# SMALL SHIP CRUISING IN THE BALTIC

ABOARD THE MS SERENISSIMA  
SUMMER 2020

NOBLE CALEDONIA

# MS SERENISSIMA

Harald Jarl Lounge

On Deck

The Restaurant

The charming MS Serenissima began her career as the Harald Jarl, cruising the Norwegian coastline and fjords. Since 2003, when she was extensively renovated, she has been operating as a classic cruise ship. Previously known as the MS Andrea, she was upgraded again in 2013 and started her new life as the MS Serenissima. With her small size she can navigate into small, remote ports inaccessible to the big cruise ships and appears an impressive sight when moored. With her fleet of Zodiacs, she is capable of both destination and expedition cruising.

## Your Cabin/Suite

Accommodating no more than 95 passengers, there are eight different grades of cabin arranged over five decks, and all feature either windows or portholes. The cabins are attractively designed for comfort and convenience. All cabins are fully air conditioned with an en-suite bathroom with shower (please note cabins 601 - 605 and 507 have a bath with shower attachment) and a selection of toiletries in addition to a hairdryer, robes and slippers. All cabins come equipped with telephone, flat screen television, safety deposit box and other thoughtful appointments. Bottles of still and sparkling water are replenished daily. Due to the very nature of the ship, the cabins vary in shape and size, adding to the vessel's overall charm.

## Your Dining

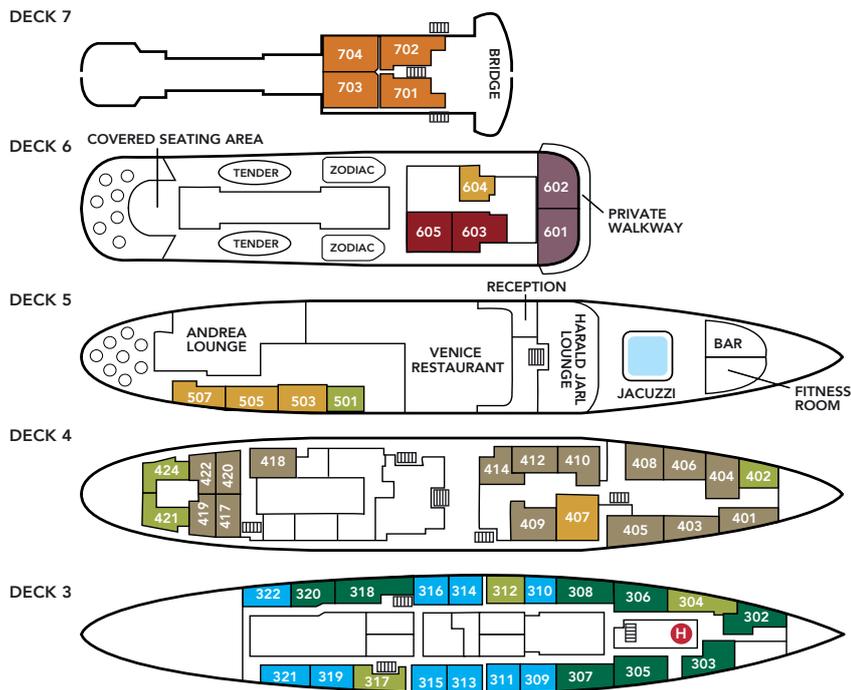

The free seating Venice Restaurant accommodates all guests in one sitting and, with its Deck 5 location, all of the tables benefit from great views. The picture windows also make the restaurant wonderfully light and airy. Breakfast is served buffet-style with cooked dishes available and eggs to order by the ship's accomplished chef. Lunch is also served buffet-style with hot

and cold dishes available. Dinner is served a la carte and is four courses, except at the Captain's Dinner, which is a six course affair. Where possible, local produce is sourced for an authentic dining experience. A choice of red or white wine, beer, soft drinks, and water is included at lunch and dinner. In good weather there are al fresco dining facilities available and tea and coffee are available around the clock in the Andrea Lounge.

## Your Space

The facilities on board include two lounges – the larger Andrea Lounge is comfortable and spacious and the smaller Harald Jarl Lounge is more intimate. There is also a small library and Wi-Fi is available at an extra cost throughout the vessel. The outside areas really are something special. A spacious observation deck allows 360 degree views of the passing scenery. From here, step down to the lido area with Jacuzzi and outside bar. The covered seating area at the back of Deck 6 is ideal for relaxing with a drink in hand. Perhaps, one of the best known and loved features of this vessel is its unique style. During the major refit in Sweden the then owners commissioned Swedish interior designers to create a Gustavian style interior. This bright Swedish 18th century influenced, country house style works particularly well on a vessel of this vintage, providing intimacy and a classic nautical sensibility often lacking in larger vessels.

# MS SERENISSIMA DECK PLAN & CABINS

- STANDARD STATEROOM

# Hidden Baltic & Scandinavia

A voyage from Aberdeen to Stockholm with Guest Speakers  
Major JGH Corrigan & Imogen Corrigan  
13<sup>th</sup> to 28<sup>th</sup> July 2020

The long sunny days of a Baltic summer are legendary and the perfect time to witness the spectacle of colour and joy that the sun brings to this northern world which, bordered by diverse kingdoms and republics in a relatively contained area, is ideally suited to exploration by ship. Whether it be the grandeur of St Petersburg and its surrounding country estates, the fascinating Baltic states and their capitals with marvellously untouched Medieval quarters or the sheer delight of small Scandinavian ports with their unique architecture, the Baltic offers a real cornucopia of delights which are all accessible from the comfort of the MS Serenissima.

With over twenty years of experience operating cruises in this region, we believe we have the most perfectly balanced cruise. Whilst not forsaking our old time favourites such as Tallinn and St Petersburg we also visit some smaller ports such as Kragero and Fredericia which the big cruise vessels are unable to access. These well-hidden treasures include the islands of Christianso and Bornholm in Denmark, Visby on the Swedish island of Gotland, a UNESCO World Heritage Site fortified by well-preserved 13th century walls and Kotka in Finland, a delightful town with a rich maritime heritage. Added to this, joining you on board will be knowledgeable Guest Speakers who, together with the informative local guides, will add much to your experience and knowledge of this fascinating region.

## The Itinerary

**Day 1 Aberdeen, Scotland.** Embark the MS Serenissima this afternoon. Transfers will be provided from Aberdeen Airport and Aberdeen Railway Station at a fixed time. Sail this evening.

**Day 2 At Sea.** Relax on board as we sail across the North Sea to Norway. Maybe join a lecture in the lounge or find a spot on deck.

**Day 3 Kragero, Norway.** Surrounded by nearly 500 islands and skerries, Kragero is a charming town in the region of Telemark and a popular summer retreat. This morning we will head inland to the Telemark Canal. When completed in 1892, after five years of construction, it was described as the 'eighth wonder of the world'. We will join one of the local boats as they transit the 18 locks, lifting the ship 72 metres above sea level and enjoy the changing scenery as we travel

from the sea to the mountains. Returning to Kragero for lunch we have the afternoon free to explore the downtown area.

**Day 4 Skagen, Denmark.** On our morning excursion we begin with a visit to the biggest attractions of this region, Grenen. Denmark's northernmost point hosts a unique natural phenomenon. Here two seas, the Kattegat and the Skagerak, meet. Grenen is a spit formation consisting of deposited sand and gravel carried along by the strong currents and over the last 100 years, this barrier has increased in length by one kilometre. As the large beach expands, Grenen is constantly moving, there are frequent occurrences of lagoons. From here we continue to the Sanded Church. The church, named after Saint Laurence, the seafarer's and Skagen's patron saint, was probably built in the 14th century

and was at that time the largest church in the region. The sand drift began in the 16th century and reached the church at the end of the 18th century. In the end, the congregation had to dig their way into the church. The struggle against the sand continued until 1795 when the church was closed by royal decree. Today, only the tower of the ancient church is visible. We end our excursion with a drive to the old quarters of Skagen before returning to the vessel and, after lunch on board, the remainder of the afternoon is free to explore independently.

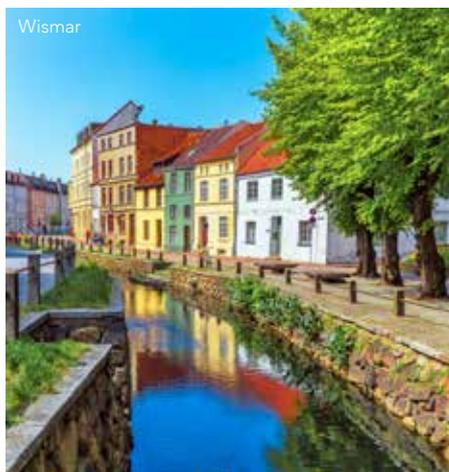

**Day 5 Fredericia, Denmark.** Arrive today in the heart of Denmark as we dock in the historic port of Fredericia. Built in 1650 by King Frederick III, the city still has some of Northern Europe's best preserved ramparts which today form a park around the city. Fredericia's central location opens up the regions of Jutland and Odense and this morning we have a choice of excursions. Either choose to drive to the west coast of Jutland where, during World War II, the German forces constructed 5000 kilometres of coastal fortifications and over 200 bunkers to protect from allied invasions. One of the largest bunkers was at Tirpitz and today it has been developed into a museum showcasing the impact of the war on the region but also the local history. Alternatively, visit the

fairytale Egeskov Castle. Built in 1554 it is one of the best preserved Renaissance moat castles in Europe and is surrounded by one of Denmark's finest gardens. Spend the morning exploring the rooms of the castle and see remarkable Titania's Palace dolls house, made up of over 3000 individual components or wandering through the gardens paths. Return to the ship for lunch and the afternoon is free to explore independently.

**Day 6 Wismar, Germany.** The Medieval town of Wismar was a major trading centre of the Hanseatic League in the 14th and 15th centuries before coming under Swedish rule in the 17th century for approximately 200 years. Today the small, photogenic city is a lovely place to explore the cobbled streets and picturesque old harbour. It is also our base for a visit to one of Germany's most decorative castles in Schwerin, the capital of Mecklenburg. After a relaxing lake cruise we will visit the grand residence of the former Dukes of Mecklenburg gaining an insight into the ancestors and royalty of Mecklenburg Western Pomerania. While here, enjoy viewing the lovely painted oil canvases and admire intricate wooden carvings and inlays in this fairytale castle museum. We return to the ship for lunch followed by an afternoon at leisure in Wismar.

**Day 7 Bornholm & Christianso, Denmark.** Over breakfast we arrive on Bornholm. Peaceful and scenic, Bornholm Island is a mixture of wheat fields, forest and an attractive coast dotted with fishing villages. On an island drive we will see a 12th century round church and visit the town of Gudhjen where we can sample the smoked herring. Also see Hammerhus

Wismar

Telemark Canal, Kragerø

Riga

Hermitage Museum, St Petersburg

Castle offering fantastic views of the island's rugged coastline. Over lunch we sail to the tiny island of Christianso. Here, we see the old fortress of King Christian V and learn about the island's past including its history as an island prison. *Please note that we will be at anchor today and will use Zodiacs to go ashore should weather conditions permit.*

**Day 8 Kalmar, Sweden.** We arrive in Sweden at one of the country's oldest cities and ports of Kalmar where we will berth close to the well preserved historical centre. A morning tour will include the Kalmar Castle, one of the best preserved Renaissance castles in Scandinavia and a stronghold of royal power. Originating from the 12th century, the current building represents the rule of the Vasa Kings who rebuilt it in the style of a Renaissance palace. Alternatively, join a visit to the UNESCO island of Oland. Visit Stora Alvaret, a giant limestone plateau containing ancient remains, unique flora and fauna as well as the royal palace of Solliden. Built by Queen Victoria of Sweden in 1903, it is still used as a summer retreat by the Swedish Royal Family and we will have time to explore the extensive gardens and pavilion. The afternoon is free to wander the cobbled streets of the old town.

**Day 9 Visby.** Today we visit this once important Hanseatic port. Best explored on foot, the beautifully preserved Medieval town snuggles inside 13th century walls, housing 44 watchtowers. In Viking times and several centuries after, the Swedish island of Gotland and especially the city of Visby, became a centre of trade in the Baltic Sea and is a World Heritage Site. Walk its streets from the Middle Ages and see its gardens ablaze with flowers,

earning the city its nickname 'the city of ruins and roses'. Later, visit the Viking exhibits at the Gotland Museum and wander the paths of the botanical gardens. Return to the ship for lunch and maybe join a lecture this afternoon as we cruise the Baltic Sea.

**Day 10 Tallinn, Estonia.** This morning we arrive in the historic maritime city of Tallinn with its awe-inspiring city walls and fortifications, narrow Medieval streets and the gateways which remain remarkably well preserved. In the Upper Town we will enjoy the views from Dome Hill with the extraordinary vista of domes, spires and gables and see Toompea Castle, once a fortress, and now the seat of the Estonian parliament. Walking to the Lower Old Town we will visit the main square where we will find the oldest pharmacy in Europe, the Gothic Cathedral and the 15th century Town Hall. Either return to the ship for lunch or remain in the city and enjoy some free time before we sail in the late afternoon.

**Days 11 & 12 St Petersburg, Russia.** We have two days to explore this most endlessly captivating of Russian cities. Founded in 1703 by Peter the Great, St Petersburg is a fascinating mix of classic and Baroque architecture on a network of canals. We will be offering a number of tours during our time here including visits to the wonderful Peterhof Palace, Catherine Palace and the Peter and Paul Fortress. One of the many highlights will be an exclusive evening tour and concert at the Hermitage Museum.

**Day 13 Kotka, Finland.** Built on the site where the River Kymijoki meets the Baltic Sea, picturesque Kotka has a long seafaring tradition. This morning we will explore the history of the region

and visit the Langinkoski Imperial Fishing Lodge which was built in 1889 for Alexander III, the future Emperor of Russia who used it as a summer home. It is now a living museum situated in a stunning nature reserve on the river. Continue to the Maritime Centre Vellamo where local guides will enlighten us about the maritime and cultural heritage of the region. The afternoon is free to explore the old city from our central berth.

**Day 14 Mariehamn.** This morning we cruise through some of the 6700 islands of the Aland archipelago arriving over lunch into the attractive town of Mariehamn. Choose to join an afternoon drive where we will head into the beautiful countryside along scenic roads, stopping at Badhausberget with panoramic views over the archipelago. Alternatively, explore the town at leisure.

**Day 15 Stockholm, Sweden.** Be on deck this morning as we sail through the many islands of

the Swedish archipelago into Stockholm. This is a great sailing area and the islands are peppered with attractive summer homes. On arrival, a guided city tour will include the Vasa Museum, built around the 17th century warship which sank in Stockholm's inner harbour on her maiden voyage in 1628; its discovery in 1956 and subsequent salvage in 1961 is one of the most important events in marine archaeology. In addition to the well-preserved, elaborately decorated hull, thousands of items from the ship, including hundreds of sculptures, have been recovered. On our return to the MS Serenissima we will drive through old Stockholm and past the Parliament Building and Royal Palace which overlooks the inner harbour. Return to the ship for lunch and a free afternoon to explore from our central berth.

**Day 16 Stockholm to London.** Disembark after breakfast and transfer to the airport for our scheduled flight to London.

# Summer in the Baltic

A voyage to the cities & islands of the Baltic from Stockholm to Aberdeen  
28<sup>th</sup> July to 12<sup>th</sup> August 2020

If ever there was a sea perfect for exploring by ship, it is the Baltic. Join us on this summer voyage of discovery as we explore the many delights of the region. From the grandeur of St Petersburg and its surrounding estates to the newly independent Baltic states and their capitals with marvellously untouched Medieval quarters, or the sheer delight of Scandinavian ports with their colourful architecture, it is a truly fascinating region.

One of the many extraordinary experiences of the Baltic is the summer light that gives the sea and landscape a very special quality. After a long winter, the region responds to the sun unlike anywhere else and there is a calm and order even in the cities, which makes exploration so enjoyable especially when travelling aboard the MS Serenissima with less than 100 like-minded, fellow guests.

The history of the region is intriguing, with countries vying for commercial and political influence for over a thousand years. Each day will see us in a new port of call with a range of included, guided excursions and the complex past will be brought to life by our excellent local guides and onboard Guest Speaker, helping us to gain a greater understanding of both old and new Baltic nations.

## The Itinerary

**Day 1 London to Stockholm, Sweden.** Fly by scheduled flight. Arrive in Stockholm and transfer to the MS Serenissima. Enjoy welcome drinks and dinner on board as we moor overnight.

**Day 2 Stockholm.** This morning we will enjoy a guided city tour which includes the Vasa Museum, built around the 17th century warship which sank in Stockholm's inner harbour on her maiden voyage in 1628; its discovery in 1956 and subsequent salvage in 1961 is one of the most important events in marine archaeology. In addition to the well-preserved, elaborately decorated hull, thousands of items from the ship, including hundreds of sculptures, have been recovered. On our return to the MS Serenissima we will drive through old Stockholm and past the Parliament Building and Royal Palace which overlooks the inner harbour. Be on deck this afternoon as we sail through the many islands of the Swedish archipelago into

Stockholm. This is a great sailing area and the islands are peppered with attractive summer homes.

**Day 3 Helsinki, Finland.** Enjoy a morning at sea and this afternoon a guided city tour of Helsinki will take us to the colourful Market Square, the President's Palace and the impressive architecture of Senate Square including the Lutheran Cathedral of Finland and Uspenski Cathedral. We continue to the Sibelius Monument and the impressive Tempeliahauki, the church in the rock, before returning to the vessel in the late afternoon and setting sail for St Petersburg.

**Days 4 & 5 St Petersburg, Russia.** We have two days to explore this most endlessly captivating of Russian cities. Founded in 1703 by Peter the Great, St Petersburg is a fascinating mix of classic and Baroque architecture on a network of canals. We will be offering a number of tours during our time here including visits to the wonderful Peterhof Palace,

Catherine Palace and the Peter and Paul Fortress. One of the many highlights will be an exclusive evening tour and concert at the Hermitage Museum.

**Day 6 Tallinn, Estonia.** After a morning at sea we arrive in the historic maritime city of Tallinn with her awe-inspiring city walls and fortifications, narrow Medieval streets and the gateways which remain remarkably well preserved. In the Upper Town we will enjoy the views from Dome Hill with the extraordinary vista of domes, spires and gables and see Toompea Castle, once a fortress, and now the seat of the Estonian parliament. Walking to the Lower Old Town we will visit the main Square where we will find the oldest pharmacy in Europe, the Gothic Cathedral and the 15th century Town Hall.

**Day 7 Saaremaa.** This morning we arrive at Estonia's largest island which offers a glimpse of a bygone age. Untouched by industry, it is a green and very pleasant land dotted with attractive villages in a rolling forested landscape. During an afternoon drive we will visit the lovely capital Kuressaare with its magnificent Medieval castle and stroll through the streets of the enchanting old town. Continue inland on a journey that will take you back in time through a countryside of stone walls, thatched roofs, traditional villages and windmills. Return to the vessel and relax on board or out on deck as we spend the afternoon at sea.

**Day 8 Riga, Latvia.** This morning we will explore Latvia's capital by foot. Founded in the 13th century it became one of the most successful trading cities of the Baltic. Visit the Old Town with its Medieval streets lined

with Hanseatic warehouses and punctuated with Gothic and Baroque churches including St Peter Cathedral, the largest Medieval church in the Baltic. Spend an afternoon exploring independently before we set sail for Klaipeda.

**Day 9 Klaipeda, Lithuania.** Founded in 1252 by the Teutonic Knights of East Prussia, Klaipeda was annexed by Hitler in 1939 and almost destroyed towards the end of World War II. Arriving in the afternoon, we have a choice of touring options. You may wish to head into the countryside where we will experience village life and visit the Memorial Museum dedicated to Lithuanians sent to Siberia or who fought against the Soviets during the Cold War years. Alternatively, take the scenic drive to the Zemaitija National Park, home to Lake Platelialis and surrounded by dense forest. It was in these forests that, during the Cold War, the Soviets hid their first nuclear missile base directed at all the major European cities. Our tour will visit the Cold War Museum located in the former Soviet missile base. We will visit the bunkers, see the control centre and learn more about the weapons held at the site and their evolution.

**Day 10 & 11 Gdansk, Poland.**

We will spend two days in this charming city. This old Hanseatic port's 1000 years of history have left a collection of buildings and monuments designed in Gothic, Renaissance and Baroque styles. Upon arrival we will leave the city and enjoy a full day tour to Malbork Castle and a journey on the Elblag Canal. The 13th century Malbork Castle belonged to the Teutonic Order and at the time was the largest castle in the world. Over the years it has been used as a royal residence as well as a fortress and was renovated after being damaged during World War II. The 80 kilometre Elblag Canal is a wonder of engineering designed in 1860 to connect East Prussia with the Baltic Sea. The challenges of the 100 metre difference in water levels between Bruzno Lake and Piniewo Lake was solved by a series of slipways, locks and dams with boats being carried across dry land on rail-mounted trolleys. We will take a boat trip along the canal before returning to the ship in Gdansk. The following morning, we will enjoy a city tour where we will walk along the cobbled streets of the Royal Way in the old quarter and view the elaborate architecture before ending at the 15th century merchant's palace of Artus Court. Also see the pride of Gdansk, Gothic St. Mary's, which is the world's largest brick church, accommodating some 25,000 worshippers.

**Day 12 Christianso & Bornholm, Denmark.** During breakfast we arrive at the tiny island of Christianso, the easternmost part of Denmark. Using Zodiacs to land, explore the area independently and perhaps visit the old fortress of King Christian V and learn about the island's past including its history as an island prison. Today, it is a very

special and peaceful place where eider ducks appear everywhere and on the bird sanctuary of Grasholmen, thousands of herring gulls, razorbill and guillemot breed. Over lunch we sail to neighbouring Bornholm. Peaceful and scenic, Bornholm Island is a mixture of wheat fields, forests and an attractive coast dotted with fishing villages. On an island drive we will see a 12th century round church and visit the town of Gudhjen where we can sample the smoked herring. Also see Hammerhaus Castle offering fantastic views of the island's rugged coastline. *Please note that we will be at anchor today and will use Zodiacs to go ashore should weather conditions permit.*

**Day 13 Elsinore & Copenhagen.**

The Danish King, Eric of Pomerania built a fortress in the early 15th century to enforce the collection of dues for all ships wishing to enter the Baltic. In the following century Frederick II rebuilt the castle into a magnificent Renaissance castle, Kronborg was considered at the time to be the strongest fortress in Europe. The castle is known to many as 'Elsinore' the setting for Shakespeare's tragedy, Hamlet, Prince of Denmark. The play has been performed in the castle many times and included such prominent actors as Laurence Olivier and John Gielgud. We will enjoy a morning exploring the castle and the old town before returning to the ship for lunch. This afternoon we will enjoy a short city tour of Copenhagen including the Palace of Amalienborg with its four identical Rococo buildings which have been the Royal Residence since 1784, the Little Mermaid Fountain, Christiansborg Castle, the Royal Theatre and Nyhavn and ending at the Tivoli Gardens.

**Day 14 Skagen.** On our morning excursion we begin with a visit to the biggest attractions of this region, Grenen. Denmark's northernmost point hosts a unique natural phenomenon. Here two seas, the Kattegat and the Skagerak, meet. Grenen is a spit formation consisting of deposited sand and gravel carried along by the strong currents; and over the last 100 years, this barrier has increased in length by one kilometre. As the large beach expanse, Grenen is constantly moving, there are frequent occurrences of lagoons. From here we continue to the Sanded Church. The church, named after Saint Laurence, the seafarer's and Skagen's patron saint, was probably built in the 14th century and was at that time the largest church in the region. The sand drift began in the 16th century and reached the church at the end of the 18th century. In the end, the congregation had to dig their way into the church. The struggle

against the sand continued until 1795 when the church was closed by royal decree. Today, only the tower of the ancient church is visible. We end our excursion with a drive to the old quarters of Skagen. After lunch on board, the remainder of the afternoon is free to explore independently. Discover the winding alleys in the atmospheric old quarters or the vibrant atmosphere at the marina. Alternatively, take the chance to see the artwork inspired by the region in the local museum or maybe enjoy a drink from the town's micro-brewery.

**Day 15 At Sea.** Relax on board as we sail towards Scotland. Maybe join a lecture in the lounge, read a book in the library or find a spot on deck.

**Day 16 Aberdeen, Scotland.** Disembark after breakfast. Transfers will be provided to Aberdeen Airport and Aberdeen Railway Station at a fixed time.
