PATAGONIAN ODYSSEY

AN EXPLORATION OF PATAGONIA & THE CHILEAN FJORDS
ABOARD THE MS ISLAND SKY

25TH FEBRUARY TO 14TH MARCH 2025

NOBLE CALEDONIA

Those who have a passion for the wilder places on our planet usually have Patagonia on their must do list. Shaped by fire and ice, this rugged, yet hauntingly beautiful land of windswept pampas, hanging glaciers and cloud piercing peaks, remains today as enticing and fascinating as it did to Magellan, Drake and more latterly Darwin.

Chile is made for cruising. Its shape and geographic location is just perfect; thousands of miles of coastline that you can of course explore aboard one of the many huge cruise vessels calling at the major cities of South America, or alternatively join us aboard the 118-passenger MS Island Sky and enjoy the wonders of this magical country, some of which only small ships have access to.

Wildlife abounds here and the skies are filled with the cries of seabirds. Albatross' and petrels' wheel overhead and sea lions bark from their rocky outcrops. Helping us understand all the wonders we will encounter will be our experts and expedition staff who will accompany us ashore and our small ship will allow us to enter small inlets and explore fjords and stretches of magnificent coastline.

What to Expect...

Flexibility is the key to an expedition cruise; sometimes the whole day's schedule may be changed to maximise your experience. Each day holds something new and the below extracts from past expedition logs will provide you with an idea of what to expect during your voyage.

Saturday, 14th January – Beagle Channel: Our ship pulled away from the pier at Puerto Williams and navigated westwards along the Beagle Channel. At around 1000 hours we arrived at a section of the channel where glaciers coming down from the Cordillera Darwin are clearly visible. John gave a commentary from the Bridge as we passed each one. The glaciers were spectacular. The ship continued cruising until we reached a position near the Garibaldi Glacier, where we anchored. After lunch, we went out exploring by Zodiac. Of course the main attraction was the glacial front, which from time to time calved spectacularly. However, the fauna put on a good show too. We got good views of a large colony of sea lions, who were accompanied by adult and juvenile condors and by white-throated caracaras and turkey vultures. In a different spot, where there were overhanging cliffs, we got good views of king cormorants with fledglings. The most attractive flowers were prickly heath and the bush-like daisy called fashine, whilst the most common tree was lenga (*Nothofagus pumilio*).

Monday 16th January – Kirke Narrows, Puerto Natales and Torres del Paine National Park: The first spectacle of the day was when MS Island Sky passed through the Kirke Narrows. Later we arrived in front of Puerto Natales with a cloudless blue sedimentary layer. Bright lenticular clouds hovering high above the summits added to the spectacle. On our return journey to the ship we saw plenty of wildlife. Guanacos were the most numerous mammals

observed. We also saw foxes and a hare. Large ostrich-like birds (Darwin's Rhea) attracted our attention, as did the black-chested buzzard-eagle and others.

Thursday, 19th January – Cruising the Chilean Fjords: At 1030 hours the sun was shining brightly, the water was crystal clear and we spent about an hour and a half exploring the islands and rocks and their varied flora and fauna by Zodiac. The nearest island was called Isla Lilian and the nearest rock, which had cormorants and dolphin gulls on it, was called Roca Gloria. It was interesting to see that the floral composition of the forests on the banks had changed. A ringed kingfisher remained perched on a branch long enough for most Zodiacs in the area to get good views and photos. We boarded coaches and headed north through pre-cordillera prairies and shrub land to visit the Torres del Paine National Park. We entered the park to visit the lake formed by Grey Glacier. The beautiful lake was full of spectacular icebergs and surrounded by mature Lenga forest. Everywhere we went in the park, the view was dominated by the impressive jagged skyline of the peaks of the "Torres del Paine". Surprisingly, most of the peaks are less than 3000 metres high, but they appear huge since they are awesomely steep and rise from near sea level.

The Itinerary

Please note that flexibility is key to a successful expedition. Although we have outlined an itinerary below, this is only a preliminary plan, our exact route will depend on weather conditions and the wildlife we encounter.

Day 1 London to Buenos Aires, Argentina. Fly by scheduled flight.

Day 2 Buenos Aires. Arrive and transfer to our centrally located hotel for an overnight stay. This afternoon is free to relax in the hotel or maybe join an orientation tour of the city including the Plaza de Mayo, the Cathedral and the Cabildo (Old City Hall) before we continue towards the most traditional neighbourhood of Buenos Aires, San Telmo which is characterised by its old colonial houses and the cobbled streets. End the tour in La Boca to look around the colourful zinc houses which used to be the refuge and home for the first immigrants and popular artists. The evening is free for independent exploration.

Day 3 Buenos Aires to Ushuaia. After breakfast in the hotel we will transfer to the airport for our scheduled flight to Ushuaia. On arrival transfer to the MS Island Sky and start our adventure this evening as we cruise down the Beagle Channel. Here the mountains, still partly unmapped, drop as sheer, densely wooded cliffs into the channel and penguins, dolphins and South American sea lions abound in the channel.

Day 4 Cape Horn. At dawn we arrive at Cape Horn, one of the best known maritime landmarks in the world. Magellan was the first European visitor here in 1530 and prior to the opening of the Panama Canal it was an important staging post. Weather permitting we hope to use our Zodiacs to land and enjoy a walk to the monument. After lunch we continue our journey along the Chilean coast and into the fjords.

Days 5 to 11 Chilean Fjords, Punta Arenas & Torres del Paine National Park. During the next seven days we will enjoy some of the most stunning scenery imaginable and the MS Island Sky is the perfect vessel for the exploratory and scenic cruising that we will be undertaking. This vast area of mountains, glaciers, islands, lakes and waterfalls is untouched by man except for a few fishing villages which perch at 'the end of the world'. We will make good use of our time exploring the beautiful, protected waters, enjoying the renowned fjords of southern Chile which rival those of southeast Alaska in their raw beauty and prolific wildlife. We hope for calm weather when crystal clear reflections of vertical walls and hanging glaciers are broken only by the ripples of seabirds or maybe a passing dolphin. See how quickly you run out of suitable adjectives to describe all you are witnessing. Our route will be managed by our experienced Captain and Expedition Leader alongside

the local pilots. As well as stunning scenic cruising, the area is ideal for Zodiac forays. As we continue our journey we hope to navigate the Kirke Narrows, a remarkable channel leading between lush, forested shores, so narrow it can only be sailed at low tide. Dropping anchor at Puerto Natales, we enjoy a full day in South America's largest national park, the Torres del Paine. This is one of the most spectacular places on earth, a vast uninhabited wilderness of glacier-draped mountains, windswept pampas, turquoise glacial lakes and verdant valleys. Look out for herds of guanacos (a smaller version of the llama), rheas, Patagonian hares, foxes and rich birdlife and see the stunning rock formations of the Horns of Paine. We also hope to operate Zodiac excursions ashore in some of the remote fjords we pass on our journey. At the southern town of Punta Arenas visit one of the penguin colonies to see the large groups of Magellan penguins that return each year to mate on this coast.

Day 12 Chiloe Island. Chile's second largest island, Chiloe Island was one of the first Spanish strongholds in the Pacific Southern South America. Once the island had been conquered, it was hard for indigenous uprisings to reconquer and as a result it became a major link in the Spanish trade route around Cape Horn. The island was also visited by Darwin aboard the HMS Beagle in 1831. Our visit ashore on this mainly forested island will include Castro, one of the oldest towns in the Americas, known for its unique wooden architecture, churches and stilted houses. Join an island drive which will include the wooden cathedral of St Francis and the historic old quarter.

Day 13 Puerto Montt. Over breakfast we land at picturesque Puerto Montt, a resort town in the Lake District. Settled by German colonists in the mid-19th century, much of its early Middle-European styled architecture remains, rendering a slightly bizarre feel in such an obviously un-European setting. Leaving the ship we will head to the Vicente Perez Rosales National Park which is the oldest in Chile and contains three commanding volcanoes in Osorno, Calbuco and Puntiagudo. We will see the emerald Todos los Santos Lake at the foot of Mount Osorno as well as the mighty Petrohue River and the rapids that crash through lava channels creating a series of magnificent waterfalls. We return to the ship via Puerto Varas, situated in a stunning location on Lago Llanquihue with a backdrop of the iconic Osorno volcano.

Day 14 Valdivia. From the port of Niebla, this morning's tour takes us to the colonial city of Valdivia, one of the oldest European settlements in Chile. An excursion will include time at the Canelos Tower, built in 1774 and which at the time of its construction was one of only two land entrances to the city, equipped with a wide portcullis and drawbridge. We will see the San Francisco Church before spending some time exploring the historical and

MS ISLAND SKY

Friendly Service

Deluxe Balcony Suite

The Restaurant

The much loved MS Island Sky is one of our two flagships and sister vessel to the MS Hebridean Sky. Both vessels were built in the same shipyard in Italy at similar times and share the same excellent attributes that make them two of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Island Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a seating area and some have private balconies, whilst those on the Marco Polo Deck feature tinted, sliding glass doors allowing greatly enhanced viewing opportunities and quick access to the deck. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and each suite affords considerable comfort with en-suite bathroom featuring marble-topped vanity unit with sink and walk-in shower, a large wardrobe, dressing table and excellent storage. There is a mini-fridge, flat screen television with inbuilt DVD/CD player and a telephone in each suite. Refillable water bottles, dressing gowns and slippers are also provided for your comfort. Other facilities include a safe, hairdryer, assorted Molton Brown toiletries, air-conditioning and heating. The comfortable beds in each suite can be configured as either double or twin.

Your Dining

With only one sitting and a maximum of just over 100 passengers, the cuisine on board the MS Island Sky is of a consistent superior quality that befits such a vessel. In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or out on the Lido Deck when the weather is favourable. Tea and coffee are also available 24 hours a day. Special diets can be catered for with sufficient notice.

Superior Suite

The Club

The Library

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Columbus Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Marco Polo Deck which features the main bar. The Club also features a 24-hour tea and coffee station. Towards the aft of the ship on the Columbus Deck is the Library. Well stocked with reference books pertaining to the destinations the vessel is visiting and a selection of essential reads, you will not find yourself short of excellent literature on board. A collection of games as well as devices to access the internet via the ship's satellite can also be found in the Library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (*signal strength varies depending on location and demand*). The main Restaurant, which can seat all guests at one sitting, is located on the Magellan Deck, and outside there is a rear Lido Deck located on the Erikson Deck where meals are served in warm weather under shade. Further to this on the top Explorer Deck there is an observation area ideal for spotting wildlife, complete with sun loungers for sunbathing, relaxing with a book or catching up with fellow travellers. The Promenade Deck wraps around the whole ship giving outstanding views. There is also a small beauty salon on board with appointments made on request.

Your Comfort

The MS Island Sky is equipped with the latest safety, navigation and communications equipment along with roll stabilisers to minimise the ship's motion. During your voyage we hope to offer you the opportunity to visit the Captain and Officers on the Bridge to check the vessel's progress by charts and learn more about your journey. On board you will also find a clinic and Doctor and a lift that serves all decks. When at anchor our nimble Zodiacs will ferry you ashore or, on select cruises, enjoy Zodiac cruises getting you closer to the natural world.

Your Life On Board

The atmosphere on board is warm and convivial and more akin to a private yacht or country hotel in which you can learn more about wonderful destinations you are visiting in the company of like-minded people. There is a high ratio of crew to passengers and our friendly crew of 75 are mainly Filipino and Eastern European and our Captains are experienced mariners. After a day ashore you will return to the comfort and peace of a well-run and exceedingly comfortable ship where peace, high quality of service and attention to detail are the order of the day. A little music in the Lounge after dinner, Guest Speakers and informative port briefings and of course good food, all contribute to make any voyage aboard this wonderful vessel a memorable and joyful experience.
