# SMALL SHIP CRUISING IN THE BALTIC

ABOARD THE MS SERENISSIMA  
SUMMER 2017

NOBLE CALEDONIA

# MS Serenissima

The handsome MS Serenissima began her career as Harald Jarl, cruising the Norwegian coastline and fjords. Extensively renovated in 2003 she was rechristened MS Andrea and began her career as a classic cruise ship, and was chartered by Noble Caledonia for a number of years. In spring 2012 MS Andrea was purchased by our long-standing associates Volga Dream and renamed the MS Serenissima. After a thorough renovation and upgrading, the charming MS Serenissima commenced cruise operations in April 2013 and since then we have chartered her for multiple voyages. With her small size she can navigate into small, remote ports inaccessible to the big cruise ships. She appears an impressive sight when moored, and is capable of both destination and expedition cruising.

## Your Cabin/Suite

Accommodating no more than 100 passengers, the cabins are attractively designed for comfort and convenience. All cabins are fully air conditioned with an en-suite bathroom with shower and a selection of toiletries in addition to a hairdryer, robes and slippers. All cabins come equipped with telephone, flat screen television, safety deposit box and other thoughtful appointments. Bottles of still and sparkling water are replenished daily. There are ten different grades of cabin arranged over five decks, and with the exception of the inside cabins, all staterooms feature either windows or portholes. Because of the very nature of the ship, the cabins do vary in shape and size, adding to the vessel's overall charm. Choose from the cosy inside cabins of approx 10 square metres, to the sumptuous newly built executive suites of 25 square metres boasting private balconies, minibar and all the mod cons.

Executive Suite

Harald Lounge

## Your Space

The facilities onboard include two lounges – the larger Andrea Lounge is comfortable and spacious and the smaller Harald Lounge is more intimate. There is also a small library with a computer for internet access and Wi-Fi is available at an extra cost throughout the vessel. The outside areas really are something special. A spacious observation deck allows 360 degree views of the passing scenery. From here, step down to the lido area with fitness room, Jacuzzi and outside bar. The newly built covered seating area at the back of deck 6 is ideal for relaxing with a drink in hand. Perhaps, one of the best known and loved features of this vessel is its unique style. During the major refit in Sweden the then owners commissioned Swedish interior designers to create a Gustavian style interior. This bright Swedish 18th century influenced, country house style works particularly well on a vessel

of this vintage, providing intimacy and classic nautical sensibility often lacking in larger vessels.

## Your Dining

The free seating Venice Restaurant accommodates all guests in one sitting. Being on deck 5, it has great views from all tables. The picture windows mean the restaurant is light and airy. Breakfast is served buffet-style with cooked dishes available and eggs to order by the ship's accomplished chef. Lunch is also served buffet-style with hot and cold dishes available. Dinner is served a la carte and is 4 courses, except for at the Captain's Dinner, which is a 6 course affair. Where possible, local produce is sourced for an authentic dining experience. A choice of red or white wine, beer, soft drinks, and water are included at lunch and dinner. In good weather there are al fresco dining facilities available and tea and coffee is available around the clock in the Andrea Lounge.

### Life Onboard

The European captain, officers, expedition staff and crew offer a first class service and have been selected for their professionalism and caring attitudes. The atmosphere onboard is warm and welcoming, and the emphasis is not on around the clock entertainment and dining, but instead on well-thought out itineraries, relaxation, time spent with like-minded passengers and discovery. After a day of adventure and exploration, returning to the comfort of your sophisticated ship and its friendly crew will be a pleasure.

### For your Comfort, Safety & Security

There are so few ships of this generation still cruising and MS Serenissima is a great testament to her present and previous owners that they have seen fit to invest considerable sums over the years to keep her in top form and complying with the stringent health and safety requirements. For added comfort, the vessel features stabilisers. The ship has an open bridge policy so during your voyage you will have the chance to visit the Captain and Officers. There is a doctor onboard, and staff are trained in first aid.

# Summer in the Islands & Cities of the Baltic

A voyage from Sweden to Finland aboard the MS Serenissima  
11<sup>th</sup> to 25<sup>th</sup> July 2017

Few places in the world enjoy their summer months as much as the people of the Baltic nations. After a long winter, the region responds to the sun unlike anywhere else and there is a calm and order even in the cities which makes exploration so enjoyable. Join us aboard the MS Serenissima in July and witness the spectacle of colour that the sun brings to the northern world. Bordered by diverse kingdoms and republics in a relatively contained area, the Baltic is perfect for exploration by ship and over the course of two weeks, we will visit eight nations. Eight nations who speak different languages, have a diverse culture and cuisine, worship in different churches, yet are united by a single sea.

If you have been contemplating a trip to the Baltic, you will have noticed there is no shortage of cruise ships plying the region of varying sizes and standards. However, our voyage is unique in many ways. Firstly we have the advantage of spending three days in St Petersburg surely, the most endlessly fascinating of all Baltic ports. Our days here will be spent exploring Peter the Great's magnificent city as well as venturing out to some of the fabulous country estates on the Baltic shores. Added to this, with almost twenty five years' of experience in the region we believe we have the perfectly balanced itinerary with visits to some of the more remote ports and islands such as Denmark's Christianso and Bornholm islands and the Finnish Island of Aland, places only accessible by a small ship like the MS Serenissima. Of course that does not mean we have sacrificed any of the larger ports and also visit many of the charming and fascinating cities of the region including Gdansk, Stockholm and Tallinn where we are able to moor centrally and have allowed time for both the guided excursions and time at leisure to explore independently.

## Voyage Highlights

- Three days in St Petersburg
- Visits to small islands including Christianso, Bornholm, Saaremaa and Aland
- Exclusive private concert at the stunning 16th century Rundale Palace in Riga
- Knowledgeable onboard guest speakers

In the following century Frederick II rebuilt the castle into a magnificent Renaissance castle, Kronborg was considered at the time to be the strongest fortress in Europe. The castle is known to many as 'Elsinore' the setting for Shakespeare's tragedy, Hamlet, Prince of Denmark. The play has been performed in the castle many times and included such prominent actors as Laurence Olivier and John Gielgud. We will enjoy a morning exploring the castle and the old town before returning to the ship for lunch. This afternoon you can choose to explore further or join a tour to Copenhagen where we will see the Palace of Amalienborg with its four identical Rococo buildings which have been the Royal Residence since 1784. Also see the Little Mermaid Fountain, Christianborg Castle, the Royal Theatre and Nyhavn before ending at the Tivoli Gardens.

Over lunch we sail to neighbouring Bornholm. Peaceful and scenic, Bornholm Island is a mixture of wheat fields, forest and an attractive coast dotted with fishing villages. On an island drive we will see the famous 12th century Osterlars Round Church and visit the town of Gudjem where we can sample the smoked herring. Also see Hammerhus Castle offering fantastic views of the island's rugged coastline.

**Day 4 Gdansk, Poland.** We have a full day in this charming city. This old, Hanseatic ports 1000 years of history have left a collection of buildings and monuments designed in Gothic, Renaissance and Baroque styles. On a morning tour we will walk along the cobbled streets of the Royal Way in the old quarter and view the elaborate architecture before ending at the 15th century merchant's palace of Artus Court. Also see the pride of Gdansk, Gothic St. Mary's, which is the world's largest brick church, accommodating some 25,000 worshippers. Situated in the centre of the Old Town, this Medieval church took 159 years to build, and its deceptively plain exterior belies a bright, spacious interior with large windows and more than 30 beautifully decorated chapels. Today it is our base for our excursion into the Estonian countryside. Our first call is at Viljandi one of the oldest towns in Estonia situated on the shores of a beautiful lake which was historically one of the key strongholds in Livonia. On our return to the MS Serenissima we will drive through old Stockholm and past the Parliament Building and Royal Palace which overlooks the inner Harbour.
