# WONDERS OF CHILE, PATAGONIA & ANTARCTICA

EXPEDITION CRUISING ABOARD  
THE ALL-SUITE MS ISLAND SKY  
NOVEMBER & DECEMBER 2019

NOBLE CALEDONIA

# MS Island Sky

The much loved MS Island Sky is one of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Island Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Premium suite

Library

Lounge

**O**n board there is a high ratio of crew to passengers.

Our friendly crew of 75 are mainly Filipino and Eastern European and our European captains are experienced mariners, having been in service aboard large 2000 plus passenger vessels and who now prefer a less frantic life aboard a small ship. If, like them and us, you prefer a more peaceful life at sea, you will find the MS Island Sky the perfect ship. When choosing the vessel for your next voyage of discovery, you can select a ship with endless entertainment and impersonal service or come with us where peace, high quality service and attention to detail are the order of the day.

There will be no organised entertainment, fancy dress, deck games or any of the usual big ship experiences. The atmosphere on board is more akin to a private yacht or country hotel. A little

music in the lounge or bar after dinner, informative port briefings and presentations from our expedition team and of course good food which may be enjoyed leisurely in the attractive dining room, all contribute to making any voyage aboard the MS Island Sky a memorable experience. After a day ashore you will return to the comfort and peace of a well run and exceedingly comfortable ship.

## Your Space

The spacious and finely decorated public rooms include a large lounge where daily briefings and talks will be provided throughout the voyage and an elegant bar where a pianist plays periodically throughout the day. The onboard library is the perfect place to relax with a book. Daily newspapers and magazines are placed in the library depending on local availability. Outside there is a rear sun deck, a bar and comfortable deck furniture

Owners balcony suite

Restaurant

Dining on deck

for sun bathing or relaxing with a book. On the top deck there is a further observation and sun deck.

**Your Dining**

Another benefit of a small ship is the quality of the cuisine. With only one sitting and a maximum of just over 100 passengers, the galley is able to provide delicious meals. Where possible and when it meets his high standards, the chef will obtain local produce in markets or buy the catch of the day from a passing fishing boat. In the main elegant dining room, breakfast is served buffet-style, with certain items cooked to order and lunch and dinner is à la carte. When weather permits, breakfast and a buffet-style lunch are also served on deck. To enhance your dining experience even further a selection of wines are included with lunch and dinner. Afternoon tea is served in the lounge and tea and coffee are available 24 hours.

**Your Suite**

Onboard there are 59 exceptionally spacious and well designed suites. All feature a sitting room area and some have private balconies, whilst those on the Marco Polo Deck feature tinted, sliding glass doors allowing greatly enhanced viewing

opportunities from your suite and quick access to the deck when a pod of whales or dolphins is spotted. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. Each suite affords considerable comfort with en-suite bathroom featuring marble-topped vanity unit with sink and walk-in shower, a large wardrobe, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, flat screen television with inbuilt DVD/CD player and a telephone in each suite. Bottled water, Molton Brown toiletries, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer and air-conditioning and heating.

The impressive Island Suite located on the Explorer Deck features an extra large balcony stretching the length of the suite. Additional features of this marvellous suite include complimentary internet usage, complimentary minibar stocked with your preference of beverages and complimentary laundry.

# The Chilean Fjords & Patagonia

An exploration of the Land of Fire & Ice from Valparaiso to Ushuaia  
16<sup>th</sup> November to 3<sup>rd</sup> December 2019

Those who have a passion for the wilder places on our planet usually have Patagonia on their must do list. Shaped by fire and ice, this rugged, yet hauntingly beautiful land of windswept pampas, hanging glaciers and cloud piercing peaks, remains today as enticing and fascinating as it did to Magellan, Drake and more latterly Darwin.

Chile is made for cruising. Its shape and geographic location is just perfect; thousands of miles of coastline that you can of course explore aboard one of the many huge cruise vessels calling at the major cities of South America, or alternatively join us aboard the MS Island Sky and enjoy the wonders of this magical country, some of which only small ships have access to. With our fleet of onboard Zodiacs we will be able to explore deep into the fjord system away from the larger cruise vessels which may be in the region.

Wildlife abounds here and the skies are filled with the cries of seabirds. Albatross' and petrels wheel overhead and sea lions bark from their rocky outcrops. Helping us understand all the wonders we shall encounter will be our experts and expedition staff who will accompany us ashore and our highly adaptable Zodiac craft will allow us to enter tiny inlets and explore fjords and stretches of magnificent coastline.

## What To Expect...

Flexibility is the key to an expedition cruise; sometimes the whole day's schedule may be changed to maximise your experience. Each day holds something new and the below extracts from past expedition logs will provide you with an idea of what to expect during your voyage.

**Saturday, 14th January - Garibaldi and other fjords:** MS Island Sky pulled away from the pier at Puerto Williams and navigated westwards along the Beagle Channel. At around 1000h we arrived at a section of the channel where glaciers coming down from the Cordillera Darwin are clearly visible. John gave a commentary from the bridge as we passed each one. The glaciers were spectacular. The ship continued cruising until we reached a position near the Garibaldi Glacier, where we anchored. After lunch, we went out exploring by Zodiac. Of course the main attraction was the glacial front, which from time to time calved spectacularly. However, the fauna put on a good show too. We got good views of a large colony of sea lions, who were accompanied by adult and juvenile condors and by white-throated caracaras and turkey vultures. In a different spot, where there were overhanging cliffs, we got good views of king cormorants with fledglings. The most attractive flowers were Prickly Heath and the bush-like daisy called Fashine, whilst the most common tree was Lenga (*Nothofagus pumilio*).

**Monday 16th January - Kirke Narrows, Puerto Natales and Torres del Paine National Park.** The first spectacle of the day was when MS Island Sky passed through the Kirke Narrows. Later we arrived in front of Puerto Natales with a cloudless blue sedimentary layer. Bright lenticular

clouds hovering high above the summits added to the spectacle. On our return journey to the MS Island Sky we saw plenty of wildlife. Guanacos were the most numerous mammals observed. We also saw foxes and a hare. Large ostrich-like birds (Darwin's Rhea) attracted our attention, as did the Black-chested Buzzard-Eagle and others.

**Thursday, 19th January - Cruising the Chilean Fjords:** At 1030h, the sun was shining brightly, the water was crystal clear and we spent about an hour and a half exploring the islands and rocks and their varied flora and fauna by Zodiac. The nearest island was called Isla Lilian and the nearest rock, which had cormorants and dolphin gulls on it, was called Roca Gloria. It was interesting to see that the floral composition of the forests on the banks had changed. A ringed kingfisher remained perched on a branch long enough for most Zodiacs in the area to get good views and photos. sky and no wind. We boarded coaches and headed north through pre-cordillera prairies and shrub land to visit the Torres del Paine National Park. We entered the park to visit the lake formed by Grey Glacier. The beautiful lake was full of spectacular icebergs and surrounded by mature Lenga forest. Everywhere we went in the park, the view was dominated by the impressive jagged skyline of the peaks of the "Torres del Paine". Surprisingly, most of the peaks are less than 3000m high, but they appear huge since they are awesomely steep and rise from near sea level.

Sea Lions

Volcano Osorno

Petrohue River

Andean Condor

Valparaiso

## The Itinerary

**Day 1 London to Santiago, Chile.**  
Fly by scheduled flight.

**Day 2 Santiago.** Arrive this morning and transfer to our hotel for an overnight stay. This afternoon and evening is free for independent exploration.

**Day 3 Santiago to Valparaiso.** After breakfast in the hotel we will drive out to the Casablanca Valley which is now one of the country's premier wine areas and learn about the cultivation of grapes and visit one of the vineyards for a tasting and lunch. Afterwards we continue to Valparaiso and following an orientation tour including Fisherman's Wharf, the Plaza Soto Mayor and the Naval Academy head to the MS Island Sky for embarkation. Enjoy Welcome Drinks and Dinner as we sail this evening.

**Day 4 At Sea.** Enjoy a day at sea as we start our journey south.

**Day 5 Valdivia.** From the port of Niebla, this morning's tour takes us to the colonial city of Valdivia, one of the oldest European settlements in Chile. An excursion will include time at the Canelos Tower, built in 1774 and which the time of its construction was one of only two land entrances to the city, equipped with a wide portcullis and drawbridge. We will see the San Francisco Church before

spending some time exploring the historical and anthropological museum and the bustling Mercado Fluvial. Return to the ship for lunch and an afternoon at sea.

**Day 6 Puerto Montt.** Over breakfast we land at picturesque Puerto Montt, a resort town in the Lake District. Settled by German colonists in the mid-19th century, much of its early Middle-European styled architecture remains, rendering a slightly bizarre feel in such an obviously un-European setting. Leaving the ship we will head to the Vicente Perez Rosales National Park which is the oldest in Chile and contains three commanding volcanoes in Osorno, Calbuco and Puntiazgudo. We will see the emerald Todos los Santos Lake at the foot of Mount Osorno as well as the mighty Petrohue River and the rapids that crash through lava channels creating a series of magnificent waterfalls. We will return to the ship via Puerto Varas, situated in a stunning location on Lago Llanquihue with a backdrop of the iconic Osorno volcano.

**Day 7 Chiloe Island.** Chile's second largest island, Chiloe Island was one of the first Spanish strongholds in the Pacific Southern South America. Once the island had been conquered, it was hard for indigenous uprisings

to reconquer and as a result it became a major link in the Spanish trade route around Cape Horn. The island was also visited by Darwin aboard the HMS Beagle in 1831. Our visit ashore on this mainly forested island will include Castro, one of the oldest towns in the Americas, known for its unique wooden architecture, churches and stilted houses. Join an island drive which will include the wooden cathedral of St Francis and the historic old quarter.

**Days 8 to 14 Chilean Fjords, Punta Arenas & Torres del Paine National Park.** During the next seven days we will enjoy some of the most stunning scenery imaginable. This vast area of mountains, glaciers, islands, lakes and waterfalls is untouched by man except for a few fishing villages which perch at 'the end of the world'. We will make good use of our time exploring the beautiful protected waters, enjoying the renowned fjords of southern Chile which rival those of southeast Alaska in their raw beauty and prolific wildlife. We hope for calm weather when crystal clear reflections of vertical walls and hanging glaciers are broken only by the ripples of seabirds or maybe a passing dolphin. See how quickly you run out of suitable adjectives to describe all you are witnessing. Our route will be managed by our experienced

Captain and Expedition Leader alongside the local pilots. As well as stunning scenic cruising, the area is ideal for Zodiac forays. As we continue our journey we hope to navigate the Kirke Narrows, a remarkable channel leading between lush, forested shores, so narrow it can only be sailed at low tide. Dropping anchor at Puerto Natales, we enjoy a full day in South America's largest national park, the Torres del Paine. This is one of the most spectacular places on earth, a vast uninhabited wilderness of glacier-draped mountains, windswept pampas, turquoise glacial lakes and verdant valleys. Look out for herds of guanacos (a smaller version of the llama), rheas, Patagonian hares, foxes and rich birdlife and see the stunning rock formations of the Horns of Paine. We also hope to operate Zodiac excursions ashore in some of the remote fjords we pass on our journey. At the southern town of Punta Arenas visit one of the penguin colonies to see the large groups of Magellan penguins that return each year to mate on this coast.

**Day 15 Cape Horn.** We will make our way around Cape Horn, one of the best known maritime landmarks in the world. Magellan was the first European visitor here in 1530 and prior to the opening of the Panama Canal it was an

Flamingos

Chloe Islands

Chilean Fjords

important staging post. Weather permitting we hope to use our Zodiacs to land and enjoy a walk to the monument. This afternoon we sail into the Beagle Channel. Here the mountains, still partly unmapped, drop as sheer, densely wooded cliffs into the channel and penguins, dolphins and South American sea lions abound in the channel. We will arrive in Ushuaia late this evening.

**Day 16 Ushuaia to Buenos Aires.** Disembark this morning and transfer to the airport for our scheduled flight to Buenos Aires. This afternoon enjoy an orientation tour of the city including the Plaza de Mayo, the Cathedral and the Cabildo (Old

City Hall) before we continue towards the most traditional neighbourhood of Buenos Aires, San Telmo which is characterised by its old colonial houses and the cobblestoned streets. End the tour in La Boca to look around the colourful zinc houses which used to be the refuge and home for the first immigrants and popular artists.

**Day 17 Buenos Aires to London.** After breakfast in the hotel we will check out and transfer to the airport for our scheduled flight to London. Alternatively, join the optional extension to Iguazu Falls.

**Day 18 London.** Arrive this morning.

## PRICES PER PERSON

Based on double occupancy

LAUNCH OFFER – SAVE £300 PER PERSON FOR A LIMITED TIME ONLY			
Deck	Suite Category	Brochure Price	Launch Offer Price

**Not Included:** Travel insurance, visas.

### Wonders of the Chilean Fjords, Patagonia & Antarctica 16<sup>th</sup> November to 21<sup>st</sup> December 2019

If you would like to combine this expedition with one to Antarctica, the Falkland Islands and South Georgia which is shown on the following pages, please refer to page 11 for the prices. Please note that there are only a very limited number of places available for the combined expedition.

## Post-Cruise Extension

## Post-Cruise Iguazu Falls Extension

2<sup>nd</sup> to 6<sup>th</sup> December 2019

After our expedition, we are offering the opportunity to visit the Iguazu Falls, often considered the most dramatic waterfalls in the world.

## The Itinerary

**Day 1 Buenos Aires to Iguazu Falls.** After breakfast in the hotel transfer to the airport for our scheduled flight to Iguazu Falls. On arrival check in to our hotel, the Loi Suites (or similar) for our two night stay and this afternoon enjoy a guided tour of the Brazilian side of the falls.

**Day 2 Iguazu Falls.** Enjoy a full day at the Iguazu Falls on a series of guided walks seeing the upper and lower circuits and also the Triple frontier the meeting point of Argentina, Brazil and Paraguay.

**Day 3 Iguazu Falls to Buenos Aires.** Return to the airport this morning and join our scheduled flight to Buenos Aires. On arrival transfer to our hotel for an overnight stay.

**Day 4 Buenos Aires to London.** After breakfast in the hotel transfer to the airport for our scheduled flight to London.

**Day 5 London.** Arrive this morning.

## PRICES PER PERSON

Based on double occupancy

Twin: £1595 Single: £2195

**Not Included:** Travel insurance, visas.

# Antarctica, South Georgia & the Falklands

An expedition to the Great White Continent  
29<sup>th</sup> November to 21<sup>st</sup> December 2019

In today's highly accessible world there are few places that still hold the power to enthrall and enchant. Antarctica is certainly one of these. No amount of travel books or films can prepare you for Antarctica. It is somewhere that has to be seen to be believed. Enormous icebergs rise from the sea, hillsides are covered with thousands of penguins and seals bask on icebergs dotted in the ocean; the sights, sounds and emotions will stay with you forever.

Antarctica is to be experienced, not just to be seen, and we believe the only way to do this is on board a small ship in order to maximise the time spent ashore. To enjoy the wonders of this icy paradise in the company of an expert expedition team and a small and enthusiastic party is the perfect way to achieve the most from a visit to this extraordinary place. We have timed our expedition for what is regarded as spring as the pack ice begins to melt. This is the mating season for penguins and other species and you can witness their spectacular displays of courtship ritual, nest building and such antics as stone stealing. This is also the time when fur seals claim their breeding territories.

Our expedition starts in Ushuaia from where we will be followed by albatrosses as we sail to the Falkland Islands for our exploration of these isolated islands thriving with wildlife and a fascinating history. We continue to South Georgia where we have ample time to explore what is one of the world's natural wonders with a remarkable concentration of wildlife. We will land on remote beaches, alive with great numbers of fur seals, elephant seals, wandering and sooty albatrosses, Macaroni and King penguins. These beach paradises are backed by some of the most breathtaking mountain scenery in the world. Finally we sail for the peninsula where enormous tabular icebergs rise from the sea, hillsides are covered with thousands of penguins and seals bask on icebergs. Whilst at sea or in between our landings you can pass the time looking for wildlife on deck, attending the series of lectures by the expedition team or simply relaxing on board.

King penguins, Falklands

## The Itinerary

*Please note that flexibility is key to a successful expedition in Antarctica. Although we have outlined an itinerary below, this is only a preliminary plan, our exact route will depend on ice, weather conditions and the wildlife we encounter.*

**Day 1 London to Buenos Aires, Argentina.** Fly by scheduled flight.

**Day 2 Buenos Aires.** Arrive this morning and transfer to our centrally located hotel for an overnight stay. This afternoon is free to relax in the hotel or maybe join an orientation tour of the city including the Plaza de Mayo, the Cathedral and the Cabildo (Old City Hall) before

we continue towards the most traditional neighbourhood of Buenos Aires, San Telmo which is characterised by its old colonial houses and the cobblestoned streets. End the tour in La Boca to look around the colourful zinc houses which used to be the refuge and home for the first immigrants and popular artists. The evening is free for independent exploration.

**Day 3 Buenos Aires to Ushuaia.** After breakfast in the hotel we will transfer to the airport for our scheduled flight to Ushuaia. On arrival transfer to the MS Island Sky and start our adventure this evening as we cruise down the Beagle Channel.

**Day 4 At sea.** Among the wildlife spotting opportunities as we sail south are albatrosses, prions and petrels that frequently follow the ship. Our expedition team will be out on deck looking for whales and dolphins that may also be seen in the area. During our day at sea our onboard experts will begin their presentations with informative and entertaining talks on the wildlife, history and geology of the Falkland Islands and Southern Ocean.

**Days 5 to 6 Falkland Islands.** The Falkland Islands are isolated and windswept, a haven for wildlife. We hope to land on New Island, the westernmost island with one inhabitant and 40 species of breeding sea birds including rock hopper penguins. Weather and wind conditions allowing, we may also land on Steeple Jason, the north western outpost with the world's largest colony of black browed albatross. We will make sure to visit some of the many historic sites on the island and to call at Port Stanley, the charming capital of the Falklands.

**Days 7 & 8 The Southern Ocean.** As we cruise towards South Georgia the richness of these waters will be evident in the marine mammal life, especially the fur seals on fishing forays. We have a good chance of spotting whales such as fins and minkies whilst the birds circling our stern will be outstanding, especially the large albatrosses and numerous breeds of petrels.

**Days 9 to 11 South Georgia.** We have two and a half days of expedition cruising in and around South Georgia, a paradise island with snow-clad mountain peaks rising 9000 feet and with 165 glaciers tumbling down towards the sea. We arrive early in the season when parts of the island are still covered by a thin layer of snow. For anyone interested in wildlife, South Georgia is a true oasis. The beaches will be covered by elephant seal bulls and females with feeding pups. They share the beach with a myriad of nesting King penguins. Most of the other sea birds have arrived and started nesting. This is also the time when the great arrival of the fur seals starts. Millions of fur seals will, over a few weeks, return to the beaches to breed. During our time here we hope to visit Salisbury Plain where we will find enormous elephant seals which crowd the beaches alongside thousands of pairs of King penguins. On Prion

Island we visit the nesting place of the world's largest flying seabird, the wandering albatross and in Fortuna Bay we will see nesting light mantled sooty albatrosses and hope to witness their gracious courting flights. A few thousand King penguins nest here. Meanwhile in Grytviken we will visit the old whaling station and of course pay our respect at the grave of 'the boss' – Ernest Shackleton.

**Days 12 & 13 At sea.** The waters between South Georgia and the Antarctic Peninsula are rich with fin whales, where in good conditions we have seen as many as a hundred in a day. If not whale-watching, lookout for Antarctic Petrel, Kerguelen Petrel and one of the most beautiful birds of the Southern Ocean, the snow petrel. The icebergs will also become more plentiful as we sail south. Alternatively join the lecture programme as we learn more about the wildlife and history of the region.

**Days 14 to 18 Antarctic Peninsula and South Shetland Islands.** We have five days of exploration around the Peninsula which will include many of the best places for wildlife and magnificent scenery. Whilst we arrive with a planned itinerary the final schedule will be determined by our Captain and the Expedition Leader based on sea, weather and ice conditions. Using our Zodiacs we will make daily landings for unique close encounters with animals such as adelie and gentoo penguins, fur seals and petrels. We hope to visit the collapsed volcanic cone of Deception Island for a chance to visit Whalers Bay, Petermann Island, home to numbers of Adelie penguins, picturesque Neko Harbour, the Lemaire Channel where towering icebergs rise from the sea and Half Moon Island with its rookery of chinstrap penguins. We also hope to sail through the breathtaking Antarctic Sound, also known as 'iceberg alley', where massive icebergs drift north from the continent.

**Days 19 & 20 The Drake Passage.** Two days to relax onboard and reminisce with your fellow travellers about all you have seen and experienced during our expedition. Enjoy a lecture, look for wildlife or simply relax as we make our way across the Drakes Passage toward Ushuaia. Named after the 16th century English seaman, Sir Francis Drake,

Iceberg, Antarctica

Humpback whale

South Georgia

West Point Island, Falklands

King Penguin Colony, South Georgia

Exploring by Zodiac

Albatross, South Georgia

the Drake Passage separates the southernmost tip of South America from Antarctica. This is a particularly good area to spot royal albatross and blue petrel and we will also be on the lookout for pods of sperm whales.

**Day 21 Ushuaia to Buenos Aires.**

Disembark after breakfast and transfer to the airport for our scheduled flight to Buenos

Aires. On arrival transfer to our hotel for an overnight stay. The evening is free for independent arrangements.

**Day 22 Buenos Aires to London.**

After breakfast in the hotel we will transfer to the airport for our scheduled flight to London.

**Day 23 London.** Arrive this morning.

**PRICES PER PERSON**

Based on double occupancy

**Pre-Cruise Extension**

**Pre-Cruise Iguazu Falls Extension**

26<sup>th</sup> to 30<sup>th</sup> November 2019

Before joining our group in Buenos Aires, we are offering the opportunity to visit the Iguazu Falls, often considered the most dramatic waterfalls in the world.

**The Itinerary**

**Day 1 London to Buenos Aires.** Fly by scheduled flight.

**Day 2 Buenos Aires.** Arrive this morning and transfer to our hotel for an overnight stay. Remainder of day at leisure.

**Day 3 Buenos Aires to Iguazu Falls.** After breakfast in the hotel transfer to the airport for our scheduled flight to Iguazu Falls. On arrival check in to the hotel and this afternoon enjoy a guided tour of the falls. Today we will explore the Brazilian side of the falls walking through the tropical rainforest.

**Day 4 Iguazu Falls.** Enjoy a full day at the Iguazu Falls on a series of guided walks seeing the upper and lower circuits and also the triple frontier the meeting point of Argentina, Brazil and Paraguay. Highlights today include the 80 metre fall "Garganta del Diablo" (Devil's Throat).

**Day 5 Iguazu Falls to Buenos Aires.** Return to the airport this morning and join our scheduled flight to Buenos Aires. On arrival transfer to the hotel and join our fellow travellers (follow main itinerary from day 2).

**PRICES PER PERSON**

Based on double occupancy

Twin: **£1595** Single: **£2195**
