 17th and 18th centuries the West Indies attracted all manner of adventurers, buccaneers, pirates and the navies of the major European seafaring nations and this colourful history makes for an intriguing background to our voyage as we are able to hop from island to island and experience the heritage left by the Spanish, French, Dutch and British.

Occasionally our paths will cross with the mega-factory like cruise ships and it is at such times we will appreciate even more how fortunate we are to be enjoying our classic ship that embodies all the best sailing traditions. To be on deck when the sails are fully extended as we navigate through the West Indies is a marvellous experience. The forces of nature and ingenuity of man combining in the most natural of ways allows us to experience the thrill of sailing and a form of transport that has existed since the earliest of times.

GUEST SPEAKER

You will be joined on board by a Guest Speaker who will contribute greatly to your enjoyment and understanding of the region. We are delighted that Captain Peter Hore will be accompanying the 25th January departure and we are in the process of confirming a speaker for our February departure.

Marigot Bay, St Lucia

THE ITINERARY

Day 1 London to Barbados. Fly by scheduled flight. On arrival transfer to Sea Cloud II for embarkation. Moor overnight.

Day 2 Barbados. Barbados is the most easterly of the Caribbean Islands, with Atlantic surf on the east coast and sparkling Caribbean waters on the west coast. Captain Powell landed here in 1625 and claimed the island for England. Now independent it continues to embrace its British Empire roots; afternoon tea remains a tradition and cricket is the national sport. This morning an island drive will include visits to the historic 17th century Sunbury Plantation House and the impressive St John's Church. Over lunch we will depart and spend the afternoon at sea.

Day 3 St George's, Grenada. Explore this wonderful Windward Island which many regard as the most beautiful in the Caribbean. It is a lush and verdant island with spice plantations, rum distilleries, tropical forests, secluded coves, nature trails and select hotels which cling to the hillsides overlooking the ocean. We will moor in the picturesque capital of St George's at lunchtime and will drive through the rainforest to beautiful Grand Etang Lake, 1700 feet above sea level.

Day 4 Bequia, Grenadines. We have the morning on this delightful Grenadine island which is totally unspoilt and a place of pure escapism with a charming old-world atmosphere. Only seven miles by two it is a long way from the well beaten tourist track, a serene and peaceful island with some of the

best beaches in the Caribbean. Choose to spend time in the main town of Port Elizabeth or find a spot on the local beach.

Day 5 Dominica. Stepping back in time, the island of Dominica is still the primitive garden that Columbus first sighted in 1493. An area of tropical rainforests, it has flowers of incredible beauty and animals that exist nowhere else in the world. We arrive this afternoon in the small port of Cabrits, just below the national park and the former British garrison of Fort Shirley, which successfully repelled a French attack during the Trafalgar campaign in 1805. Those feeling active can climb to the fort to explore the ruins, visit the small museum and maybe wander the surrounding trails on the lookout for birds, hermit crabs and lizards.

Day 6 Montserrat. Ask any Caribbean connoisseur about their favourite places and Montserrat will always be high on the list. Following the damaging volcanic eruptions of 1995 and 2010, much of the island has now returned to normal. We will visit the volcano observatory and learn how the islanders coped with the devastation it caused. We will see some of the untouched areas of the island which are as beautiful as ever.

Day 7 Nevis. This morning we will land by tender on one of the loveliest and least developed islands on the Leewards. British naval history is linked with most of the Leeward Islands and on Nevis the connection is particularly

interesting. It was here that Nelson met Fanny Nesbit and later married her in the old Montpelier House, on the site where a hotel now stands. Prince William, later to become William IV, who was under Nelson's command, attended the wedding and gave the bride away. Our tour of the island will include Nelson's Museum and the church.

Day 8 St Kitts. We will make a landing this morning on the delightful island of St Kitts. This lovely island has it all, restful green fields of sugar cane plantations, rainforests and long stretches of uncrowded beaches. The atmosphere here is wonderfully relaxed and full of old-world charm. Choose to either wander the streets of Basseterre with its colonial buildings or see the impressive UNESCO fortress at Brimstone Hill. This 18th century British garrison played a key role in the battles with the French and is situated on a hill offering fine views over to Nevis. This afternoon we continue our sailing north.

Days 9 & 10 British Virgin Islands. These islands are recognised throughout the seafaring world as one of the finest sailing areas. The 36 islands and cays sit in a dazzling turquoise sea surrounded by beautiful coral reefs. We have a day and a half here and will drop anchor and use our Zodiacs or local tenders to explore. We may make calls at the islands of Virgin Gorda, Jost Van Dyke and Tortola. We will enjoy island drives and allow for time to relax on the beautiful beaches and swim in the clear waters.

Day 11 St Barts. We arrive over lunch at this tiny French West Indian island which is proud of its reputation as a stylish and exclusive tropical resort. It is a very top-drawer place and the island's capital of Gustavia, where the tenders will take us ashore this afternoon, offers gourmet restaurants, street cafés and smart shops which would not be out of place on the French Riviera.

Days 12 Antigua. Antigua was one of the main British Naval bases in the Windward Islands and so our voyage under sail would not be complete without a visit to this island with so much important history. During a morning island drive we will have the opportunity to visit the beautifully restored 18th century dockyard in English Harbour and see the impressive collection of restored historic buildings which were occupied by the British Navy from 1707 till 1899. Return to the ship for lunch and an afternoon sailing.

Day 13 Ile des Saintes, Guadeloupe. The eight island Iles des Saintes archipelago dots the waters off the southwest coast of Guadeloupe. In 1782, this was the site of one of the greatest naval battles of the sailing era, in which the tactics used by the British admiral Sir George Rodney foreshadowed those used 20 years later by Nelson at Trafalgar. This morning tender ashore and explore at leisure or take a walk up to Fort Napoleon and visit the museum which focuses on the Battle of the Saintes.

Day 14 Soufriere, St Lucia. St Lucia is a splendidly rugged island of towering mountains, lush green

valleys and acres of banana plantations. Because of its strategic position, it was fought over repeatedly by the French and British and changed hands fourteen times. We will anchor off the island in sight of its best-known feature, the twin peaks of the Pitons, which rise dramatically from the sea to more than 2400 feet. In the nearby town of Soufriere we can visit the bubbling Sulphur springs, part of a low lying volcano which erupted thousands of years ago. Our tour will also include the splendid botanical gardens.

Day 15 St Lucia to London. Disembark this morning and transfer to the airport for our scheduled flight to London.

Day 16 London. Arrive this morning.
