

THE TRANS-SIBERIAN EXPRESS

A JOURNEY THROUGH RUSSIA BY PRIVATE TRAIN
ABOARD THE **GOLDEN EAGLE**

3rd to 18th May 2020 & 2nd to 17th May 2021

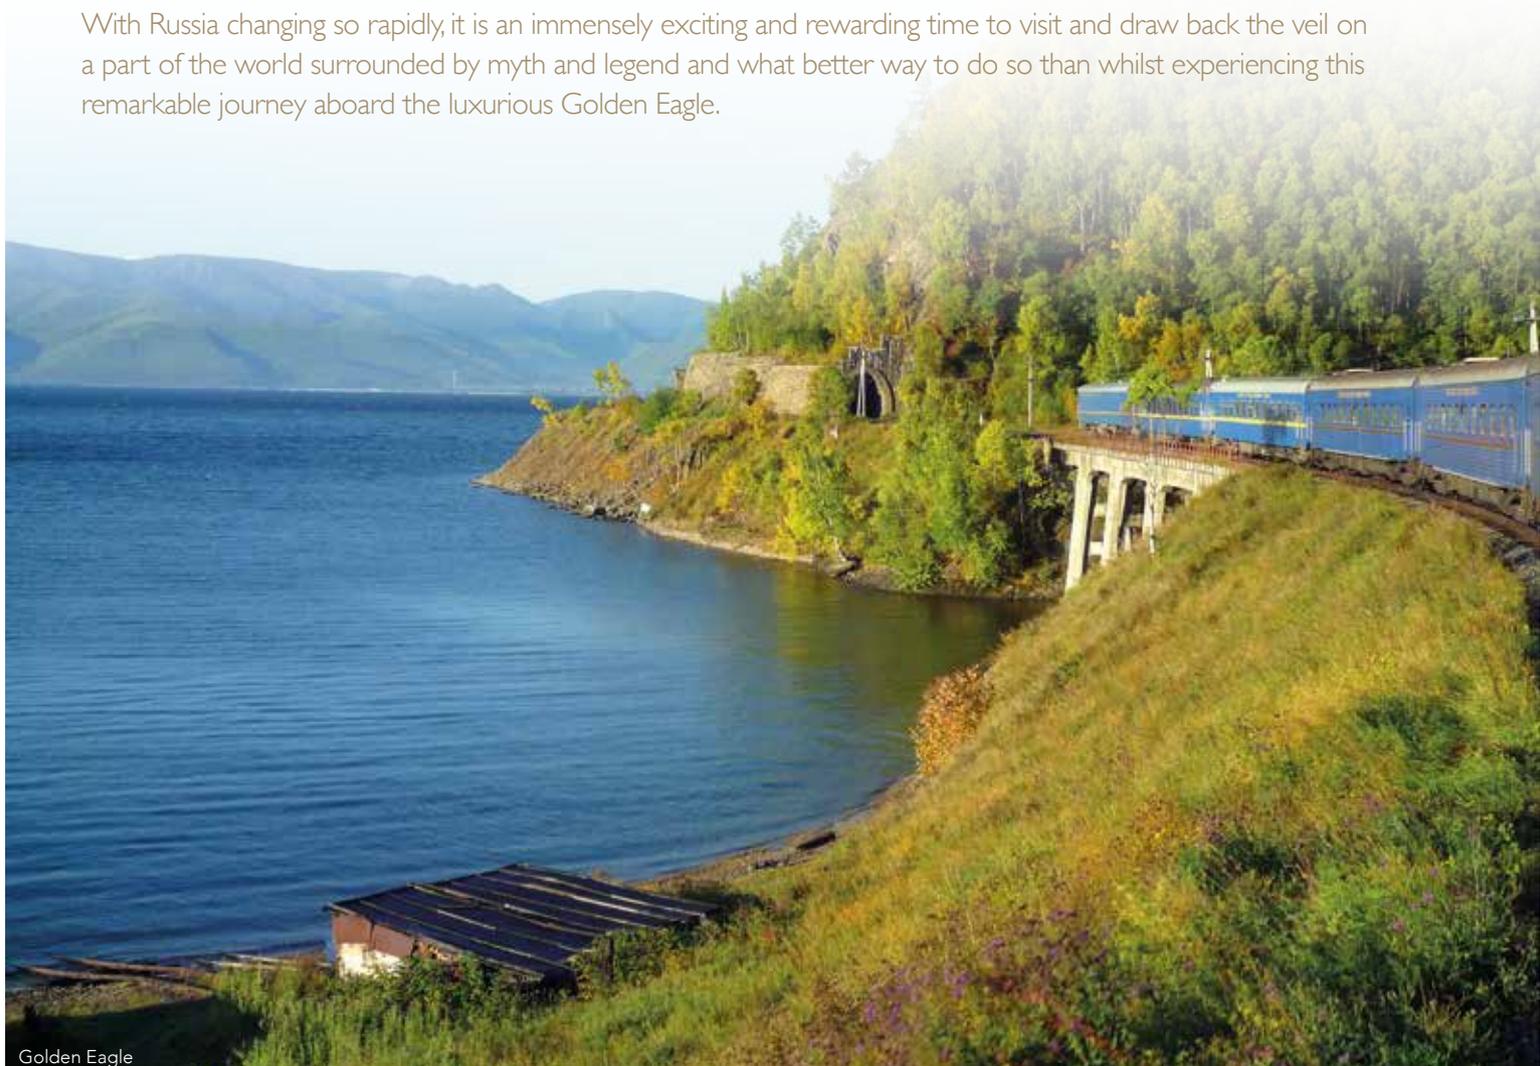

NOBLE CALEDONIA

We are delighted to have joined forces with Golden Eagle Luxury Trains to offer a selection of cabins for one of the most romantic journeys of all – Russia by private train, a remarkable 6500-mile journey from Moscow to Vladivostok. The world's longest railway line, the Trans-Siberian Express was completed in 1916 and runs like a steel ribbon connecting east and west from Moscow to the Urals, across the magnificent Russian steppes and alongside the shore of the world's largest freshwater lake.

Covering eleven time zones, Russia, the largest country in the world, stretches from the Baltic to the Pacific and from the Arctic to the deserts bordering the Caspian Sea. To put its vastness into perspective, as the sun rises in Moscow it has already set on the lands bordering the Bering Sea. The country is steeped in cultural heritage, wonderful architecture and dramatic history with prominent figures including Peter the Great, Catherine the Great and the stringent communist regime leaders, Lenin and Stalin to name just a few. During our journey east across this vast country, we will enjoy ever changing landscapes of countryside and city, of towns and villages, passing small hamlets of wooden houses, fabulous kremlins and glorious cathedrals.

With Russia changing so rapidly, it is an immensely exciting and rewarding time to visit and draw back the veil on a part of the world surrounded by myth and legend and what better way to do so than whilst experiencing this remarkable journey aboard the luxurious Golden Eagle.

The Itinerary

Day 1 London to Moscow, Russia.

Fly by scheduled flight. Upon arrival transfer to the five-star Four Seasons Hotel, located in the historic building of Moskva Hotel in the heart of Moscow. This evening enjoy a champagne drinks reception followed by a welcome dinner.

Day 2 Moscow. Today's tour of Russia's capital takes us to the Kremlin – the spiritual, historical and political heart of Moscow – and to see the treasures of the Tsars in the Armoury Chamber where we will enjoy an exclusive private viewing. Our exploration of the city continues with a visit to Red Square, the iconic symbol of Russia's former military and political might with its eclectic mix of fascinating architecture. Here we visit the ornate St Basil's Cathedral's magnificent onion-domed spires and marvel at the beautiful façade of the world-famous GUM department store which was constructed in Tsarist times. Lunch is served in Café Pushkin, a legendary Moscow restaurant with a décor that revives the atmosphere of an early 19th century mansion and serves traditional Russian cuisine. We will also take a tour of the opulent and unique stations of the Moscow metro - showpieces of Socialist art furnished with statues, frescoes and mosaics. If you have been to Moscow before, the Freedom of Choice programme allows for you to visit other sites such as the famous State Tretyakov Gallery (National Museum of Fine Art) or the Space Museum. In the late afternoon, we transfer to Moscow Kazansky Station where we board our private train, the Golden Eagle.

Day 3 Kazan. Situated on the River Volga, the picturesque and historic city of Kazan is the capital of Tatarstan. Here we see for ourselves its rich tapestry of history and

culture. One of the highlights of this city tour is our exploration of the Kremlin Fortress, a UNESCO World Heritage Site. Within the walls of this ancient citadel we will explore the stunning mosque and picture-perfect onion-domed cathedral. As Kazan is the birthplace of one of Russia's most famous opera singers, Feodor Chaliapin (1873-1938), we honour his memory with a private concert of his music. You will also have time to wander through the main pedestrian area of Kazan and immerse yourself in the atmosphere of the city.

Day 4 Yekaterinburg. Founded in 1723 by Peter the Great, Yekaterinburg is the capital of the Urals. Known as the Great Divide, the Ural Mountains create the natural border between Europe and Asia so that the cultural and architectural influences of European and Asian civilisations come together in this fascinating and cosmopolitan landscape. Our city tour takes us to the poignant site where the Romanov, Tsar Nicholas II of Russia, was executed with his family by the Bolsheviks in 1918 following 78 days of imprisonment. Now a church dedicated to their memory, this site provides us with a powerful insight into the turmoil of the Russian Revolution. We will also drive to the obelisk marking the geographical border where we can drink a glass of champagne with one foot in Europe and the other in Asia. Time permitting, the Freedom of Choice programme will feature a visit to the recently opened Museum of Military Machinery. The museum houses an amazing collection of different types of military hardware including tanks, aircraft, boats and even armoured trains. Alternatively, we will make a short stop at the Boris Yeltsin Presidential Centre, recently opened in Yekaterinburg, which is dedicated to the contemporary

political history of Russia and its first president.

Day 5 Novosibirsk. A modern 'Soviet' city, we experience the life and character of Novosibirsk's rich culture where the arts and science predominate. The city is located in the heart of Russia and is situated on both banks of the River Ob. Our city tour takes us to Lenin Square where the imposing Opera House is located. An architectural marvel, it houses two permanent ballet and opera companies and is one of the largest opera houses in the world. Time permitting, south of the city we will visit Novosibirsk's excellent Railway Museum. The museum displays locomotives and rolling stock from the late 1800s, including carriages of the Tsars, through to the Soviet era. Alternatively, as part of the Freedom of Choice programme, you may choose to visit the Mineralogical Centre with its fine display of Siberian minerals.

Day 6 On Board. Relax on board and enjoy the ever-changing landscape outside your window as it unfolds.

Day 7 Irkutsk. Our visit to Irkutsk, the 'Paris of Siberia', takes in the most significant sites and museums in this fascinating city, including an exploration of the classic wooden architecture with its intricately carved lace-like decorations that has given many of this region's buildings such a distinctive and unique appearance. We also visit the Volkonsky House Museum, which is dedicated to the memory of the aristocrats who were exiled to this remote outpost after the failed Decembrists uprising of 1825 and recreate the atmosphere of that time with a champagne reception and private concert. With the Freedom of Choice programme, you could learn to cook some traditional Russian dishes with a

local chef and prepare your own lunch or you may wish to visit a traditional Russian Dacha (summer house) to get an insight into the everyday life of an average Russian family.

Day 8 Lake Baikal. Few natural sights can surpass the beauty and grandeur of Lake Baikal, a major highlight on our Trans-Siberian journey. Lake Baikal is the deepest lake in the world and holds 20 per cent of the world's freshwater. Also known as the 'Pearl of Siberia', it is home to a unique breed of freshwater seal and over 50 species of fish including omul. For five hours we wind our way through tunnels along cliff-hugging tracks above the lake. With a vista of snow-capped peaks along the far shore forming a picture-perfect backdrop, we gain a full appreciation of the engineering achievement which produced this part of the railway in the early twentieth century. To add to the grandeur of the day, the Golden Eagle train will be hauled by a Soviet Era steam locomotive on this beautiful section of the line. Weather permitting, we will stop in an extremely picturesque location by the lake for photographic opportunities and, for the brave hearted, there is time for a refreshing swim in the crystal clear and ice-cold waters of Baikal. Travelling onwards to the end of the Baikal branch line, we leave the train and travel by boat on the lake to Listvyanka, a small Baikal settlement nestling at the base of the surrounding hills. Here we visit the Lake Baikal Museum and Aquarium where you can learn about the flora and fauna of the lake. We will enjoy a delicious barbecue prepared by the onboard chefs, including freshly smoked omul fish, in the delightful covered dining area on the shore of Lake Baikal. As part of the Freedom of Choice programme, you can choose to hike up Chersky Mount or to take the chairlift, which offers some spectacular and panoramic hillside views of the lake below.

Day 9 Ulan Ude. The ethnic and cultural diversity of Ulan Ude, the capital of the Buryat Republic, offers a unique insight into its heritage. As we tour the area you will notice the different faces of the welcoming Buryat people. During our exploration of the Old Believers' Village, we have the opportunity to learn about the culture and history of these religious people as we are treated to a concert featuring local traditions and folk singing.

Day 10 Ulaan Baatar, Mongolia. Our Trans-Siberian adventure takes us into Mongolia and a visit to its capital, Ulaan Baatar. Mongolia, once the very centre of an enormous empire led by Genghis Khan, is a country of beautiful landscapes and nomadic people, rich in culture and history. Mongolia is famous for its endless green Steppes, grazing livestock and white, nomadic Gers (Yurts) dotted across the countryside. We start our tour at Gandan Monastery, one of Mongolia's most important Buddhist Monasteries housing a community of over 500 monks. At Chinggis Square (formerly Sukhbaatar Square) we can see the central monument to Genghis Khan, undoubtedly the most feared and revered Mongol. We then drive out of the city to Gorkhi-Terelj National Park and enjoy the beautiful scenery of wild Mongolia, having the opportunity to visit a traditional Ger and meet a nomadic family or try our hand at horse-riding. Alternatively, there is an option to stay in the city as part of the Freedom of Choice touring. After Gandan Monastery and Chinggis Square, we visit the National Museum where we learn about the country's intriguing history. We will also see Bogd Khan Winter Palace Museum, the winter residences

of Bogd Khan, the last Mongolian emperor, built between 1893 and 1903. We can also explore the city and have some free time shopping for Mongolian souvenirs and their speciality cashmere. We will also enjoy a performance of traditional Mongolian throat singing and contortionists. *Please note that, depending on final timings provided by the railway authorities, we may substitute the railway journey from Russia into Ulaan Baatar with a private jet charter from Irkutsk or Ulan Ude. This information will be advised to you in your final documentation.*

Day 11 On Board. Enjoy a more leisurely pace today as we travel through the beautiful landscape of the Russian Far East. You may wish to attend one of the interesting lectures or Russian language lessons.

Day 12 On Board. Today is the perfect opportunity to practice your Russian or simply relax as our journey today follows the Shilka and Amur rivers, close to the Chinese border. Enjoy Russia at its most dramatic and remote, as the Golden Eagle journeys towards Vladivostok.

Day 13 On Board. Passing directly north of Seoul, Darwin and Osaka, we spend our last full day on board the Golden Eagle today as the most easterly point of this mammoth journey is reached passing through Khabarovsk, where we cross the River Amur. Tonight we enjoy our final dinner on board our private train that has been our home for the last twelve days as we approach our final destination on this unforgettable journey.

Day 14 Vladivostok, Russia. Vladivostok is a military port located on the western shores of the Sea of Japan and is home to the Russian Navy's Pacific Fleet. Due to its military importance, the city was

closed to foreigners between 1930 and 1992. Vladivostok (literally translated as 'Ruler of the East') offers visitors an interesting opportunity to explore its principal military attractions including a visit to a preserved World War II submarine. Our city tour will also take us to the iconic suspension bridge over Golden Horn Bay, one of the largest of its kind worldwide, which opened in 2012 for the APEC conference. Transfer to the five-star Lotte Hotel Vladivostok for an overnight

stay and enjoy a farewell dinner this evening.

Day 15 Vladivostok to Seoul, South Korea. After breakfast, transfer to the airport for the flight to Seoul. Upon arrival, transfer to the Grand Hyatt Incheon Hotel for an overnight stay. The remainder of the evening is at leisure.
