WILD ATLANTIC ISLANDS

AN ISLAND HOPPING EXPEDITION THROUGH
THE HEBRIDEAN, SHETLAND & FAROE ISLANDS
ABOARD THE MS HEBRIDEAN SKY

10TH TO 22ND JUNE & 22ND JUNE TO 4TH JULY* 2022

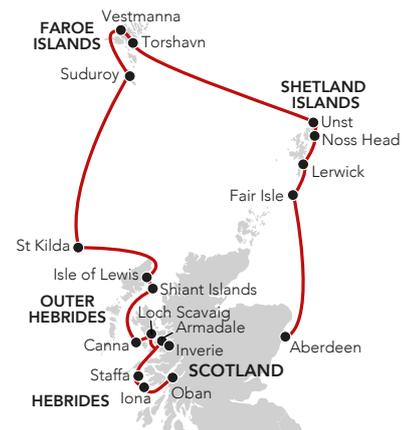

NOBLE CALEDONIA

This expedition cruise is one of our most popular and will appeal to those who prefer their islands deserted, but with abundant bird and wildlife. True, Noble Caledonia can bring you all over the world, visiting all manner of exotic and wonderful places yet it is also true that some of the finest scenery, fascinating history and most endearing people are found close to home and nowhere is this truer than the islands off Scotland's indented coastline which form stepping stones into the Atlantic. During this unique voyage, we will journey along rugged coastlines and visit once inhabited islands venturing far north to the Shetland Islands, Faroe Islands and the Hebrides. We will witness vibrant colours and amazingly prolific birdlife, explore deserted villages and learn of the history and ancient culture of unique island life.

We have been operating cruises around the tip of Scotland for many years and this really is an itinerary that conveys the multiple benefits of small ship cruising. With our fleet of Zodiacs we are able to make calls into some of the remote and uninhabited islands that surround the Scottish coast and cruise close to shorelines and cliffs crowded with birdlife. Few ships make the journey to these outer islands and we are grateful to therefore be able to explore these wonderful places aboard the all-suite MS Hebridean Sky in the company of just 100 or so fellow passengers. Although we will set sail with a schedule, this will not be set in stone as these are perfect waters for expedition cruising and our Captain and expedition team will keep a flexible approach allowing for the opportunity to fully experience the unexpected whether it be a sighting of dolphins, a whale or any unusual event

Approaching Vestmanna on MS Hebridean Sky

The Itinerary

Day 1 Aberdeen, Scotland.

Embark the MS Hebridean Sky this afternoon. Transfers will be provided from Aberdeen Airport and Railway Station at a fixed time. Sail this evening.

Day 2 Fair Isle, Shetland Islands.

In the early afternoon we anchor off the remote island of Fair Isle. Located midway between the Shetland and Orkney Islands, the tiny population of sixty or so islanders always extend us a warm welcome. Enjoy a walk across the

island, searching out the puffin slopes, visit the community hall for a cup of tea or maybe purchase some of the famous knitwear.

Day 3 Lerwick.

From the Shetland capital, we will visit the remarkable archaeological site of Jarlshof. The site was uncovered by a violent storm in the winter of 1896/7, revealing an extraordinary settlement embracing at least 5000 years of human history. The site contains a remarkable sequence of stone structures – late Neolithic

houses, a Bronze-Age village, an Iron-Age broch and wheelhouses, several Norse longhouse, a Medieval farmstead, and the 16th century laird's house. Return to the ship for lunch and enjoy a free afternoon to explore the historic port of Lerwick. Perhaps wander through its narrow stone lanes or maybe visit the excellent Shetland Museum, containing artefacts from shipwrecks and the whaling era. This evening we will be entertained by local musicians as we overnight in port.

Day 4 Noss Head & Unst. This morning we cruise by Noss Head, one of the most important seabird colonies in Scotland. Here the towering 180 metre sea cliffs will be full of nesting gannets, guillemots and fulmars and we may also see skuas in the skies above. We continue our exploration of Shetland on the northern island of Unst, Britain's most northerly inhabited island. At the Heritage Centre we will learn about the islanders' struggles over the centuries and the industries that have prospered whilst the Unst Boat Haven is dedicated to the history of the island's distinctive wooden boats which descend from Viking craft. We also visit Saxa Vord with views over Hermaness National Nature Reserve and Muckle Flugga stacks and home to thousands of gannets and puffins as well as rare Arctic-alpine plants.

Day 5 Torshavn, Faroe Islands. Enjoy a morning at sea as we sail to

the Faroe Islands. From our berth in Torshavn we will join a guided tour through Torshavn over the hills to Kirkjubour, the island's oldest cultural centre, where we see the ruins of the 13th century St Magnus Cathedral and the 11th century church, still in use. We also visit the 900-year old "Roykstovan", the old bishopric, considered to be the oldest wooden house in Europe. For those feeling active we will arrange a hike in the hills surrounding the town to discover the local flora and fauna. During dinner we position the short distance to Vestmanna where we overnight.

Day 6 Vestmanna. Vestmanna is our base as we explore the northwest corner of Streymoy and the nearby cliffs. Here we will board local boats to explore these vertical cliffs that climb almost 1500 feet, sailing into grottos carved by the surf over the years and watching the thousands of seabirds including puffins, guillemots, fulmars and kittiwakes that nest here each summer. After lunch on board, we will drive to the beautiful village of Saksun, an isolated settlement situated beneath steep majestic mountains. We visit Duvugaroar, an old farmhouse which is now a museum and visit a traditional Faroese wooden church in Kollafjord.

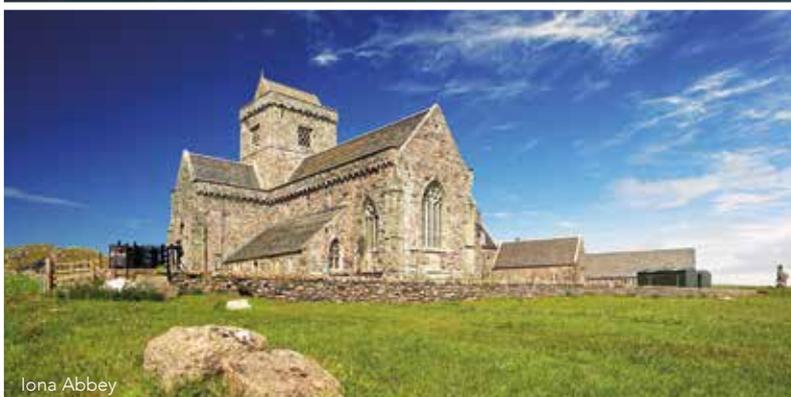

Day 7 Suduroy. Our final call in the Faroes is on Suduroy, the southernmost island of the group. From the port of Tvoroyri we have a choice of activities. Choose to

join an island drive passing the beautiful scenery as we travel between the villages seeing the stunning geology, fjords, tunnels and architecture of the island and end at the southernmost point and the Akraberg lighthouse. In Porkeri we will take the ridge-top road which winds up the mountainside for wonderful views towards the steep cliffs on the west coast, the Beinivoro promontory to the north and the luscious grass slopes to the east. To locals, this delivers the essence of the Faroe Islands with mountains and fjords, villages and valleys, birds, sheep and nature. Alternatively those feeling active may wish to join a hike to Hvaanhagi, a beautiful, uninhabited place north of Tvoroyri on the east coast of Suduroy. The view is fantastic towards the three islands Litla Dimun, Stora Dimun and Skuvoy. There are sheep and birds, a valley with a lake and beautiful high mountains. Spend the afternoon at sea as we return to Scotland.

Day 8 St Kilda, Outer Hebrides. Awake this morning in St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds

including puffin and fulmars, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of only a few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead a number of guided walks on the island. Later, cruise past two of the largest gannetries in the world at Stac Lee and Borerary. These impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannet.

Day 9 Isle of Lewis & Shiant Islands. On leaving the island capital of Stornoway, we will head across the island of Lewis to the beautiful west coast. Described as Scotland's Stonehenge, the Callanish Standing Stones date from around 3000 BC. There are a total of 32 stones in a circular and avenue design. The stones stand like a petrified forest on the flat top of a peninsula which reaches out into East Loch Roag. We also visit the Dun Carloway Pictish Broch, probably built sometime in the last century BC it would have served as an occasionally defensible residence for an extended family complete with accommodation for animals at ground floor level. Our final stop is the Gairrannan Blackhouse Village, a reconstructed settlement of traditional black houses which were made using dry stone masonry and have thatched

roofs, distinctively weighted down with rocks. Visit the small museum, enjoy a display of a typical crofting activity such as weaving and take in the views of this dramatic site on the wild Atlantic coast. Over lunch we sail the short distance to the Shiant Islands. Anyone who has read Adam Nicholson's captivating book 'Sea Room' will want to visit these lonely little islands located a few miles off the shores of Lewis. This is an excellent place to spot puffins, razorbills, guillemots, seals and hopefully white-tailed eagles.

Day 10 Canna & Loch Scaivaig. Strategically placed between the mountains of Rum and the Outer Hebrides, the island of Canna and its adjoining neighbour Sanday are bound together like some rare text that reveals over 60 million years of Hebridean geology and history. They have an amazingly rich archaeological landscape with remains dating to all periods of settled occupation in Scotland. Canna is run as a single farm and bird sanctuary by the National Trust for Scotland and enjoys the best harbour in the Small Isles, a horn-shaped haven. The fertile soil and its diversity of habitats mean that the island has an incredibly rich plant life with 248 native flowering plants recorded. We will see Canna House and wander across grassy basalt plateaus to the 600 foot cliffs on the north shore. Over lunch we sail into lovely Loch Scaivaig. Just beyond is the freshwater Loch Coruisk with its breathtakingly beautiful view over the Cuillins.

This is great walking country, but for those who prefer a less energetic afternoon our Zodiacs will explore the coast looking out for seals.

Day 11 Armadale & Inverie. From our anchorage at Armadale we will visit the Clan Donald Centre, a 20,000 acre Highland estate which includes the ruins of Armadale Castle and the Museum of the Isles which showcases 1500 years of history and culture of the area. We will also visit the restored historical gardens and the beautiful walking trails through the 40 acres of woodland which surround the castle and may see some of the resident wildlife including red deer. This afternoon we arrive at the Knoydart Peninsula and the village of Inverie which is the largest settlement in mainland Britain without a road connection. Our expedition team will lead walks in the surrounding forest with great views down to Loch Nevis. Alternatively choose to explore the town and visit the Old Forge which is listed as mainland Britain's most remote pub.

Day 12 Staffa & Iona, Hebrides. At first light we arrive at Staffa where the perpendicular rock face features an imposing series of black basalt columns, known as the Colonnade, which has been cut by the sea into cathedral-like caverns, most notably Fingal's Cave. Weather permitting, we will use our Zodiacs to explore closer.

Continue to Iona which has been occupied for thousands of years and has been a place of pilgrimage and Christian worship for several centuries. It was to this flat, Hebridean island that St Columba fled from Ireland in 563 and established a monastery. Here his followers were responsible for the conversion of much of pagan Scotland and Northern England. No less than 62 Scottish Kings are buried in the Abbey. Visit the Abbey or perhaps walk along the white sandy beaches or go in search of the corncrake amongst the irises.

Day 13 Oban. Disembark after breakfast. Transfers will be provided to Glasgow Central Railway Station and International Airport at a fixed time.

*Please note that the 22nd June departure operates in the reverse direction from Oban to Aberdeen. Full itinerary can be viewed online.
