MIDSUMMER IN ICELAND

A PASSAGE NORTH FROM SCOTLAND TO
ICELAND INCLUDING THE FAROE ISLANDS
ABOARD THE MS SERENISSIMA

15TH TO 28TH JUNE 2021

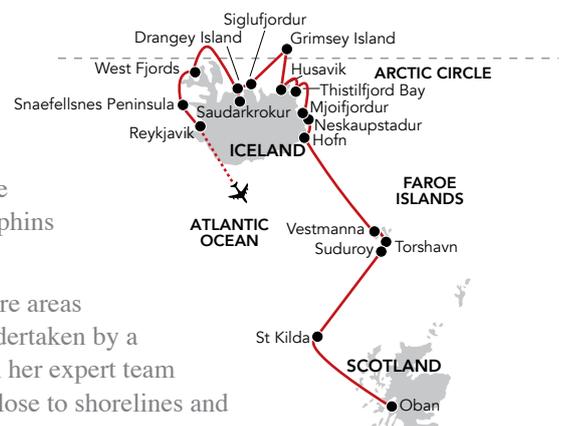

NOBLE CALEDONIA

Iceland is without doubt one of the most extraordinary and dramatic lands on the planet and we are offering the opportunity to join a unique expedition combining this wonderous country with an in-depth exploration of the remote and little visited Faroe Islands. We will set sail from Oban, enjoying the opportunity to visit St Kilda before sailing north to the Faroe Islands. This mysterious collection of islands is a paradise for walkers and bird watchers and the intriguing history can be traced back to the Irish monks who settled here in the 6th century, and the 9th century seafaring explorers who traversed the North Sea. Here, a highlight will be seeing the many puffins and other sea birds nesting and we will spend three days exploring the villages and rolling hills of these distant isles before venturing further north to Iceland.

Europe's least populated country offers the visitor a truly unparalleled experience of elemental forces at work and during our exploration of Iceland we will witness the immense scale of the landscape dominated by towering snow-capped mountains, thundering waterfalls and spontaneous erupting geysers as we learn of the centuries old legacies of a Viking and Norse heritage. We will visit some of its most dramatic areas and, whilst we sail its waters, will look out for humpback whales, orcas, white-beaked dolphins and observe the colonies of seabirds.

A journey by small ship is the ideal way to get up close to nature and explore areas inaccessible to larger vessels and an expedition such as this can only be undertaken by a special vessel with the self-sufficient qualities of the MS Serenissima. With her expert team and fleet of Zodiacs we will be able to land on remote beaches and cruise close to shorelines and cliffs crowded with birdlife.

The Itinerary

Day 1 Oban, Scotland. Embark the MS Serenissima this afternoon. Transfers will be provided from Glasgow International Airport and Glasgow Central Station at a fixed time. Enjoy welcome drinks and dinner and sail this evening for the Outer Hebrides.

Day 2 St Kilda. Awake this morning in St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island, was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds including puffin and fulmars, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is

one of the few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead a number of guided walks on the island. Later, cruise past two of the largest gannetries in the world at Stac Lee and Berneray. These impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannet.

Day 3 Suduroy, Faroe Islands. Over lunch we will arrive at Suduroy, the southernmost island of the Faroe Islands. From the port of Tvøroyri we will have a choice of activities. Choose to join a scenic island drive travelling between the villages seeing the stunning geology, fjords, tunnels and architecture of the island, ending at the southernmost point and the Akraberg lighthouse. In Porkeri we will take the ridge-top road which winds

Akraberg Lighthouse, Faroe Islands

Arctic tern

Isafjordur

Godafoss Waterfall

up the mountainside for wonderful views towards the steep cliffs on the west coast, the Beinivoro promontory to the north and the luscious grass slopes to the east. To locals, this delivers the essence of the Faroe Islands with mountains and fjords, villages and valleys, birds, sheep and nature. Alternatively, those feeling active may wish to join a hike to Hvaanhagi, a beautiful, uninhabited place north of Tvoroyri on the east coast of Suduroy. The view is fantastic towards the three islands Litla Dímun, Stora Dimun and Skuvoy.

Day 4 Torshavn. From our berth this morning we will join a guided tour through Torshavn over the hills to Kirkjubour, the island's oldest cultural centre, where we see the ruins of the 13th century St Magnus Cathedral and the 11th century church, still in use. We also visit the 900 year old 'Roykstovan', the old bishopric, considered to be the oldest wooden house in Europe. For those feeling active we will arrange a hike in the hills surrounding the town to discover the local flora and fauna. After lunch on board, we will drive to the beautiful village of Saksun, an isolated settlement situated beneath steep majestic mountains. We will visit Duvugaroar, an old farmhouse which is now a museum, and a traditional Faeroese wooden church in Kollafjord.

Day 5 Vestmanna. Vestmanna is our base this morning as we explore the northwest corner of Streymoy and the nearby cliffs. We will board local boats to explore the vertical cliffs that climb almost 1500 feet, sailing into grottos carved by the surf over the years and watching the thousands of seabirds including puffins, guillemots, fulmars and kittiwakes that nest here each summer. Return to the ship for lunch and spend a relaxing afternoon on board sailing towards Iceland.

Day 6 Hofn, Iceland. As we approach Iceland we will see the shimmering white Vatnajokull Glacier, Europe's largest glacier, sometimes called an icecap. The 600 metre thick ice surmounts active volcanoes, one of which erupted in 1996 creating a crater on the surface of the glacier, a most unusual phenomenon. From our berth in Hofn we will drive to the otherworldly glacial lagoon of Jokulsarlon, a dramatic drive through some of the finest scenery that Iceland offers. Once we reach Jokulsarlon, the 100 metre deep glacial river lagoon which is full of large icebergs, carved from the glacier Breioamerkurjokull, we will embark on a cruise on the pristine water, sailing in between the blue, white and black ice.

Days 7 & 8 Neskaupstadur, Mjoifjordur & Thistilfjord Bay. Enjoy the benefits of our small ship as we spend two days exploring the lesser known fjords in the east of Iceland. We hope to land at the small town at Neskaupstadur for a chance to visit the excellent museum which features the local art gallery, Museum of Natural History and Maritime Museum. The more active can hike to the

avalanche barriers behind the town, offering great views of the surrounding areas. Cruise through Mjoifjordur where we can enjoy the wilderness of this remote area before we continue our expedition in Thistilfjord Bay on the remote north east coast of Iceland. Anchoring in the bay we will use our Zodiacs to explore this wild area with its bird cliffs, caves, arches and picturesque sea stacks.

Day 9 Husavik. Be on deck this morning as we sail into Husavik, known as the whale capital of Iceland. From our berth we will head inland to visit the Lake Myvatn-Krafla area, a fine example of the volcanic world with lava fields, boiling and steaming mud pools and steam vents of sulphur and craters. The area illustrates the sheer magnitude of Iceland's forces at work. The lake itself, with beautiful natural rock formations and hot springs, is also a unique ecosystem and the largest migratory bird sanctuary in Europe. We will offer time in the natural baths before returning to the ship via the spectacular Godafoss Waterfall where water from the Skjalfandafliot river falls from a height of 12 metres over a width of 30 metres. Enjoy some free time in Husavik this afternoon to explore the town and maybe visit the excellent whale museum.

Day 10 Grimsey Island & Siglufjordur. Spend the morning on Grimsey Island. The Arctic Circle bisects this island which is known for its tiny community, basalt cliffs and large variety of birdlife. On arrival join our expedition team members for a nature walk on the island. Over lunch we sail to Siglufjordur, a picturesque town that enjoys an idyllic setting in a small fjord backed by mountains. Here in the early 1900s, a booming economy due to the herring industry resulted in a prosperous town with some marvellous Icelandic architecture. Stroll through the town and visit the Herring Era Museum.

Day 11 Saudarkrokur & Drangey Island. Cruise overnight into Skagafjordur where we berth in the small town of Saudarkrokur. Established as a market town in 1868 for the local farmers, the town grew in the early 20th century as an important fishing port and trading centre for the region. We will drive inland to Glaumbaer and visit the museum, built within turf-roofed farmhouses, which showcases the region's heritage and we will also see the tannery, the only one in Europe that makes fish leather. Over lunch we sail to Drangey Island, situated in the fjord it is a colony for thousands of seabirds including puffins, guillemots, gannets and fulmars who nest on the steep cliffs that rise up 180 metres. Our guide will also tell us the ancient stories of Grettir the Strong who lived on the island in exile over 1000 years ago.

Day 12 West Fjords. Awake this morning in the West Fjords, an isolated but spectacular area of Iceland. We will cruise into Isafjordur and, depending

Húsavík

Grimsey Island

Jokulsarlon Lagoon

on local weather conditions, we hope to use our fleet of Zodiacs to explore further. We also plan to visit the village of Thingeyri, one of the oldest settlements in the West Fjords and the location of the area's first trading post. Return to the ship via the thunderous Dynjandi, the highest waterfall in the West Fjords falling 100 metres and 30 metres wide.

Day 13 Snaefellsnes Peninsula. Sail this morning into Stykkisholmur, located in Breidafjörður Bay and surrounded by an archipelago of islands. The town is famed for its beautiful and well preserved old houses and is also the gateway to the Snaefellsnes Peninsula which is dominated by the Snaefellsjökull volcano, regarded as one of the symbols of Iceland and known as the setting for Jules Verne's "Journey to the Centre of the Earth". Our tour will include a drive through the lava landscape to the glacier visiting pretty fishing ports and beaches along the way. Afterwards, there will be the opportunity to spend some time at leisure in the town.

Day 14 Reykjavik to London. Disembark after breakfast and transfer to the airport for your scheduled flight to London.

PRICES PER PERSON

Based on double occupancy

SPECIAL OFFER – SAVE £200 PER PERSON FOR A LIMITED TIME ONLY

MS SERENISSIMA

Harald Jarl Lounge

Venice Restaurant

Andrea Lounge

The charming MS Serenissima began her career as the Harald Jarl, cruising the Norwegian coastline and fjords. Since 2003, when she was extensively renovated, she has been operating as a classic cruise ship. Previously known as the MS Andrea, she was upgraded again in 2013 and started her new life as the MS Serenissima. With her small size she can navigate into small, remote ports inaccessible to the big cruise ships and appears an impressive sight when moored. With her fleet of Zodiacs, she is capable of both destination and expedition cruising.

Your Cabin/Suite

Accommodating no more than 95 passengers, there are eight different grades of cabins arranged over five decks, and all feature either windows or portholes. The cabins are attractively designed for comfort and convenience. All cabins are fully air conditioned with an en-suite bathroom with shower (please note cabins 601 - 605 and 507 have a bath with shower attachment) and a selection of toiletries in addition to a hairdryer, robes and slippers. All cabins come equipped with telephone, flat screen television, safety deposit box and other thoughtful appointments. Refillable water bottles are available in all cabins for use on board. Due to the very nature of the ship, the cabins vary in shape and size, adding to the vessel's overall charm.

Your Dining

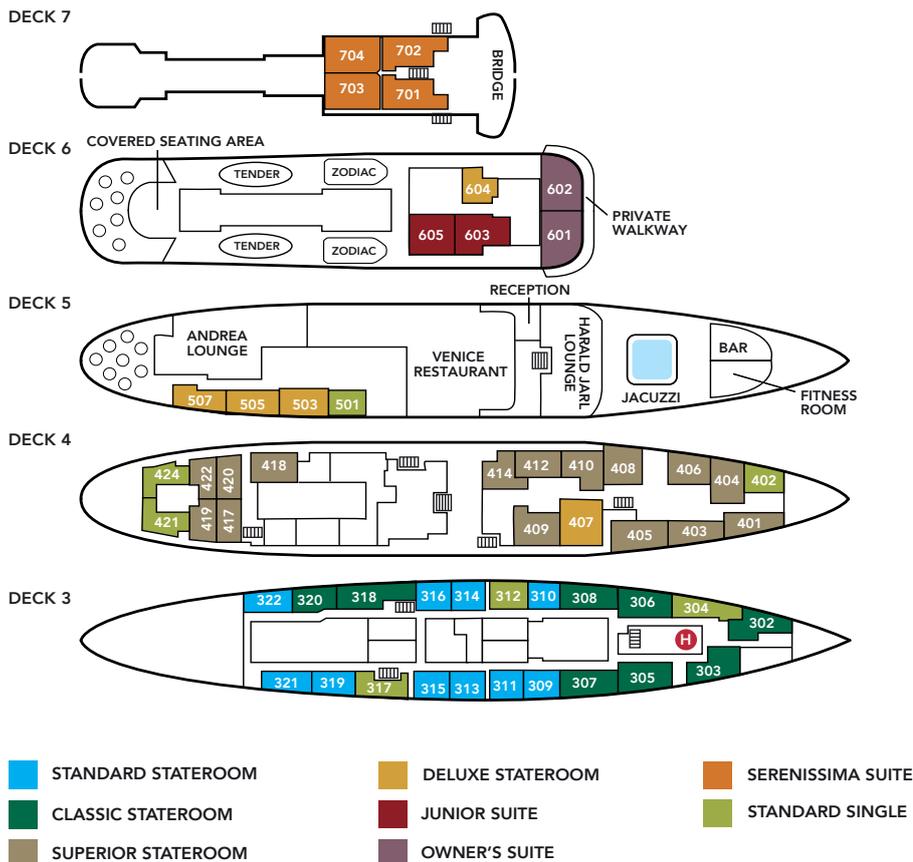

The free seating Venice Restaurant accommodates all guests in one sitting and, with its Deck 5 location, all of the tables benefit from great views. The picture windows also make the restaurant wonderfully light and airy. Breakfast is served buffet-style with cooked dishes available and eggs to order by the ship's accomplished chef. Lunch is also served buffet-style

with hot and cold dishes available. Dinner is served à la carte and is four courses, except at the Captain's Dinner, which is a six course affair. Where possible, local produce is sourced for an authentic dining experience. A choice of red or white wine, beer and soft drinks is included at lunch and dinner. In good weather there are al fresco dining facilities available and tea and coffee are available around the clock in the Andrea Lounge.

Your Space

The facilities on board include two lounges – the larger Andrea Lounge is comfortable and spacious and the smaller Harald Jarl Lounge is more intimate. There is also a small library and Wi-Fi is available at an extra cost throughout the vessel. The outside areas really are something special. A spacious observation deck allows 360 degree views of the passing scenery. From here, step down to the lido area with Jacuzzi and outside bar. The covered seating area at the back of Deck 6 is ideal for relaxing with a drink in hand. Perhaps, one of the best known and loved features of this vessel is its unique style. During the major refit in Sweden the then owners commissioned Swedish interior designers to create a country house style which has recently been updated with some Art Deco styling which works particularly well on a vessel of this vintage, providing intimacy and a classic nautical sensibility often lacking in larger vessels.

MS SERENISSIMA DECK PLAN & CABINS

NB. Please note cabin sizes vary in each category and measurements shown are approximate.

SERENISSIMA SUITE
(25 square metres)

OWNER'S SUITE
(22 square metres)
