OCTOBER & NOVEMBER 2022

NOBLE CALEDONIA

MS HEBRIDEAN SKY

Friendly Service

Owner's Balcony Suite

The Restaurant

The MS Hebridean Sky is one of our two flag ships and sister vessel to the MS Island Sky. Both vessels were built in the same shipyard in Italy at similar times and share the same excellent attributes that make them two of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Hebridean Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a sitting area and some have private balconies. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and all suites have outside views with those on the Scott and Shackleton Decks featuring private balconies. Each suite affords considerable comfort with en-suite bathroom featuring vanity unit with sink and walk-in shower, large wardrobes, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, flat screen television and a telephone in each suite. Refillable water bottles, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer, assorted Molton Brown toiletries and individually controlled air-conditioning and heating. Soft hues and blended tones enhance the traditional maritime style making the passenger accommodation an inviting and relaxing place to be.

Your Dining

With only one sitting and a maximum of just over 100 passengers, the cuisine on board the MS Hebridean Sky is of a consistent superior quality that befits such a vessel. In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or, outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or out on the Lido Deck when the weather is favourable. Tea and coffee are also available 24 hours a day. Special diets can be catered for with sufficient notice.

The Club

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Byrd Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Mawson Deck which features the main bar. The Club also features a 24-hour tea and coffee station. Towards the aft of the ship on the Mawson Deck is the Library. Well stocked with reference books pertaining to the destinations the vessel is visiting and a selection of essential reads, you will not find yourself short of excellent literature on board. A collection of games as well as devices to access the internet via the ship's satellite can also be found in the Library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (signal strength varies depending on location and demand). The main Restaurant, which can seat all guests at one sitting, is located on the Amundsen Deck, and outside there is a rear Lido Deck located on the Scott Deck where meals are served in warm weather under shade. Further to this on the top Shackleton Deck there is an observation area, complete with sun loungers for sunbathing, relaxing with a book or catching up with fellow travellers. The Promenade Deck wraps around the whole ship providing outstanding views. There is also a small beauty salon on board with appointments made on request.

Your Comfort

The MS Hebridean Sky is equipped with the latest safety, navigation and communications equipment along with roll stabilisers to minimise the ship's motion. During your voyage we hope to offer you the opportunity to visit the Captain and Officers on the Bridge to check the vessel's progress by charts and learn more about your journey. On board you will also find a clinic and Doctor and a lift that serves all decks. When at anchor our nimble Zodiacs will ferry you ashore or, on select cruises, enjoy Zodiac cruises getting you closer to the natural world.

Your Life On Board

The atmosphere on board is warm and convivial and more akin to a private yacht or country hotel in which you can learn more about the wonderful destinations you are visiting in the company of like-minded people. There is a high ratio of crew to passengers and our friendly crew of 75 are mainly Filipino and Eastern European and our Captains are experienced mariners. After a day ashore you will return to the comfort and peace of a well-run and exceedingly comfortable ship where peace, high quality of service and attention to detail are the order of the day. A little music in the Lounge or bar after dinner, Guest Speakers and informative port briefings and of course good food, all contribute to make any voyage aboard this wonderful vessel a memorable and joyful experience.

Malta to Madeira

An island hopping voyage aboard the MS Hebridean Sky
18th to 31st October 2022

Late October in the UK is certainly a month to be thinking about travelling south and setting sail from Malta, we have designed this 13-night itinerary to include the islands of the Mediterranean combining time in Sicily, Sardinia, Menorca and Mallorca where, owing to the fact that our small ship can moor centrally, we have the advantage of being able to access the towns by foot in many ports of call. Continuing to mainland Spain, our explorations will include the naval port of Cartagena with its fine Roman remains and the historic city of Malaga before we call into Gibraltar. Sailing further south we spend an afternoon in Morocco where a highlight of our visit to the city of Casablanca will be the opulent Hassan II Mosque with its beautifully decorated interior. After a relaxing day at sea, our final two days will be spent in the Madeira Archipelago where we will explore the scenic wonders of Porto Santo and spend a day on the 'Garden Isle' of Madeira.

Sailing aboard the all-suite MS Hebridean Sky with just over 100 fellow travellers, we have the added benefit of excellent local guides and our knowledgeable Guest Speaker who will add much to your experience and knowledge of this fascinating region. Enjoy discovering timeless islands, historic cities and spectacular beauty as we travel a less well-trodden path from the Mediterranean to the Atlantic.

Guest Speaker – Professor Jeremy Black

Jeremy Black is Professor of History at the University of Exeter. After graduating with a starred First from Cambridge, he undertook research at Oxford and has subsequently been Professor of History at the universities of Durham and (since 1996) Exeter. Jeremy is a prolific lecturer and writer, the author of over 100 books. Many concern aspects of eighteenth century British, European and American political, diplomatic and military history. He has also broadened his perspective, both temporally and geographically, and published on the history of the press, cartography, warfare, culture and on the nature and uses of history itself. Jeremy's work adds up to the most sustained presentation of British history in recent decades. He is a major exponent of military, diplomatic and cartographic history and has been important in helping the British to look at their past, as well as in representing British history to foreign audiences. He received his MBE for services to stamp design.

The Itinerary

Day 1 London to Valletta, Malta. Fly by scheduled flight. On arrival transfer to the MS Hebridean Sky moored in Valletta and sail this evening.

Day 2 Licata for Piazza Armerina, Sicily. From the port of Licata we travel inland to what is regarded as the finest Roman site in Sicily, the Imperial Roman Villa of Casale, which is located close to Piazza Armerina amidst wooded rolling countryside. This huge villa was built in the 3rd century and has some stunning floor mosaics. Our return drive takes us through the province of Caltanissetta, recognised today as one of the best winemaking regions in Italy thanks above all to its production of high quality, prestigious red wines including Nero D'Avola. We will break our journey at one of these vineyards and enjoy a chance to sample some wine over a Sicilian lunch before returning to the ship and sailing this evening.

Day 3 Trapani. Trapani was the landing point for Peter of Aragon in 1282 to start the Spanish occupation of Sicily. This morning there is the option to travel inland

to explore Segesta, one of the grandest Doric monuments to survive. See the unfinished temple dating from 424 BC as well as the theatre from where you can enjoy excellent views of the countryside and distant coastline. Alternatively visit Erice, famed in antiquity for its temple dedicated to the goddess of love, the Phoenician Astarte, Greek Aphrodite or Roman Venus. A tour via cable car will take us to this stunning site high above the sea and to the beautifully preserved Medieval town characterised by its winding cobblestone streets and courtyards. Return to the ship and have some free time to explore before we sail in the late afternoon.

Day 4 Cagliari, Sardinia. Spend the morning exploring the Sardinian capital of Cagliari, an ancient city which dates back to the Phoenicians and Romans. On a walking tour we will stroll around the old town with its narrow streets running along a steep hillside. See the terraced Piazza del Palazzo and the 14th century Cathedral

Cathedral, Palma de Mallorca

Botanical Gardens, Funchal

of St Cecilia. Alternatively, drive along the southwestern coast to reach Nora which was founded by the Phoenicians but also has Carthaginian and Roman ruins. After a period of Roman prosperity, there was a decline and in the 3rd century AD the city was engulfed by the sea. Still visible today are the remains of a Carthaginian warehouse and various Roman buildings, including the baths with splendid mosaics and the theatre. Return to the ship for lunch and spend the afternoon at sea.

Day 5 Mahon, Menorca. In the late morning we arrive in Menorca, the most northerly of the Balearics and the least dedicated to tourism. The island offers pastoral countryside, historic towns and superb beaches. There will be some free time to explore the town from our central berth before an afternoon island drive which will include the mysterious rock mounds (talayots) and megalithic stone monuments which were erected some 4,000 years ago. We continue to aristocratic Ciudadella, the architectural showpiece of Menorca. Situated at the head of a long channel from the sea, the city has had its share

of disputes over sovereignty, and its character reflects the influence of Moorish, Turkish and Spanish rule. We will sail late this evening for anyone wishing to take a pre-dinner stroll or drink ashore.

Day 6 Palma, Mallorca. Mallorca, the largest of the Balearic Islands, has a rich history dating back to the Phoenicians when it was under control of Carthage, the principal North African city at that time, before flourishing under Roman rule. From our berth in Palma we will take the beautifully maintained vintage train that connects Palma with the pretty town of Soller on the island's west coast and enjoy splendid mountain views of the Serra de Tramuntana, a UNESCO World Heritage Site. Over the course of just seven kilometres the railway rises 199 metres, runs through 13 tunnels and crosses several bridges. We will enjoy some time to explore Soller before taking a scenic drive to the village of Valldemossa. With a population of around 2000, Valldemossa is a quiet and traditional town with narrow streets and lanes. We will enjoy a walk around the town followed by lunch at a local restaurant before returning to

Palma where we will have some time to explore at our own pace.

Day 7 Cartagena, Spain. After a morning at sea we arrive in Spain's main naval port of Cartagena. Enter the deep natural harbour through two fortified rocky headlands for a morning of exploration in a historic city that dates back to the Phoenicians. Hannibal used it as his capital city on the Iberian peninsula and named it after Carthage in North Africa whilst the Romans used it as a strategic port and administrative centre. The city walls remained intact until the 20th century, creating a dense historic centre. Take the lift or walk up to Concepcio Castle for amazing views of the city and harbour, view the Roman amphitheatre and the archaeological site of Molinete where work continues to uncover the Roman city. Later enjoy a stroll along the tree-lined harbour promenade as we return to the MS Hebridean Sky.

Day 8 Malaga. Our final call in Spain will explore the historic and reinvented city of Malaga. A morning tour will take us to the 14th century Castillo de Gibralfaro, built on a hill overlooking the city

and once considered the most impregnable fortress in Iberia. Continue to the Alcazabar, a citadel built by the Moors between 1057 and 1063 at the foot of the Gibralfaro Hill using materials from the nearby Roman Amphitheatre. Our tour ends at the Botanical Gardens, created in 1855 and home to more than 25,000 species of plants. The afternoon is free to explore at your own pace, the art lovers may wish to visit the house where Picasso was born as well as the museum dedicated to his work. See the impressive cathedral, the market or watch the world go by in the local park.

Day 9 Gibraltar. This morning we arrive in Gibraltar where we explore this strategic British outpost of the Mediterranean. After taking in the views from Europa Point, where the Atlantic meets the Mediterranean, we continue to the Great Siege Tunnels, a labyrinth of tunnels built to defend Gibraltar from Spanish and French attacks between 1779 and 1783 and revered as one of the finest defensive systems. Also see the Gibraltar Museum where we can learn more about the Great

Siege, the geological origins of the rock and also the areas natural history. The afternoon is free to explore at your own pace.

Day 10 Casablanca, Morocco.

Spend the morning at sea before arriving over lunch in Casablanca. We will visit the city's most important sights including the Notre Dame Cathedral and the Olive Market. The highlight of our tour, however, is a visit to the Hassan II Mosque, one of the largest religious monuments in the world. It took 3300 traditional Moroccan artisans to create the beautiful mosaics, marble floors and splendid wood ceilings. The mosque also has the world's tallest minaret, soaring 200 metres above the city.

Day 11 At Sea. Spend the day at sea as we cross to the Madeira islands.

Day 12 Porto Santo, Madeira.

Although one of the islands constituting the archipelago of Madeira, Porto Santo and Madeira could not be more different. Whilst lush green predominates Madeira, Porto Santo is arid and the southern coast is bordered by a nine kilometre long beach of golden sand. Our morning tour will introduce us to the island and will include some beautiful vistas,

a tasting of Porto Santo wine and a visit to the Christopher Columbus Museum, where he once lived. Return to the ship and spend the afternoon at leisure.

Day 13 Funchal. Spend the day on Madeira, also known as the Garden Isle as the combination of the rich soils and mild temperatures create a perfect growing environment. We will include a visit to Monte, a charming village high in the hills overlooking Funchal. We will reach Monte by cable car experiencing wonderful views along the way and visit the Monte Palace Tropical Gardens. This garden collection has been enriched with plants from all over the world and about 100,000 plant species have been planted. We also plan to visit the Botanical Gardens. Situated in the grounds of a former private house, the gardens are host to a profusion of plants and flowers, from all parts of the world, which thrive in the island's temperate climate. We will also learn about the production of Madeira wines at one of the island's lodges. We remain moored overnight.

Day 14 Funchal to London.

Disembark this morning and transfer to the airport for our scheduled flight to London.

Atlantic Archipelagos

An exploration of Madeira, the Canary Islands & Cape Verde aboard the MS Hebridean Sky
31st October to 11th November 2022

Whilst back home autumn may be setting in, the islands of the Atlantic still have many months of sunshine ahead and our voyage aboard the all-suite MS Hebridean Sky is the chance to fully appreciate their diverse and intriguing topography, lunar like landscapes, verdant pine forests and stunning national parks.

Our voyage will begin in the “floating garden in the Atlantic” of Madeira before we make our way to the Canary Islands where we have three days to explore. During our time here we will visit three of the lesser known islands: La Palma, La Gomera and El Hierro where we can enjoy nature at its very best. These volcanic islands impress with their unique flora and fauna and boast rugged, rocky landscapes, evergreen cloud forests, metre-high ferns and bizarre-looking dragon trees. After a relaxing two days at sea we then arrive in the remote and intriguing Cape Verde archipelago whose islands have been used by mariners as a staging post through the ages and there is no better way to explore their dramatic beauty and cultural vibrancy than by small ship. Each island is a little world of its own; some are arid and flat with extraordinary beaches and sand dunes whilst others by contrast are more mountainous and lush.

Every new day brings a different vista and our itinerary has been carefully designed so that we can fully explore the dramatic beauty and cultural vibrancy of these amazingly varied groups of islands, each one having a distinct culture and landscape. In the company of just 100 or so like-minded travel companions we will be able to make the most of the region and in our small groups we can explore the places otherwise inaccessible to the larger ships. Whether your interests lie in gardens, geology or walking, we are confident that you will find this cruise the perfect antidote to the cold and grey skies at home.

The Itinerary

Day 1 London to Funchal, Madeira. Fly by scheduled flight. On arrival transfer to the MS Hebridean Sky moored in Funchal where we moor overnight.

Day 2 Funchal. Spend the day on Madeira, also known as the Garden Isle as the combination of the rich soils and mild temperatures create a perfect growing environment. We will include a visit to Monte, a charming village high in the hills overlooking Funchal. We will reach Monte by cable car experiencing wonderful views along the way and visit the Monte Palace Tropical Gardens. This garden collection has been enriched with plants from all over the world and about 100,000 plant species have been planted. We also plan to visit the Botanical Gardens. Situated in the grounds of a former private house, the gardens are host to a profusion of plants and flowers, from all parts of the world, which thrive in the island's temperate climate. We will also learn about the production of Madeira wines

at one of the island's lodges.

Day 3 La Palma, Canary Islands. Spend the morning at sea before we arrive into the Canary Islands at La Palma, which is known by locals as the 'Beautiful Island', and it is easy to see why. It is a stunning, peaceful and most importantly an un-spoilt destination that has deservedly been declared a UNESCO biosphere reserve. This afternoon drive inland to the beautiful village of El Paso and visit the Silk Museum. This is the only place in Europe where the 500-year-old tradition and processes have been preserved. From here we will continue onto the Caldera de Taburiente, a massive eight kilometre wide depression which scientists agree was a majestically tall volcanic mountain that collapsed on itself. Explore on foot and whilst all may seem stoic and still, the forces of erosion are hard at work and some geologists estimate that it will finally disappear in just 5000 years. Alternatively, for those who would prefer a more energetic

El Hierro

Monte Palace Tropical Garden

La Palma

Salt Field, Sal

excursion there will be a guided trek on offer through the El Pilar area; see remains of volcanic eruptions, the magnificent views of the Valley of Aridane and the crater wall that surrounds the Taburiente National Park.

Day 4 El Hierro. Probably the least known of the Canary Islands, and once considered to be the end of the world, El Hierro is unique and utterly captivating. On our morning island tour it will be impossible not to be entranced by the island's slow pace and simple style; by its craggy coast, where waves hurl themselves against lava sculpted rock faces; by the pretty farmland and flower meadows of the interior; by the eerily beautiful juniper groves; and by the desolate volcanic Badlands that stretch out like moonscapes in the south. We will also have the opportunity to sample some of El Hierro's excellent wine and visit the lizard house where the island's unique giant lizards are bred; near extinction, they are protected by international law. Alternatively, opt for the La Llanía

hiking excursion which will take us through primeval forests, along ancient cisterns and mythical witches dance floors to El Hierro's top viewing point affording spectacular views of the western parts of the island. Return to the ship for lunch and the afternoon will be free to explore at leisure or relax on board.

Day 5 La Gomera. La Gomera is a paradise of natural beauty with lush valley and awe-inspiring cliffs dotted with charming, whitewashed villages and gives the impression of being lost in a time warp. On a full day tour we will explore the island including Garajonay National Park, home to the world's only surviving laurel forest and visit the villages of Hermigua, Agulo and Las Rosas before making our way to a local restaurant for lunch. Before returning to the ship experience a demonstration of Silbo Gomero, the island's unique whistling language, and visit the magnificent rock formations of Agando. Alternatively, you may wish to join a guided morning trek through the Garajonay National

Park commencing in the village of El Cedro which offers some interesting examples of Canary architecture. Return to the ship for lunch and the afternoon will be at leisure for individual exploration.

Day 6 Tenerife. This morning will be dedicated to gardens. We will start with a visit to the Jardín Botánico that was founded in 1788 by Charles III of Spain. The purpose of the gardens was to create an area where the plants, shrubs and flowers brought back from the New World could acclimatise to Spanish soil. Many of the plants are the original specimens brought back for the opening of the gardens including the centrepiece, an enormous South American fig tree. In contrast to the Botanical Gardens, we will then explore the Sitio Litre Garden which boasts a luscious orchid collection. After lunch on board we will drive inland, along the base of the mountain range through beautiful pine forests to the Parque Nacional del Teide. The area was declared a National

Park in 1954 and includes 14 species of plant found nowhere else in the world. Geologically the park is fascinating; of the many different types of volcanic formations examples of more than 80% can be found here. Alternatively there will be a full day tour to Mount Teide on offer for those feeling active who may wish to enjoy a challenging hike, accompanied by a local guide, through this spectacular landscape.

Days 7 & 8 At Sea. Spend two days relaxing at sea as we sail to the Cape Verde Islands. Maybe join one of the onboard lectures, enjoy a book in the library or find a spot on deck.

Day 9 Sal, Cape Verde. In the late morning we arrive in the Cape Verde archipelago at the island of Sal. Sal was relatively undeveloped until the mid-nineteenth century when the salt export business was established and this afternoon we will visit one of the original sites at Pedra de Lume. We will see the salt pans, learn of the salt

extraction process and even have the chance to float in the waters. Alternatively, shuttle buses will run to the town of Santa Maria where you can swim from the beaches or explore the local shops for Cape Verdean crafts.

Day 10 Porto Novo, Santo Antao. We have a full day on the most beautiful of the islands, Santo Antao. Driving up the old trading route we pass the volcanic crater 'Cova' with its agricultural plantations and enjoy panoramic views of the island before arriving in the tiny, picturesque mountain village of Fontainhas, on the northern side of the island. After lunch in the seaside village of Ponta do Sol, we will take the coastal road towards the greenest valley in the archipelago, the valley of Paul. Here we will enjoy a coffee break whilst learning about the production of sugarcane on the island. We will also discover 'Grogue', the national drink of the islands and have a taste of it at the oldest traditional Grogue distillery of the island. Drive back along the coast to the

southern side of the island and our waiting ship. This evening we sail the short distance to Mindelo where we moor overnight.

Day 11 Mindelo, Sao Vicente. Enjoy a full day in Mindelo, one of the most attractive of all the Cape Verde towns with its colonial buildings, cobbled streets, cafes and lively restaurants. Depart on a morning discovery tour of the lively markets and the secret corners of the harbour town. After a coffee break in a typical Cape Verdean bar, learn about the life of the local artists and their works by visiting the national museum of handicraft. The afternoon is free to further explore the vibrant town independently. This evening we will be entertained by local music and capoeira on board as we moor overnight.

Day 12 Mindelo to London. Disembark this morning and transfer to the airport for our scheduled indirect flight to London.
