PASSAGE THROUGH THE SEYCHELLES

Island hopping through the beautiful Seychelles
aboard the MS Hebridean Sky

4th to 18th February 2024

NOBLE CALEDONIA

The Seychelles offers the visitor a tropical beauty that is difficult, if not impossible to match anywhere else in the world. Spread out over a vast area of the Indian Ocean, they offer everything from quiet sophistication and enchanting scenery to wild and uninhabited nature reserves, where the very remoteness of the islands has protected them from the worst excesses of mankind. We know the region well having operated vessels there for almost thirty years and if ever there was an area perfect for expedition cruising it is here, a timeless world of wonders both below and above the water. With our fleet of Zodiacs we can reach the unreachable, landing on remote beaches, walking through verdant rainforest and national parks and getting close

to some unique flora and fauna. Obviously, such beauty and serenity is best enjoyed with a small number of travelling companions and the MS Hebridean Sky is an ideal vessel, with a maximum of just over 100 passengers she offers all the comforts of a larger vessel, but with the added luxury of a small number of passengers and an expert expedition team who will add much to your enjoyment.

Setting sail from Tanzania, we have a full day to explore atmospheric Zanzibar before we spend time discovering Kilwa Kisiwani, a site of exceptional historical interest. Continuing to the Seychelles, our journey will include all aspects of this extraordinary island nation from the lesser known and rarely visited Outer Seychelles where we visit the Aldabra Islands, the world's largest coral atoll and a World Heritage Site to the developed Inner Seychelles with staggeringly beautiful islands such as Aride and Praslin. For many the highlight of the voyage will be our time spent exploring the Aldabra Island Group, the breeding ground of the giant tortoise and in addition to seeing some of these endearing creatures we should also encounter dolphins and turtles as well as countless birds including the flightless rail, the last flightless bird in the Indian Ocean. To explore the abundant crystal clear waters of the vast lagoon and to set foot on atolls which have never been exploited by the hand of man is a rare experience.

Stone Town, Zanzibar

Snorkelling, Assumption Island

Kilwa Kisiwani

What to Expect

Flexibility is the key to an expedition cruise; sometimes the whole day's schedule will be changed to maximise your experience, something that would not be possible on a large cruise ship. Each day holds something new and below are some extracts from the ship's log from last season which will provide you with an idea of what to expect.

Cosmoledo: Today we had another day in the Aldabra group this time on the island of Cosmoledo. Like the other islands of the Aldabra group this is an uplifted coral island. It was an early start due to the tide times and at 0730 the flotilla of Zodiacs made the journey into the mouth of the atoll, across the lagoon to the eastern shore. Once we arrived, the site was wondrous. Thousands of nesting birds sitting on the coral rock. They were mostly boobies, both red footed and masked, but there were also species of herons, terns, noddies, frigate birds and tropic birds. The sea was also full of turtles. There seemed to be hundreds darting about in the shallow water. The Zodiacs took their time passing up the shore, allowing plenty of bird photos to be taken. We then found little patches of beach to land on and to have a small walk about or a little swim or paddle. All the while the tide was quickly dropping and the beaches were becoming larger and larger. Soon it was time to head back to the ship and set sail for the Farquhar Group of islands. Once back on board we enjoyed lunch, followed by a great talk all about the biology of coral reefs.

Aride: Aride is a nature reserve famed for its birdlife. The keen birders set off at 0630, hoping to get the best of the birdlife. The intrepid birders set out and were rewarded with the sight of birds that were totally unafraid of man, many of them at very close range. The birds were certainly friendly as were the two species of skink. White-tailed tropicbirds

swooped through the woodland and crash landed in the shrubbery on their way to their nests, their landing technique a stark contrast to their grace in flight. The fairy terns sat on their branches and met us eye to eye. Most people got to see the fluffy little chicks, hatched on a bare branch and now moving around, waiting for their feathers to grow so that they could fly. Seychelles fodies were everywhere while common moorhens ran around in the undergrowth, far away from water.

The Itinerary

Day 1 London to Dar es Salaam, Tanzania. Fly by scheduled indirect flight.

Day 2 Dar es Salaam. Arrive today and transfer to the MS Hebridean Sky. Enjoy welcome drinks and dinner as we sail this evening.

Day 3 Zanzibar. Our arrival into Zanzibar's colourful harbour which will be crowded with dhows, very much sets the scene for our visit to this Arab-style city with its long narrow streets, bazaars, houses with overhanging balconies and intricately carved doorways. On a morning walking tour, soak up the timeless atmosphere of Stone Town including Livingstone House, Sultan's Palace, the slave market and the Old Fort. The afternoon is free to relax and explore independently or join a tour to a spice farm to experience the various fruits and spices cultivated on the island. Alternatively, travel to Jozani Forest which sustains a variety of wildlife and birds, including the rare red colobus monkey, indigenous to the island.

Day 4 Kilwa Kisiwani. Over lunch we anchor off Kilwa Kisiwani, a site of exceptional historical interest where the atmospheric ruins represent a wide sweep of East African coastal history, from the heights of the Swahili and Shirazi trading civilisation to the darker days of slavery and the uprisings against German rule. Once one of Africa's wealthiest towns, Kilwa Kisiwani is now a UNESCO World Heritage Site and contains the world's most extensive and best-preserved Swahili ruins. We will spend the afternoon on a walking tour and see the prominent fort and the Great Mosque which stood at the heart of this ancient city

which was once the largest in East Africa.

Day 5 At Sea. Our lecture programme continues as we spend a relaxing day at sea sailing to the Seychelles.

Days 6 to 8 Aldabra Islands, Seychelles. We have three days to enjoy the Aldabra group of islands and our itinerary will be in the hands of our Expedition Leader and Captain who will monitor the local conditions to ensure we maximise our time here. Whilst our itinerary is flexible, we hope to call at the island of Assumption which was ruthlessly plundered for its vast deposits of guano in the early 20th century. Happily, peace has returned, and the wildlife of rare birds and green turtles are once again in abundance. Our time here will be spent beachcombing, on nature walks or snorkelling. We also hope to reach Cosmoledo where a huge ring of twelve islands circles a lagoon. Many of the atolls are still to be surveyed and we will explore some of them by Zodiac. This is an Important Bird and Biodiversity Area with all three species of booby found in the Seychelles including the last breeding site for the brown booby. Also spot sooty terns and great frigate birds. We will also spend time on Aldabra, the island referred to by Sir Julian Huxley as "One of nature's treasures and should belong to the whole world". Aldabra is unique and every time we call at what is believed to be the world's largest atoll we find something new of interest. Sightings have been made of the extremely rare white throated rail and the atoll is also home to the world's second largest colony of frigate birds and the largest crab, the coconut crab. Whilst exploring by Zodiac it is difficult to know in which direction to look.

The clear blue seas abound with life, the skies are alive with varied birdlife and ashore giant land tortoises forage as they have done for millions of years. We hope to explore Picard Island with a short walk to see some of the numerous tortoises and robber crabs or swim in the lagoon, a vast 17 mile stretch of shallow clear water. From our Zodiacs we can watch the ever-changing undersea world and snorkel in colourful coral waters.

Day 9 Farquhar Group. Spend the morning at sea before we anchor off Farquhar where we will use our Zodiacs to explore the sparkling lagoon of this remote, atoll ringed island of coconut and casuarina trees. Hawksbill and green sea turtles come to the atoll to nest and several of the Farquhar Group's islands are Important Bird and Biodiversity Areas. The island is a haven providing us with a delightful afternoon of bird watching or snorkelling.

Day 10 Alphonse Islands. There are three islands in the Alphonse group and as we approach the islands over lunch you will understand why they are regarded by many to be the most beautiful of the 115 islands in the Seychelles archipelago. On the main island the circular lagoon offers good snorkelling and there are a number of tracks across the island to enjoy island walks.

Day 11 Amirante Islands. This morning we arrive at the 28 islands in the Amirante Group of islands which were discovered by Vasco de Gama in 1501 and are considered to be some of the most pristine and untouched islands in the world. If conditions permit we will spend the day on Desroches, the largest of the islands, although still only

measuring six kilometres by 1.5 kilometres. Enjoy nature walks with our naturalists and members of the island's conservation team observing the flora and fauna and in particular the giant tortoises and nesting turtles. Meanwhile keen snorkellers will have the opportunity to swim over the outlying coral.

Day 12 Aride & Curieuse. Early this morning we will anchor off Aride, one of the finest and most important seabird islands in the Indian Ocean. Over one million seabirds breed on the island including tropical shearwater, lesser noddy, frigatebirds and roseate tern and also five species unique to the Seychelles such as the Seychelles warbler and Seychelles magpie robin. The island is largely covered in native woodland including the endemic wright's gardenia, a shrub with beautifully scented flowers found nowhere else in the world. Sail over lunch to Curieuse, a rugged island which was once home to a leper colony and now houses an eco-museum and visitor centre. The island is an important nesting site for hawksbill turtles and boasts endemic vine and mangroves which we explore on an island walk.

Day 13 Praslin & Grande Soeur. From our overnight anchorage we will land on Praslin to explore the 'Vallee de Mai', the last remnant of the original high canopied Seychelles palm forest and home to the coco de mer. We will walk its paths looking out for the rare black parrot and enjoying its natural beauty. Return to the ship for lunch as we sail the short distance to Grande Soeur, an idyllic uninhabited island. Spend the afternoon walking the

island trails which link the island's white sand beaches and maybe catch sight of some of the giant Aldabra tortoises or enjoy a final snorkelling opportunity in the turquoise waters.

Day 14 Mahe to London.

Disembark this morning and transfer to the airport for our scheduled indirect flight to London.

Day 15 London. Arrive this morning.

PRICES PER PERSON

MS HEBRIDEAN SKY

Alfresco Dining

Owner's Balcony Suite

The Restaurant

The much loved MS Hebridean Sky is one of our two flagships and sister vessel to the MS Island Sky. Both vessels were built in the same shipyard in Italy at similar times and share the same excellent attributes that make them two of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Hebridean Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a sitting area and some have private balconies. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and all suites have outside views with those on the Scott and Shackleton Decks featuring private balconies. Each suite affords considerable comfort with en-suite bathroom featuring vanity unit with sink and walk-in shower, large wardrobes, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, flat screen television and a telephone in each suite. Refillable water bottles, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer, assorted Molton Brown toiletries and individually controlled air-conditioning and heating. Soft hues and blended tones enhance the traditional maritime style making the passenger accommodation an inviting and relaxing place to be.

Your Dining

With only one sitting and a maximum of just over 100 passengers, the cuisine on board the MS Hebridean Sky is of a consistent superior quality that befits such a vessel. In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or, outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or out on the Lido Deck when the weather is favourable. Tea and coffee are also available 24 hours a day. Special diets can be catered for with sufficient notice.

The Library

Superior Suite

The Club

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Byrd Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Mawson Deck which features the main bar. The Club also features a 24-hour tea and coffee station. Towards the aft of the ship on the Mawson Deck is the Library. Well stocked with reference books pertaining to the destinations the vessel is visiting and a selection of essential reads, you will not find yourself short of excellent literature on board. A collection of games and devices to access the internet via the ship's satellite can also be found in the library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (*signal strength varies depending on location and demand*). The main Restaurant, which can seat all guests at one sitting, is located on the Amundsen Deck, and outside there is a rear Lido Deck located on the Scott Deck where meals are served in warm weather under shade. Further to this on the top Shackleton Deck there is an observation area, complete with sun loungers for sunbathing, relaxing with a book or catching up with fellow travellers. The Promenade Deck wraps around the whole ship providing outstanding views. There is also a small beauty salon on board with appointments made on request.

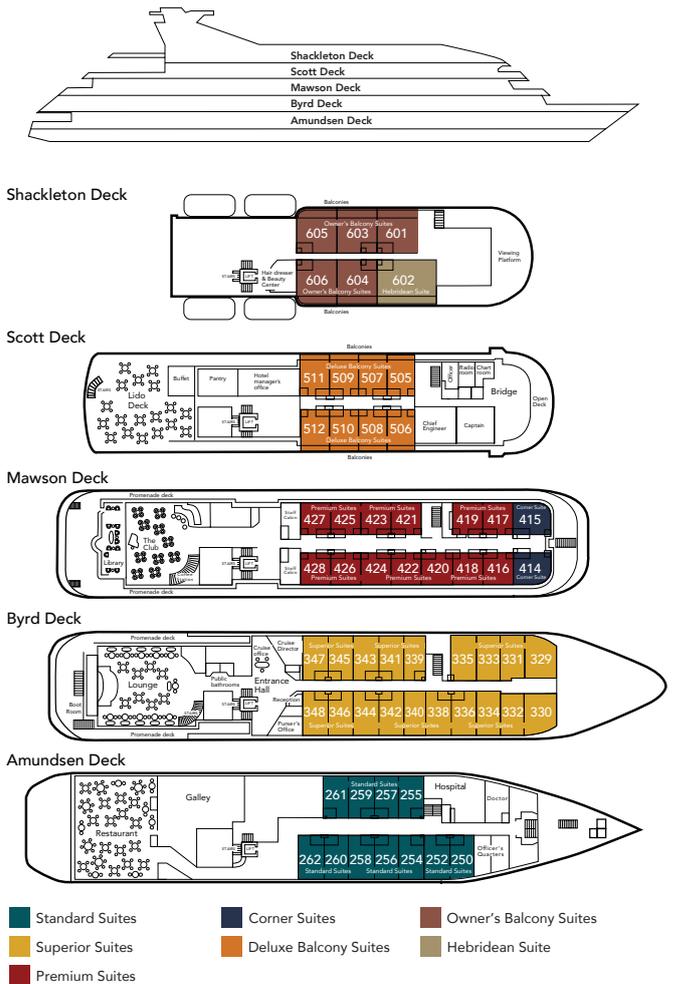

Your Comfort

The MS Hebridean Sky is equipped with the latest safety, navigation and communications equipment along with roll stabilisers to minimise the ship's motion. During your voyage we hope to offer you the opportunity to visit the Captain and Officers on the Bridge to check the vessel's progress by charts and learn more about your journey. On board you will also find a clinic and Doctor and a lift that serves all decks. When at anchor our nimble Zodiacs will ferry you ashore or, on select cruises, enjoy Zodiac cruises getting you closer to the natural world.

Your Life On Board

The atmosphere on board is warm and convivial and more akin to a private yacht or country hotel in which you can learn more about the wonderful destinations you are visiting in the company of like-minded people. There is a high ratio of crew to passengers and our friendly crew of 75 are mainly Filipino and Eastern European and our Captains are experienced mariners. After a day ashore you will return to the comfort and peace of a well-run and exceedingly comfortable ship where peace, high quality of service and attention to detail are the order of the day. A little music in the Lounge or bar after dinner, Guest Speakers and informative port briefings and of course good food, all contribute to make any voyage aboard this wonderful vessel a memorable and joyful experience.

MS HEBRIDEAN SKY DECK PLAN

Please note that beds in each suite can be configured as double or twin with the exception of suites 601 and 602 which feature a fixed double bed.

During this voyage you will be visiting out of the way destinations and will be accompanied by an expedition team. Landings and excursions will be made by Zodiac landing craft. This cruise will appeal to the more adventurous and those who enjoy the natural world.
